Children Also Grieve Linda Goldman 2006-01-16 *Children Also Grieve* is an imaginative resource, fully illustrated with color photographs, that offers support and reassurance to children coming to terms with the loss of a close friend or relative and to adults who are supporting them through their bereavement. The first part of the book is designed to be read and worked through by children. The story tells of the experiences of Henry, the dog of a family whose grandfather has died. During

Henry's progress through the different stages of bereavement, he learns strategies for coping with his grief. At various stages of the story, Goldman provides readers with the opportunity to share their own reactions to loss through words and pictures, using specific prompt questions that encourage the exploration of different facets of grief. The second part includes a list of useful vocabulary to help children express their feelings about bereavement, a bibliography of other useful resources for both children and adults, and a section that will help adults to understand and aid children throughout the grief process. This last section also explains the approach taken in the story, details typical responses to bereavement, and discusses useful ways in which adults can discuss and share grief with children. This book is an invaluable tool for bereaved children and those who care for them.

Passionate Intensity Linda Stitt 2020 "Divided into four parts, like the seasons, *Passionate Intensity* is infused with Buddhist teachings and spirituality, bringing them together with personal testimony, which is always witty and often humorous, regarding the author's aging, love of nature, friendships, mourning, and her compassionate, sometimes indignant, social concerns. The general progression, ending in the summer season, is from melancholy and unease toward acceptance and serenity."--

Been So Long Jorma Kaukonen 2018-08-28 "A modern parable." —from the foreword by Grace Slick "Jorma Kaukonen is a force in American music, equally adept at fingerpicked acoustic folk and blues as he is at wailing on an electric." - Acoustic Guitar "Jorma Kaukonen lit a fuse and transformed his electric guitar into a firework." - Live For Live Music Includes a CD of live music as a companion to the book! From the man who made a name for himself as a founding member and lead guitarist of Jefferson Airplane comes a memoir that offers a rare glimpse into the heart and soul of a musical genius—and a vivid journey through the psychedelic era in America. "Music is the reward for being alive," writes Jorma Kaukonen in this candid and emotional account of his life and work. "It stirs memory in a singular way that is unmatched." In a career that has already spanned a half century—one that has earned him induction into the Rock & Roll Hall of Fame and a Grammy Lifetime Achievement Award, among other honors—Jorma is best known for his legendary bands Jefferson Airplane and the still-touring Hot Tuna. But before he won worldwide recognition he was just a young man with a passion and a dream. *Been So Long* is the story of how Jorma found his place in the world of music and beyond. The grandson of Finnish and Russian-Jewish immigrants whose formative years were spent abroad with his American-born diplomat father, Jorma channeled

his life experiences—from his coming-of-age in Pakistan and the Philippines to his early gigs with Jack Casady in D.C. to his jam sessions in San Francisco with Jerry Garcia, Janis Joplin, Bob Dylan, and other contemporaries—into his art in unique and revelatory ways. *Been So Long* charts not only Jorma's association with the bands that made him famous but goes into never-before-told details about his addiction and recovery, his troubled first marriage and still-thriving second, and more. Interspersed with diary entries, personal correspondence, and song lyrics, this memoir is as unforgettable and inspiring as Jorma's music itself.

Sound States Adalaide Morris 2018-06-15 By investigating the relationship between acoustical technologies and twentieth-century experimental poetics, this collection, with an accompanying compact disc, aims to 'turn up the volume' on printed works and rethink the way we read, hear, and talk about literary texts composed after telephones, phonographs, radios, loudspeakers, microphones, and tape recorders became facts of everyday life. The collection's twelve essays focus on earplay in texts by James Joyce, Ezra Pound, H.D., Samuel Beckett, William Burroughs, Amiri Baraka, Bob Kaufman, Robert Duncan, and Kamau Brathwaite and in performances by John Cage, Caribbean DJ-poets, and Cecil Taylor. From the early twentieth-century soundscapes of Futurist and Dadaist 'sonosphers' to Henri Chopin's electroacoustical audio-poemes, the authors argue, these states of sound make bold but wavering statements--statements held only partially in check by meaning. The contributors are Loretta Collins, James A. Connor, Michael Davidson, N. Katherine Hayles, Nathaniel Mackey, Steve McCaffery, Alec McHoul, Toby Miller, Adalaide Morris, Fred Moten, Marjorie Perloff, Jed Rasula, and Garrett Stewart.

Above the River James Arlington Wright 1992 James Wright is one of the most significant, most

enduring figures in modern American poetry, the central figure of a greatly talented generation. Whether he was writing about his native Ohio, the natural world, love lost and found, or the luminous resonant Italy of his later work, Wright's mastery of language and his powerful, haunting voice marked him out as one of the finest writers of his time, a poet whose work caught the spirit of America's anxious yet hopeful post-war years. James Wright was born in Martins Ferry, Ohio, in 1927. His *Collected Poems* won the 1972 Pulitzer Prize for poetry. He died in 1980.

Billie Holiday John Szwed 2015-03-26 Today, Billie Holiday is an icon - an artist whose voice has weathered countless shifts in public taste, and whose impact on contemporary music is unquestionable. But when eighteen-year-old Billie Holiday stepped into Columbia studios in November of 1933 to record 'Riffin' the Scotch' and 'Your Mother's Son-in-Law', no one could predict the sensation that was about to emerge; marking the beginning of what is arguably the most remarkable and important career in twentieth-century popular music. Drawing on revelatory new material, including unpublished memoirs and interviews, Billie Holiday is the first account to consider the singer as an artist, her influences, her uncanny voice and rhythmic genius, a number of her signature songs, and her legacy.

Times Remembered Joe La Barbera 2021-10-15 In the late 1970s legendary pianist Bill Evans was at the peak of his career. He revolutionized the jazz trio (bass, piano, drums) by giving each part equal emphasis in what jazz historian Ted Gioia called a “telepathic level” of interplay. It was an ideal opportunity for a sideman, and after auditioning in 1978, Joe La Barbera was ecstatic when he was offered the drum chair, completing the trio with Evans and bassist Marc Johnson. In *Times Remembered*, La Barbera and co-author Charles Levin provide an intimate fly-on-the-wall peek into Evans’s life, critical recording sessions, and behind-the-scenes anecdotes of life on the road. Joe regales the trio’s magical connection, a group that quickly gelled to play music on the deepest and purest level imaginable. He also watches his dream gig disappear, a casualty of Evans’s historical drug abuse when the pianist dies in a New York hospital emergency room in 1980. But La Barbera tells this story with love and respect, free of judgment, showing Evans’s humanity and uncanny ability to transcend physical weakness and deliver first-rate performances at nearly every show.

The Dream Songs John Berryman 2014-10-21 *The Dream Songs* is widely seen as Berryman's masterpiece, an impressively vast and varied collection of poems that is in itself a single, sprawling, ever-shifting poem. The songs in this great work are thus offered in many different tones, moods, and guises, although their form, Berryman's idiosyncratic reworking of the sonnet, remains more or less constant. Combining all of Berryman's earlier 77 *Dream Songs* (which won the 1965 Pulitzer Prize) and *His Toy, His Dream, His Rest* (which won the 1969 National Book Award), this one-volume edition contains no fewer than 385 entries in what the critic Denis Donoghue has called Berryman's "dream diary." The book also has an index of first lines, an index of titles, and a note by the author.

Learning the Tarot Joan Bunning 1998-01-15 Learning the Tarot, Joan Bunning offers a complete course in 19 lessons that covers the basics and then gradually goes into more advanced concepts. First published in 1998, Joan Bunning's Learning the Tarot has become a tarot classic. Written in a confident and natural style, the book communicates the basic depth and beauty of each card, shows how the cards trigger psychological projection, and enhances intuition. Learning the Tarot is a thorough (but never overwhelming) invitation to the beginner. The book focuses in detail on: the actual process of discovering meaning in the cards how to consider one card by itself, how to look for card pairs how to create the "story" of a reading The book includes a convenient reference section that contains two pages of information for each card, including a picture from the popular Waite-Smith deck, a description, keywords, action phrases, and suggestions for cards with similar and opposite meanings. The author first presented this course online at learntarot.com, which continues to attract over one hundred thousand visitors per month. "When I first created my website in 1995," writes Joan Bunning, "I never dreamed how much interest in the tarot I would find. People from all over the world began writing to tell me about their experiences with the course and their adventures with the cards. This response was music to my ears! I knew from my own experience that the tarot is a wonderful tool for personal guidance and inner exploration. "My goal with this book

was to give you the basics you need to begin working with the tarot on your own. I try to make this inner process understandable by breaking it up into a series of steps that are simple while still doing justice to the depth and beauty of the cards. I concentrate on the everyday, showing how the tarot makes real, practical sense in the modern world. The tarot is a living system that adapts creatively to each user. Rather than rules, I offer guidelines. While reading my book, I want you to feel that you have a teacher sitting next to you who is introducing you to this special tool, but also encouraging you to go on to discover your own unique approach to the cards.”

Make It New Bill Beuttler 2019-10-01 As jazz enters its second century it is reasserting itself as dynamic and relevant. Boston Globe jazz writer and Emerson College professor Bill Beuttler reveals new ways in which jazz is engaging with society through the vivid biographies and music of Jason Moran, Vijay Iyer, Rudresh Mahanthappa, The Bad Plus, Miguel Zenón, Anat Cohen, Robert Glasper, and Esperanza Spalding. These musicians are freely incorporating other genres of music into jazz—from classical (both western and Indian) to popular (hip-hop, R&B, rock, bluegrass, klezmer, Brazilian choro)—and other art forms as well (literature, film, photography, and other visual arts). This new generation of jazz is increasingly more international and is becoming more open to women as instrumentalists and bandleaders. Contemporary jazz is reasserting itself as a force for social change, prompted by developments such as the Black Lives Matter, #MeToo movements, and the election of Donald Trump.

The Branch Will Not Break James Wright 2011-04-01 These new poems by the author of *Saint Judas* and *The Green Wall* embody a sharp break with his earlier work. Their impact is well described by the British critic Michael Hamburger: “He has absorbed the work of modern Spanish and other

continental poets and evolved a medium of his own. This medium dispenses with argument and rhetoric, and presents the pure substance of poetry, images which are 'the objective correlatives' of emotion and feeling. It is only in the new collection that Wright has found this wholly distinctive voice." Mr. Wright is well known for his previous books and his contributions to virtually every literary journal of importance. His numerous honors include a Fullbright fellowship, a Kenyon Review fellowship, and many other prizes and awards.

Hesiod's Works and Days Lilah Grace Canevaro 2015 Hesiod's 'Works and Days' was often performed in its entirety, but was also relentlessly excerpted, quoted, and reapplied. This volume situates the poem within these two modes of reading and argues that the text itself, through

Hesiod's complex mechanism of rendering elements detachable whilst tethering them to their context for the purposes of the poem, sustains both treatments.
