THE COMPLETE WORKS OF E. F. BENSON (Illustrated Edition) E. F. Benson 2017-08-07 Mosaic Books presents to you this carefully created collection of 'THE COMPLETE WORKS OF E. F. BENSON (Illustrated Edition)'. This ebook has been designed and formatted to the highest digital standards and adjusted for readability on all devices. Edward Frederic Benson (1867-1940) was an English novelist, biographer, memoirist, archaeologist and short story writer, known professionally as E.F. Benson. He started his novel writing career in 1893 with the fashionably controversial *Dodo*, which was an instant success, and followed it with a variety of satire and romantic and supernatural melodrama. He repeated the success of *Dodo*, with sequels to this novel, but the greatest success came relatively late in his career with *The Mapp and Lucia* series consisting of six novels and two short stories. The novels feature humorous incidents in the lives of (mainly) upper-middle-class British people in the 1920s and 1930s, vying for social prestige and one-upmanship in an atmosphere of extreme cultural snobbery. Benson was also known as a writer of atmospheric, oblique, and at times humorous or satirical ghost stories. How the Irish Became White Noel Ignatiev 2012-11-12 '...from time to time a study comes along that truly can be called 'path breaking,' 'seminal,' 'essential,' a 'must read.' *How the Irish Became White* is such a study.' John Bracey, W.E.B. Du Bois Department of Afro-American Studies, University of Massachusetts, Amherst The Irish came to America in the eighteenth century, fleeing a homeland under foreign occupation and a caste system that regarded them as the lowest form of humanity. In the new country - a land of opportunity - they found a very different form of social hierarchy, one that was based on the color of a person's skin. Noel Ignatiev's 1995 book - the first published work of one of America's leading and most controversial historians - tells the story of how the oppressed became the oppressors; how the new Irish immigrants achieved acceptance among an initially hostile population only by proving that they could be more brutal in their oppression of African Americans than the nativists. This is the story of *How the Irish Became White*.

Medical Heroes and Heretics Wayne Martin 1977 Orthodox science -- particularly in the medical profession -- has for centuries resisted change. It traces back at least as far as Socrates who was done to death for corrupting youth with his innovative ideas. In recent times, practically all the great advances in medicine have been made against a powerfully entrenched orthodoxy. Wayne Martin's book is about some of the men involved -- then and now: Oliver Wendell Holmes, Sr., who made physicians wash their hands; Louis Pasteur, who postulated the connection between bacteria and certain diseases; Frederick Banting, who discovered insulin; Jonas Salk, who solved the mystery of polio, to mention but a few. These men all braved the wrath of the medical establishment of their day. Heretics they were, but Heroes they became. Similarly, today a group of brave pioneers are fighting the same fight. They are, says the author, the heroes of tomorrow: Ernst Krebs, Jr., Evan Shute, Dean Burk, Denis Burkitt, Virginia Livingston and a dozen others, all of whose careers and findings are described here by a man who has pursued his topic for the past ten years.

Chimes of a Lost Cathedral Janet Fitch 2019-07-02 A young Russian woman comes into her own in the midst of revolution and civil war in this "brilliant" novel set in "a world of furious beauty" (Los Angeles Review of Books). After the loves and betrayals of The Revolution of Marina M., young poet Marina Makarova finds herself alone amid the devastation of the Russian Civil War -- pregnant and adrift, forced to rely on her own resourcefulness to find a place to wait out the birth of her child and eventually make her way back to her native city, Petrograd. After two years of revolution, the city that was once St. Petersburg is almost unrecognizable, the haunted, half-emptied, starving Capital of Once Had Been, its streets teeming with homeless children. Moved by their plight, though hardly better off herself, she takes on the challenge of caring for these orphans, until they become the tool of tragedy from an unexpected direction. Shaped by her country's ordeals and her own trials -- betrayal and privation and inconceivable loss -- Marina evolves as a poet and a woman of sensibility and substance hardly imaginable at the beginning of her transformative odyssey. Chimes of a Lost Cathedral is the culmination of one woman's s journey through some of the most dramatic events of the last century -- the epic story of an artist who discovers her full power, passion, and creativity just as her revolution reveals its true direction for the future.

A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. The Enchanted Candy Shop AQEEL AHMED 2023-11-03 A lot of people have been moved by the story of the Magical Candy Shop, which is full of love, magic, and lasting kindness. A little girl named Lily started it all. She inherited her family's candy shop and has a magical ability to change sweets into other things. Her candies had magical powers; they could make you laugh out loud or feel cozy and warm inside. One sunny morning, Emily, a curious little girl, found the shop and was hired to work as Lily's assistant. She learned how to make candy, and she and her friend used their magical treats to make everyone happy, from sick neighbors to lonely tourists and kids in the school. Emily, who was now the store's protector, made beautiful candies over the years to continue Lily's love and kindness. Sarah, a sweet little girl, watched her and learned from her, then took over when she was ready. Sarah was in charge of the shop's magic, and her magical candies continued to bring happiness to everyone in the hamlet. Emily was thrilled to see Sarah start her new job and made sure that the company stayed a place of wonder and joy. In a gentle way, the story reminds us that the best magic is the power of kindness and love. It tells us that small acts of kindness and generosity can make the world a uniquely beautiful place. People from the area and visitors alike are affected by the Magical Candy Shop's legacy, which inspires them to add goodness, joy, and kindness to their own lives. As the years went by, the store became a wonderful haven, reminding everyone that real magic is not just in candy, but in the love and generosity that we all have inside us. People who worked at the Magical Candy Shop and the little girl who ran it showed how strong love is and how amazing people are. This is how the story starts: A long time ago, there was a great candy store in a cute town tucked between hills and a sparkling river. The tiny girl named Lily ran this one-of-a-kind store called the Enchanted Candy Shop. Her amazing skills gave her business a charm that made people want to buy everything. Because Lily is so talented, her candy shop is utterly amazing and unlike any other in the area. Lily had been an important part of the neighborhood for as long as anyone could remember. The family's closely guarded secrets and recipes were given to her by her parents, who used to run the candy shop. However, Lily was different from her ancestors because she naturally had the ability to make her sweets magical. Each sweet treat she made was unique and delicious. Her candy bars made you feel good and toasty, her lollipops made you laugh aloud, and her gummy bears made you jump really high. Kids from all over were interested in her projects, and long lines of them would form outside her shop to see what she had made most recently. A quiet knock on the door woke Lily up one bright morning as she carefully watched over her pot of sweets that were bubbling. She wiped her firsthand her apron as she opened the door and saw Emily standing there, her eyes wide with surprise. Emily is a quiet but interesting young girl. When the guest arrived, Lily smiled and said, "Hello, dearie. How may I assist you today?" Emily was amazed and shy at the same time when she heard stories about the Mystical Candy Shop. Emily said in a whisper, "I've heard rumors that your sweets are magical." Lily laughed quietly, knowing Emily was telling the truth. "Indeed, dearie. Would you like to experience one for yourself?" Emily replied with a heartfelt nod, and Lily gave her a beautiful lollipops. Emily took a bite and then could not stop laughing. It was a happy, joyful laughter she had never felt before. Lily looked at Emily's contagious laughter with a playful twinkle in her eye and said, "My lollipops have an uncanny way of digging up the deepest sources of happiness." Emily's eyes lit up with wonder as Lily asked, "What brings you to my humble shop today, Emily?" "I've always had a strong affection for sweets, and the rumors that your pastries are the best in the whole village brought me here. In addition, I've heard that you can teach people how to make magical candies," Emily said with a grin. Lily gave Emily a warm smile for her hard work and energy. "That is accurate, dearie. I can certainly initiate you into the craft of candy making, though it is no simple undertaking. It requires patience, unwavering commitment, and, above all, a kind heart." Emily kept saying how excited she was to learn and how determined she was to do so. Lily chose Emily to be her assistant, and so began a lovely journey. Emily replied, "I'm ready to go on this journey with you, Lily, and I promise that my heart is full of kindness." Lily taught Emily how to make candy. She showed them the right way to mix the ingredients, add magic to the treats, and make tastes that were delicious. As the days turned into weeks, Emily got better at making sweets, which let her make her own magical treats. She imagined jellybeans resisting gravity and shooting one into the sky, and she also imagined candy canes turning plain snow into designs made of many colors. The locals were amazed by her innovative ideas, and every day there were longer lines at the Magical Candy Shop. Emily, on the other hand, wanted to do more than just make delicious candy. She wanted to use her talent to help people who were sad. One day, she went up to Lily and made a proposal. Emily asked Lily, "What if we used the magic of our candies to help people in need? We could make candies that make people feel better when it is cold outside or make people laugh when they are sad?" Lily was moved by Emily's kindness, and she agreed with Emily's idea right away. "That's a wonderful thought, honey. Let us begin by making sweets for the orphanage kids over here. They deserve all the happiness in the world." Ever since, Emily and Lily have been making one-of-a-kind sweets for the orphanage kids. They made candy that grew all year and sugar butterflies that flew around the kids and made them smile. The orphaned kids' laughter filled the building as they were thrilled with what they had found. Everyone in the town quickly heard about Emily and Lily's kind deeds. They became famous not only for their magical candies but also for their kind hearts. They continued to give their sweets to make other people happy, whether it was an elderly friend or a stranger walking by. Emily and Lily's friendship grew stronger over time and went beyond just being friends. They felt like family because they had been through so much together. It was Lily who suggested that Emily should run the Magical Candy Shop on her own and continue her parents' work. "Emily, my dear, the time has come for you to take over as owner of the Magical Candy Shop. You have learned everything I have to teach you, and I have no doubt that you will make me proud," Lily told Emily as they sat down together in the shop on a sunny afternoon. "Thank you for everything, Lily. I shall strive to preserve your legacy and continue to make this world a sweeter place." Lily gave Emily the keys to the shop with a mix of sadness and joy in her heart. The people of Hamlet marked the passing of the baton with a beautiful ceremony that went on all night and was full of sweets and laughter. Emily ran the Magical Candy Shop so well that it did very well. As Lily had told her to, she used her magic to make people happy who were sad and to create new magical sweets that amazed and pleased everyone. Lily was like an old oak tree that stood in the town square and was a part of the neighborhood. For many years, she was always there for the peasants, giving them support in a world that moved too quickly. Before she was born, her family owned the candy shop and took great care to keep the sweet traditions that had been passed down from generation to generation. Each generation had been given these valuable trade secrets and tried-and-true recipes for making sweets. They were like a river of candy knowledge. But Lily had a unique attitude that set her apart from her ancestors and from everyone else in town. She had been given a special skill that no one else had. Lily's parents were good at making sweets, but she was the best. She was able to give her candies special powers that made everyone who tried them happy and spellbound. As Lily got better, she learned that each candy could have its own magic added to it, which turned ordinary treats into amazing wonders. Her candy will make you laugh until you cannot hold back tears, her chocolate bars will melt your heart, and her gummy bears will make you jump higher than you ever thought possible. The village kids were enchanted by her works of art and waited in long

lines outside her cute candy shop for her newest, most delicious treats. Over time, her charming personality became known, and people from nearby towns and cities came to her business. They were amazed by how much happiness her magical candies brought them, and they were truly happy. Lily had turned her tiny candy shop into a beautiful heaven where every delicious bite took regular things to a whole new level. People who came to her house were drawn in by more than just the sweet smell of her candy. The person was Lily, who was kind and caring and had a natural way of making everyone feel special. Every customer had a name, a favorite candy, and a story about themselves. Her warm smile and deep talks had a remarkable way of making even the worst days better.

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Attached Amir Levine 2012-01-05 "Over a decade after its publication, one book on dating has people firmly in its grip." —The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways:

- Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back
- Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness.
- Secure people feel comfortable with intimacy and are usually warm and loving.

Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.
