United States Code - United States 2013

"The United States Code is the official codification of the general and permanent laws of the United States of America. The Code was first published in 1926, and a new edition of the code has been published every six years since 1934. The 2012 edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress, Second Session, the last of which was signed by the President on January 15, 2013. It does not include laws of the One Hundred Thirteenth Congress, First Session, enacted between January 2, 2013, the date it convened, and January 15, 2013. By statutory authority this edition may be cited "U.S.C. 2012 ed." As adopted in 1926, the Code established prima facie the general and permanent laws of the United States. The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any discrepancy. In 1947, Congress

began enacting individual titles of the Code into positive law. When a title is enacted into positive law, the underlying statutes are repealed and the title then becomes legal evidence of the law. Currently, 26 of the 51 titles in the Code have been so enacted. These are identified in the table of titles near the beginning of each volume. The Law Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 U.S.C. 285b to enact the remainder of the Code, on a title-by-title basis, into positive law. The 2012 edition of the Code was prepared and published under the supervision of Ralph V. Seep, Law Revision Counsel. Grateful acknowledgment is made of the contributions by all who helped in this work, particularly the staffs of the Office of the Law Revision Counsel and the Government Printing Office"--
Preface.

The End of the Dating Moratorium - Stephanie Celeste Perkins 2012-06-01
mor a to ri um n., 1. a suspension of activity. 2. an authorized period of delay or waiting. Shelby Waterlane's dating moratorium has come under fire. No longer will her best friend, three employees, or Franzilla-otherwise known as her mother Frances and her Aunt Priscilla-allow her to enjoy her self-authorized suspension of the ol' romance activity while her career as one of Houston's top wedding planners continues to skyrocket. To them, Shelby is officially in the dating game again. Whether she likes it or not. Becoming a witness to Shelby's social misery is Luke,

the contractor for her office renovations and the first guy she's had a connection with in ages. But since Shelby thinks Luke is already cozied up with the beautiful Claudia and his sister Maggie has just become her latest bridal client and is planning one ridiculously expensive wedding, Shelby has to suck it up and keep things professional. But with her arch rival (and former assistant) Kendra out to ruin her, Franzilla orchestrating a sneak-attack set-up date involving Shelby's former high-school crush, and her feelings for Luke growing by the day, it seems the only things going well are the weddings Shelby's planning for her clients. Otherwise, she's stuck back in the crazy dating world, and even the Jaws of Life can't get her out again.
