Drag Me Out Like a Lady - Jentri Anders 2022-12-18

She was arrested in the Berkeley Free Speech Movement. She was at the Be-In when Timothy Leary told us to drop out. She was in the battle of People's Park when James Rector was killed. She was tear-gassed on campus at UC Berkeley. She was at Altamont when a Hell's Angel murdered a concertgoer. Now she has written her autobiography, describing her unusual trajectory through an unusual era. In the spirit of Howard Zinn, Jentri Anders presents her life as an activist and anthropologist. A Southerner with deep roots in Georgia and Arkansas, she went to high school in Groveland, Florida, one of the most notorious locations in black history. Expelled from both a Georgia Bible college and Florida State University for political reasons, she moved to California, participated in the antiwar movement there, then was sexually and politically harrassed out of UC Berkeley. She dropped out of mainstream culture to become a back-to-the-land hippie in what is now called the Emerald Triangle in Humboldt County, California, then dropped back in, wrote the definitive ethnography of back-to-the-land hippies, and was featured in the Academy Award-nominated documentary film, Berkeley in the Sixties. A fascinating writer, Anders is also a scholar. Drag Me Out Like a Lady is thoroughly researched, indexed, referenced, and documented, including historical material from her personal files. Cultural historians, anthropologists, activists, feminists, literate hippies, as well as people who just like weird stories, will all love this book

The Amazing Marriage (Complete) - George Meredith 1930-01-01
Everybody has heard of the beautiful Countess of Cressett, who was one of the lights of this country at the time when crowned heads were running over Europe, crying out for charity's sake to be amused after their tiresome work of slaughter: and you know what a dread they have of moping. She was famous for her fun and high spirits besides her good looks, which you may judge of for yourself on a walk down most of our great noblemen's collections of pictures in England, where you will behold her as the goddess Diana fitting an arrow to a bow; and elsewhere an Amazon holding a spear; or a lady with dogs, in the costume of the day; and in one place she is a nymph, if not Diana herself, gazing at her naked feet before her attendants loosen her tunic for her to take the bath, and her hounds are pricking their ears, and you see antlers of a stag behind a block of stone. She was a wonderful swimmer, among other things, and one early morning, when she was a girl, she did really swim, they say, across the Shannon and back to win a bet for her brother Lord Levellier, the colonel of cavalry, who left an arm in Egypt, and changed his way of life to become a wizard, as the common people about his neighbourhood supposed, because he foretold the weather and had cures for aches and pains without a doctor's diploma. But we know now that he was only a mathematician and astronomer, all for inventing military engines. The brother and sister were great friends in their youth, when he had his right arm to defend her reputation with; and she would have done anything on earth to please him. There is a picture of her in an immense flat white silk hat trimmed with pale blue, like a pavilion, the broadest brim ever seen, and she simply sits on a chair; and Venus the Queen of Beauty would have been extinguished under that hat, I am sure; and only to look at Countess Fanny's eye beneath the brim she has tipped ever so slightly in her artfulness makes the absurd thing graceful and suitable. Oh! she was a cunning one. But you must be on your guard against the scandalmongers and collectors of anecdotes, and worst of any, the critic, of our Galleries of Art; for she being in almost all of them (the principal painters of the day were on their knees for the favour of a sitting), they have to speak of her pretty frequently, and they season

their dish, the coxcombs do, by hinting a knowledge of her history.

My Lady's Money An Episode in the Life of a Young Girl (EasyRead Super Large 18pt Edition) - Wilkie Collins 1895

My Lady's Money - Wilkie Collins 2022-05-30

Ok, nobody wants to lose pound500 - but is it big enough of a deal to deserve a short story? To put it into context: a Victorian pound500 was about pound60,000 in today's money. So, yeah, it's a big deal. That's why, when Lady Lydiard has the money stolen from her, the plot becomes a whodunnit. A precursor to modern-day detective novels, this novella revolves around the colourful characters (and a Scottie dog) who are all present in Lady Lydiard's household when her pound500 disappears. In this fun and compelling tale, two of the men suspected are

both romantically interested in Isabel Miller, Lady Lydiard's companion-cum-adoptive-daughter. "My Lady's Money" follows these suspects as the intensity of both the theft and romance increases. A classic mystery novella with a love story: think Miss Marple but with marriage proposals. London-born Wilkie Collins (1824-1889) became known in Victorian England for his novels and plays, sometimes writing together with Charles Dickens. His most famous works, "The Woman in White" (1859) and "The Moonstone" (1868), are examples of the first modern detective novels.
