

# The Missing Myth A New Vision Of Same Sex Love

**Sex at Dawn** - Christopher Ryan 2021-01-05  
The 10th-anniversary edition of the book that radical re-evaluates the origins and nature of human sexuality. Since Darwin's day, we've been told that sexual monogamy comes naturally to our species. Mainstream science — as well as religious and cultural institutions — has maintained that men and women evolved in families in which a man's possessions and protection were exchanged for a woman's fertility and fidelity. In this groundbreaking book, however, Christopher Ryan and Cacilda Jethá argue that human beings evolved in egalitarian groups that shared food, child care, and, often, sexual partners. Weaving together evidence from anthropology, archaeology, primatology, anatomy, and psychosexuality, the authors show how far from human nature monogamy really is. With intelligence and humour, Ryan and Jethá explain how our promiscuous past haunts our contemporary struggles. They explore why many people find long-term fidelity so difficult; why sexual passion tends to fade even as love deepens; why homosexuality persists in the face of standard evolutionary logic; and what the human body reveals about the prehistoric origins of modern sexuality. Shocking, enlightening, and ultimately inspiring, *Sex at Dawn* offers a revolutionary understanding of why we live and love as we do.

**The Missing Myth** - Gilles Herrada 2013-02-26  
In *The Missing Myth*, Gilles Herrada tackles the many questions about the role and meaning of homosexuality in the evolution of our species and the development of civilization: what evolutionary edge same-sex relationships have provided to the human species; what biological mechanisms generate the sexual diversity that we observe; why homosexual behavior ended up being prohibited worldwide; why homophobia has persisted throughout history; why the homosexual community resurfaced after World War II; and others. In this heartfelt, beautifully

written, and painstakingly researched text, the author sculpts a vision of homosexuality that integrates its many dimensions. Stressing the connection between the social status of homosexuality and how same-sex love is depicted in the myths of a particular culture, *The Missing Myth* advocates the creation of a new mythos—not only informed by all the fields of knowledge, but also inclusive of the beauty, truth, and goodness of same-sex love.

**Ties that Bind** - Sarah Schulman 2009  
"Familial homophobia," as prizewinning writer and professor Sarah Schulman calls it, is a phenomenon that until now has not had a name but that is very much a part of life for the LGBT community. In the same way that Susan Brownmiller's *Against Our Will* transformed our understanding of rape by moving the stigma from the victim to the perpetrator, Schulman's *Ties That Bind* calls on us to recognize familial homophobia. She invites us to understand it not as a personal problem but a widespread cultural crisis. She challenges us to take up our responsibilities to intervene without violating families, community, and the state. With devastating examples, Schulman clarifies how abusive treatment of homosexuals at home enables abusive treatment of homosexuals in other relationships as well as in society at large."

**Born Gay?** - Glen Wilson 2008  
Are people born gay, or does upbringing or even personal choice play a part? The row between gay rights activists and the conservative lobby over this question has now raged for over a decade. Combining their own findings with research, the authors provide an overview of the work that has been done in this field.

**Amores bíblicos bajo censura** -  
AMORES BÍBLICOS BAJO CENSURA es una obra pertinente y valiente. La recomiendo porque su autor se ha mostrado comprometido con una exégesis y lectura de la Biblia crítica,

liberadora, no fundamentalista, por lo cual no ha tenido reparos en poner bajo cuestionamiento la tradicional traducción e interpretación de algunos textos bíblicos relacionados con el tema de la sexualidad en general y con el amor e intimidad entre personas del mismo sexo. Héctor Benjamín Olea Cordero, biblista, exégeta, traductor, comentarista, profesor de lenguas bíblicas, fundador y presidente del Instituto Dominicano de Ciencias Bíblicas IDCBRenato Lings, teólogo y filólogo de altura, nos ofrece en este libro diecisiete piedras preciosas, en forma de capítulos, que desde su taller de orfebre nos regala para adentrarnos en la profundidad de los textos bíblicos más significativos sobre la sexualidad y el género más allá de las censuras de la historia. A lo largo de estas páginas podemos observar su trabajo meticuloso con las palabras comparando y analizando veinte, treinta, cuarenta traducciones hasta encontrar un sentido más cercano, más hondo. La delicadeza de su cincelado nos deja asombrados. Como en una fragua entramos a trabajar metales preciosos con palabras sobre el Adam primitivo, Sodoma y la sodomía, las listas de vicios de Pablo o las relaciones entre Rut y Noemí, David y Jonatán, Jesús y Lázaro. Renato Lings es respetuoso con las palabras y sabe que la traducción perfecta no existe. Sólo sabe que hay palabras que ocultan, palabras que hieren y palabras erróneas. Otras acercan, respetan y abren horizontes. Javier de la Torre, doctor en Derecho, licenciado en Filosofía y Teología Moral, profesor de Bioética y Teología Moral en la Universidad Pontificia Comillas. La aceptación de la diversidad sexual en nuestra sociedad es una conquista extraordinaria que ha hecho posible que el amor entre personas del mismo sexo pueda llegar a expresarse institucionalmente en un matrimonio legal. Agradezco a Renato Lings el exhaustivo y minucioso trabajo lingüístico y literario realizado sobre los principales textos bíblicos que han sido utilizados por las iglesias cristianas en los dos últimos siglos para censurar el amor homosexual. Nos ayuda a entender su significado original y a no proyectar nuestros prejuicios en los mismos, haciendo posible así que se puedan superar siglos de traducciones erróneas que lo tuercen y deforman, con consecuencias tan dañinas y dolorosas para

tantos cristianos homosexuales. No, la Biblia no censura su amor, al contrario, nos anuncia la Buena Noticia del Amor que sostiene e impulsa todo amor verdadero. Juan Sánchez Núñez, Bachiller en teología, estudios de Teología Dogmática, profesor de Ética teológica y Cristología en la Facultad protestante SEUT. Es de agradecer lo que aporta este libro, por su precisión, por situarnos en el tiempo y el entorno literario de los textos. El autor tiene el arte de introducirnos en la dinámica interior de los textos, con seriedad, con detalle, con apertura. Ha realizado muy bien lo que podríamos llamar la "labor negativa", la de superar errores, malas interpretaciones, condenas... No se trata sólo de negar la condena de la homosexualidad, sino de abrir el camino hacia una visión evangélica del amor en todas sus formas, amor personal, amor en libertad, en generosidad, en perdón, en crecimiento de vida, en gratuidad... queriendo al otro no sólo como a uno mismo (que sigue estando en la base), sino más que a uno mismo. Xabier Pikaza ha sido Catedrático de la Universidad Pontificia de Salamanca, especializado en temas de historia y teología social de la Biblia.

God and the Gay Christian - Matthew Vines  
2014-04-22

"God and the Gay Christian is a game changer. Winsome, accessible, and carefully researched, every page is brought to life by the author's clear love for Scripture and deep, persistent faith. With this book, Matthew Vines emerges as one of my generation's most important Christian leaders, not only on matters of sexuality but also on what it means to follow Jesus with wisdom, humility, and grace. Prepare to be challenged and enlightened, provoked and inspired. Read with an open heart and mind, and you are bound to be changed." — Rachel Held Evans, author of *A Year of Biblical Womanhood and Faith Unraveled* As a young Christian man, Matthew Vines harbored the same basic hopes of most young people: to someday share his life with someone, to build a family of his own, to give and receive love. But when he realized he was gay, those hopes were called into question. The Bible, he'd been taught, condemned gay relationships. Feeling the tension between his understanding of the Bible and the reality of his same-sex orientation, Vines devoted years of

intensive research into what the Bible says about homosexuality. With care and precision, Vines asked questions such as: • Do biblical teachings on the marriage covenant preclude same-sex marriage or not? • How should we apply the teachings of Jesus to the gay debate? • What does the story of Sodom and Gomorrah really say about human relationships? • Can celibacy be a calling when it is mandated, not chosen? • What did Paul have in mind when he warned against same-sex relations? Unique in its affirmation of both an orthodox faith and sexual diversity, *God and the Gay Christian* is likely to spark heated debate, sincere soul searching, even widespread cultural change. Not only is it a compelling interpretation of key biblical texts about same-sex relations, it is also the story of a young man navigating relationships with his family, his hometown church, and the Christian church at large as he expresses what it means to be a faithful gay Christian.

**Philosophical Feminism and Popular Culture** - Sharon Crasnow 2012-12-06

The eight essays contained in this book explore the portrayal of women, and various philosophical responses to that portrayal in contemporary post-civil rights society. They bring feminist voices to the conversation about gender and attests to the importance of feminist critique in what is sometimes claimed to be a post-feminist era.

**For the Love of Men** - Liz Plank 2019-09-10  
A nonfiction investigation into masculinity, *For the Love of Men* provides actionable steps for how to be a man in the modern world, while also exploring how being a man in the world has evolved. In 2019, traditional masculinity is both rewarded and sanctioned. Men grow up being told that boys don't cry and dolls are for girls (a newer phenomenon than you might realize—gendered toys came back in vogue as recently as the 80s). They learn they must hide their feelings and anxieties, that their masculinity must constantly be proven. They must be the breadwinners, they must be the romantic pursuers. This hasn't been good for the culture at large: 99% of school shooters are male; men in fraternities are 300% (!) more likely to commit rape; a woman serving in uniform has a higher likelihood of being assaulted by a fellow soldier than to be killed by

enemy fire. In *For the Love of Men*, Liz offers a smart, insightful, and deeply-researched guide for what we're all going to do about toxic masculinity. For both women looking to guide the men in their lives and men who want to do better and just don't know how, *For the Love of Men* will lead the conversation on men's issues in a society where so much is changing, but gender roles have remained strangely stagnant. What are we going to do about men? Liz Plank has the answer. And it has the possibility to change the world for men and women alike.

**Sexuality and Its Discontents** - Jeffrey Weeks 2002-05-03

Few topics evoke so much anxiety and pleasure, pain and hope, discussion and silence as sexuality. Throughout the Christian era it has been a major moral preoccupation. Since the eighteenth century it has also been the focus of 'scientific' exploration and political activity. But, despite this obsessive concern, we are still as baffled as our predecessors about the 'true' meaning of sex. In this book Jeffrey Weeks unravels the dense web of historical, theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values. The book begins with a powerful evocation of our present discontents and their potent signs: the rise of the New Right, the retreat of progressive forces and a wave of moral panics around sex. It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality, whilst claiming a privileged access to truth. The author then examines radical debates of recent years, and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality. From this analysis emerges a controversial 'radical pluralist' approach to sexuality built on an acceptance of diversity and choice. By linking our present discontents to a clear understanding of the past, Jeffrey Weeks presents a rational, optimistic and challenging vision of a realizable future.

**Polityka** - 2013

**Spiritual Friendship** - Wesley Hill 2015-04-14  
Christianity Today Book Award Winner  
Friendship is a relationship like no other. Unlike the relationships we are born into, we choose our friends. It is also tenuous--we can end a

friendship at any time. But should friendship be so free and unconstrained? Although our culture tends to pay more attention to romantic love, marriage, family, and other forms of community, friendship is a genuine love in its own right. This eloquent book reminds us that Scripture and tradition have a high view of friendship. Single Christians, particularly those who are gay and celibate, may find it is a form of love to which they are especially called. Writing with deep empathy and with fidelity to historic Christian teaching, Wesley Hill retrieves a rich understanding of friendship as a spiritual vocation and explains how the church can foster friendship as a basic component of Christian discipleship. He helps us reimagine friendship as a robust form of love that is worthy of honor and attention in communities of faith. This book sets forth a positive calling for celibate gay Christians and suggests practical ways for all Christians to cultivate stronger friendships.

From Sin to Amazing Grace - Patrick S. Cheng 2012-03

Throughout the history of Christianity, lesbian, gay, bisexual and transgender ("LGBT" or "queer") people have been condemned as unrepentant sinners who are in dire need of God's saving grace. As a result of this condemnation, LGBT people have been subjected to great spiritual, emotional and physical abuse and violence. This issue takes on a particular urgency in light of the ongoing harassment and bullying of LGBT young people by their classmates. Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws. Rather Cheng proposes a Christological model based upon the theologies of Irenaeus, Bonaventure and Barth, in which sin and grace are defined in terms of what God has done for us in Jesus Christ. This book serves as a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the context of the 21st century.

You Can Change the World - Ervin Laszlo 2003  
In *The Missing Myth*, Gilles Herrada tackles the many questions about the role and meaning of homosexuality in the evolution of our species

and the development of civilization: what evolutionary edge same-sex relationships have provided to the human species; what biological mechanisms generate the sexual diversity that we observe; why homosexual behavior ended up being prohibited worldwide; why homophobia has persisted throughout history; why the homosexual community resurfaced after World War II; and others. In this heartfelt, beautifully written, and painstakingly researched text, the author sculpts a vision of homosexuality that integrates its many dimensions. Stressing the connection between the social status of homosexuality and how same-sex love is depicted in the myths of a particular culture, *The Missing Myth* advocates the creation of a new mythos not only informed by all the fields of knowledge, but also inclusive of the beauty, truth, and goodness of same-sex love.

**Queer Science** - Simon LeVay 1996-05-14  
Argues scientific research shows homosexuality is not merely a set of behaviors anyone might show, but that homosexuals are a distinct group of people, and discusses the social implications  
**Gay Spirituality** - Toby Johnson 2004

In this award-winning title, Johnson explores how the rise of gay identity--their ability to step outside the conventions of culture and see things from a different point of view--has become an important part of religious development.

Myths and Mysteries of Same-Sex Love - Christine Downing 2006

"Myths and Mysteries of Same-Sex Love makes a powerful statement about the realities of gay and lesbian psyche. A gay and lesbian psychic perspective may at first be startling, but once examined, it proves to be unforgettable." -The Advocate

Gay Perspective - Edwin Clark Johnson 2008  
In this companion volume to his critically acclaimed, Lambda Literary Award-winning book, *Gay Spirituality*, Toby Johnson further explicates his visionary stance that gay people's nature as outsiders gives them a uniquely powerful perspective on the nature of God and religion. By living outside gender norms, gay people are more open to seeing across boundaries of gender and gain access to a less dualistic outlook on the nature of life. Once again, Johnson approaches this potentially controversial subject matter with erudition,

empathy and visionary speculation and gives meaning to gay consciousness beyond superficial issues of sexual behavior.

**A Queer History of the United States -**

Michael Bronski 2012-05-15

Winner of a 2012 Stonewall Book Award in nonfiction The first book to cover the entirety of lesbian, gay, bisexual, and transgender history, from pre-1492 to the present. In the 1620s, Thomas Morton broke from Plymouth Colony and founded Merrymount, which celebrated same-sex desire, atheism, and interracial marriage. Transgender evangelist Jemima Wilkinson, in the early 1800s, changed her name to "Publick Universal Friend," refused to use pronouns, fought for gender equality, and led her own congregation in upstate New York. In the mid-nineteenth century, internationally famous Shakespearean actor Charlotte Cushman led an openly lesbian life, including a well-publicized "female marriage." And in the late 1920s, Augustus Granville Dill was fired by W. E. B. Du Bois from the NAACP's magazine the Crisis after being arrested for a homosexual encounter. These are just a few moments of queer history that Michael Bronski highlights in this groundbreaking book. Intellectually dynamic and endlessly provocative, A Queer History of the United States is more than a "who's who" of queer history: it is a book that radically challenges how we understand American history. Drawing upon primary documents, literature, and cultural histories, noted scholar and activist Michael Bronski charts the breadth of lesbian, gay, bisexual, and transgender history, from 1492 to the 1990s, and has written a testament to how the LGBT experience has profoundly shaped our country, culture, and history. A Queer History of the United States abounds with startling examples of unknown or often ignored aspects of American history—the ineffectiveness of sodomy laws in the colonies, the prevalence of cross-dressing women soldiers in the Civil War, the impact of new technologies on LGBT life in the nineteenth century, and how rock music and popular culture were, in large part, responsible for the devastating backlash against gay rights in the late 1970s. Most striking, Bronski documents how, over centuries, various incarnations of social purity movements have consistently attempted to regulate all sexuality,

including fantasies, masturbation, and queer sex. Resisting these efforts, same-sex desire flourished and helped make America what it is today. At heart, A Queer History of the United States is simply about American history. It is a book that will matter both to LGBT people and heterosexuals. This engrossing and revelatory history will make readers appreciate just how queer America really is.

*Out of a Far Country* - Christopher Yuan  
2011-05-03

Over 100,000 copies sold! Coming Out, Then Coming Home Christopher Yuan, the son of Chinese immigrants, discovered at an early age that he was different. He was attracted to other boys. As he grew into adulthood, his mother, Angela, hoped to control the situation. Instead, she found that her son and her life were spiraling out of control—and her own personal demons were determined to defeat her. Years of heartbreak, confusion, and prayer followed before the Yuans found a place of complete surrender, which is God's desire for all families. Their amazing story, told from the perspectives of both mother and son, offers hope for anyone affected by homosexuality. God calls all who are lost to come home to him. Casting a compelling vision for holy sexuality, *Out of a Far Country* speaks to prodigals, parents of prodigals, and those wanting to minister to the gay community. "But while he was still a long way off, his father saw him and felt compassion, and ran and embraced him and kissed him." - Luke 15:20 Includes a discussion guide for personal reflection and group use.

**The Blackwell Companion to Catholicism -**

James J. Buckley 2008-04-15

The Blackwell Companion to Catholicism offers an extensive survey of the history, doctrine, practices, and global circumstances of Roman Catholicism, written by a range of distinguished and experienced Catholic writers. Engages its readers in an informed and informative conversation about Roman Catholic life and thought Embraces the local and the global, the past and the present, life and the afterlife, and a broad range of institutions and activities Considers both what is distinctive about Catholic life and thought, and how Catholicism overlaps with and transforms other ways of thinking and living Topics covered include: peacemaking,
