And the Bride Wore White Dannah K. Gresh 2012-06-20 With over 250,000 copies sold, reviewers continue to rave about *And the Bride Wore White: Seven Secrets To Purity*. But the greatest proof of its effect is in the lives of tens of thousands of young women who've embraced the book's message. Each chapter of *And the Bride Wore White* begins with a narrative of Dannah Gresh's young love life, taken from her own teenage journals. She transparently shares her struggles and successes, her moments of pain followed by healing, and the moments of triumph. This story-line grips the young reader while they learn statistically proven risk-reduction factors. The end result are usable "how-to-say-no" skills that can reduce the risk of a young woman's heart being broken by sexual sin. In this update, Dannah and her friends share open letters of encouragement to young women, one to those who chose life and another to those who chose abortion, one to teen girls addicted to pornography and another to girls who have experienced sexual abuse, and many more specific to a young woman's unique circumstances.

Life Skills Education for Youth Joan DeJaeghere 2021-11-23 This open access volume critically reviews a diverse body of scholarship and practice that informs the conceptualization, curriculum, teaching and measurement of life skills in education settings around the world. It discusses life skills as they are implemented in schools and non-formal education, providing both qualitative and quantitative evidence of when, with whom, and how life skills do or do not impact young women's and men's lives in various contexts. Specifically, it examines the nature and importance of life skills, and how they are taught. It looks at the synergies and differences between life skills educational programmes and the way in which they promote social and emotional learning, vocational/employment education, and health and sexuality education. Finally, it explores how life skills may be better incorporated into education and how such education can address structures and relations of power to help youth achieve desired future outcomes, and goals set out in the Sustainable Development Goals (SDGs). Life skills education has gained considerable attention by education policymakers, researchers and educators as being the sine qua non for later achievements in life. It is nearly ubiquitous in global and national education policies, including the SDGs, because life skills are regarded as essential for a diverse set of purposes: reducing poverty, achieving gender equality, promoting economic growth, addressing climate change, fostering peace and global citizenship, and creating sustainable and healthy communities. Yet, to achieve these broad goals, questions persist as to which life skills are important, who needs to learn them, how they can be taught, and how they are best measured. This book addresses these questions.

Addicted to Lust Samuel L. Perry 2019-04-02 Few cultural issues alarm conservative Protestant families and communities like the seemingly ubiquitous threat of pornography. Thanks to widespread access to the internet, conservative Protestants now face a reality in which every Christian man, woman, and child with a smartphone can access limitless pornography in their bathroom, at work, or at a friend's sleepover. Once confident of their victory over pornography in society at large, conservative Protestants now fear that "porn addiction" is consuming even the most faithful. How

are they adjusting to this new reality? And what are its consequences in their lives? Drawing on over 130 interviews as well as numerous national surveys, *Addicted to Lust* shows that, compared to other Americans, pornography shapes the lives of conservative Protestants in ways that are uniquely damaging to their mental health, spiritual lives, and intimate relationships. Samuel L. Perry demonstrates how certain pervasive beliefs within the conservative Protestant subculture unwittingly create a context in which those who use pornography are often overwhelmed with shame and discouragement, sometimes to the point of depression or withdrawal from faith altogether. Conservative Protestant women who use pornography feel a "double shame" both for sinning sexually and for sinning "like a man," while conflicts over pornography in marriages are escalated by patterns of lying, hiding, blowing up, or threats of divorce. *Addicted to Lust* shines new light on one of the most talked-about problems facing conservative Christians.

The Soul of Money: Transforming Your Relationship with Money and Life Lynne Twist 2017-03-14 "A life-changing read. With warmth, honesty, and storytelling, Lynne turns everything we think we know about money upside down...It's the book we all need right now." —Brené Brown, Ph.D., author of the #1 New York Times bestseller *Rising Strong* This liberating book shows us that examining our attitudes toward money—earning it, spending it, and giving it away—offers surprising insight into our lives. Through personal stories and practical advice, Lynne Twist asks us to discover our relationship with money, understand how we use it, and by assessing our core human values, align our relationship with it to our desired goals. In doing so, we can transform our lives. *The Soul of Money* now includes a foreword from Jack Canfield and a new introduction by Lynne Twist, in which she explores the effects of the Great Recession and environmental concerns about our monetary needs and aims.

Prayer Changes Teens Janet Holm McHenry 2011-01-05 Give control back to God and get back to what you enjoy most—loving your teen. Parenting teenagers isn't easy. No matter how much we love our kids and want to protect them, we cannot control them or their circumstances. But God is in control, and—particularly when we trust him—he can take care of our kids far better than we ever could. So what else can we do? We can pray. In fact, prayer should be our first response—because prayer is the most powerful tool at a parent's disposal. That is what this book is about: releasing our teens to God's control, learning to pray specifically and with confidence for their every need, and recovering the sense of humor that will help us face the situations that now cause us so much stress. This book includes: • lighthearted stories designed to help take the edge off of parenting your teenager • valuable insights on more than twenty areas of conflict you are likely to experience with your teen—from language, grades, and clothing to drugs, drinking, and smoking • specific prayer strategies to help you make a difference in your teen's life • perspectives on the "hot" issues, from real teens • what the Bible has to say on each subject • tips from parenting experts • specific prayers to get you started • discussion starters to help open up dialogue with your teen Whether parents have never prayed for their teens, have prayed sporadically, or have prayed every day, now is the time to pray even more and in whole new ways—and *Prayer Changes Teens* will show them how.

40 Answers for Teens' Top Questions Gregory L. Jantz 2017 Being a Teenager is Tough! How do I talk to my crush? Why do I suddenly have zits? Why do people still treat me like a kid? Most young teens have a lot of questions about the changes that are happening to them. This book helps teens

(and their parents) navigate the changes that lead to becoming an adult. Dr. Gregory Jantz teams up with his teenage son, Gregg Jr., to tackle the top 40 questions teenagers have about topics such as music, clothes, physical changes, love, pornography, texting, and more: Why is my body doing weird stuff? How do I get over a broken heart? When do I get to do what I want? What's going on with guys and sex? Why should I talk when I can text? What about God? The Question and Answer Insight from Gregg Jr. about what he learned on the topic, followed by straight talk to teens from Gregg Sr. giving no-nonsense information as well as insight into teen and parent thinking. Parent Tips Each topic also includes parent-to-parent thoughts and information from Dr. Jantz. Practical Application Three quick and easy activities that give teens an opportunity to put what they just read into words and actions: Book jacket.

Theoretical Issues in Psychology John R. Morss 2013-06-29 Theoretical Issues in Psychology is published as the discipline of psychology enters its (at least) third century. The year 2001 brings with it millennial reflections, as well as the strange sense of déjà vu that we derive from the Kubrick movie. As to the former, a glance at the contents list of this volume will demonstrate both the maturity and the vigour of theoretical debate within psychology. There is a level of sophistication here that should be the cause of quiet celebration. Recent ideas about discursive practice and subjectivity, chaos theory and autopoiesis, are effortlessly entrained with classical issues. Canonical texts are looked at with fresh eyes. Unresolved social and political questions are doggedly persisted with, and new perspectives on the human experience are pioneered. We are not afraid of long words, even if French in origin, but nor are we afraid to recognise that we are physical beings who touch other beings, who hold, desire, and remember - and who talk, talk, talk. For surely it is theoretically-sensitive work in psychology - whether "critical" or not - that best represents what the discipline has to offer the wider community.

Rapture of the Nerds Cory Doctorow 2013-04-12 At the dusk of the twenty-first century, Welsh technophobe Huw is one of the billion or so hominids left on Earth, living in a preserve at the bottom of a gravity well. The rest have emigrated, uploading their consciousness to a vast cloud that fogs the inner solar system with a dust of molecular machinery, and occasionally spams Earth with plans for cataclysmically disruptive technologies. Wary of anything more sophisticated than his bicycle, Huw jumps at the chance to attend tech jury service and defend the Earth from the scum of the post-singularity patent office. But his long-awaited stint is cut short when he becomes infected with an itchy technovirus, and unwittingly becomes the last hope of the entire universe.

How Canadians Communicate V David Taras 2016-03-15 Fewer Canadians than ever are lacing up skates, swimming lengths at the pool, practicing their curve ball, and experiencing the thrill of competition. However, despite a decline in active participation, Canadians spend enormous amounts of time and money on sports, as fans and followers of sporting events and sports culture. Never has media coverage of sports been more exhaustive, and never has it been more driven by commercial interests and the need to fuel consumerism, on which corporate profits depend. But the power plays now occurring in the arena of sports are by no means solely a matter of money. At issue as well in the media capture of sports are the values that inform our daily lives, the physical and emotional health of the population, and the symbols so long central to a sense of Canadian identity. Writing from a variety of perspectives, the contributors to this collection set out to explore the impact of the media on our reception of, and attitudes toward, sports—to unpack the meanings that sports have for us as citizens and consumers. Some contributors probe the function of sports as spectacle—the escalation of violence, controversies over drug use, and the media's coverage of tragic deaths—while others shed light on the way in which the media serve to transform sports into a vehicle for the expression of identity and nationalism. The goal is not to score points but to

prompt critical discussion of why sports matter in Canadian life and culture and how they contribute to the construction of identity.

Breaking Intergenerational Cycles of Repetition Pumla Gobodo-Madikizela 2016-01-18 The authors in this volume explore the interconnected issues of intergenerational trauma and traumatic memory in societies with a history of collective violence across the globe. Each chapter's discussion offers a critical reflection on historical trauma and its repercussions, and how memory can be used as a basis for dialogue and transformation. The perspectives include, among others: the healing journey of three generations of a family of Holocaust survivors and their dialogue with third generation German students over time; traumatic memories of the British concentration camps in South Africa; reparations and reconciliation in the context of the historical trauma of Aboriginal Australians; and the use of the arts as a strategy of dialogue and transformation.

Black Campus Life Antar A. Tichavakunda 2021-12-01 An in-depth ethnography of Black engineering students at a historically White institution, Black Campus Life examines the intersection of two crises, up close: the limited number of college graduates in science, technology, engineering, and math (STEM) fields, and the state of race relations in higher education. Antar Tichavakunda takes readers across campus, from study groups to parties and beyond as these students work hard, have fun, skip class, fundraise, and, at times, find themselves in tense racialized encounters. By consistently centering their perspectives and demonstrating how different campus communities, or social worlds, shape their experiences, Tichavakunda challenges assumptions about not only Black STEM majors but also Black students and the "racial climate" on college campuses more generally. Most fundamentally, Black Campus Life argues that Black collegians are more than the racism they endure. By studying and appreciating the everyday richness and complexity of their experiences, we all—faculty, administrators, parents, policymakers, and the broader public—might learn how to better support them. Sense and Solidarity Jean Drèze 2019 This collection of Jean Drèze's essays offer a unique insight on issues of hunger, poverty, inequality, corruption, conflict, and the evolution of social policy in India over the last twenty years. 'Sense and Solidarity' enlarges the boundaries of social development towards a broad concern with the sort of society we want to create.

Re-Authored Life Narratives After Trauma: A Holistic Narrative Model of Care Charles B. Manda 2019-12-12 Re-authoring Life Narratives after Trauma is an interdisciplinary, specialist resource for traumatic stress researchers, practitioners and frontline workers who focus their research and work on communities from diverse religious backgrounds that are confronted with trauma, death, illness and other existential crises. This book aims to argue that the biopsychosocial approach is limited in scope when it comes to reaching a holistic model of assessing and treating individuals and communities that are exposed to trauma. The holistic model must integrate an understanding of and respect for the many forms of religion and spirituality that clients might have (Pargament 2011). It will not only bring a spiritual perspective into the psychotherapeutic dialogue, but it will also assist in dealing with the different demands in pastoral ministry as related to clinical and post-traumatic settings. The book makes several contributions to scholarship in the disciplines of, although not limited to, traumatic stress studies, pastoral care and counselling, psychology and psychiatry. Firstly, the book brings spirituality into the psychotherapeutic dialogue; traditionally, religious and spiritual topics have not been a welcome part of the psychotherapeutic dialogue. Secondly, it underscores the significance of documenting literary narratives as a means of healing trauma; writing about our traumas enables us to express things that cannot be conveyed in words, and to bring to light what has been suppressed and imagine new possibilities of living meaningfully in a changed world. Thirdly, it proposes an extension to the five-stage model of trauma and

recovery coined by Judith Herman.

Ross-Ade Robert C. Kriebel 2019-07-15 Dave Ross (1871-1943) and George Ade (1866-1944) were trustees, distinguished alumni and benefactors of Purdue University. Their friendship began in 1922 and led to their giving land and money for the 1924 construction of Ross-Ade Stadium, now a 70,000 seat athletic landmark on the West Lafayette campus. Their life stories date to 1883 Purdue and involve their separate student experiences and eventual fame. Their lives crossed paths with U.S. First Lady Eleanor Roosevelt, Henry Ford, Amelia Earhart, and Will Rogers among others. Gifts or ideas from Ross or Ade led to creation of the Purdue Research Foundation, Purdue Airport, Ross Hills Park, and Ross Engineering Camp. They helped Purdue Theater, the Harlequin Club and more. Ade, renowned author and playwright, did butt heads with Purdue administrators at times long ago, but remains a revered figure. Ross's ingenious mechanical inventions of gears still steer millions of motorized vehicles, boats, tractors, even golf carts the world over.

In Service of the Republic Vijay Kelkar 2019-12-06 As a \$3-trillion economy, India is on her way to becoming an economic superpower. Between 1991 and 2011, the period of our best growth, there was also a substantial decline in the number of people below the poverty line. Since 2011, however, there has been a marked retreat in the high growth performance of the previous two decades. What happened to the promise? Where have we faltered? How do we change course? How do we overcome the ever-present dangers of the middle-income trap, and get rich before we grow old? And one question above all else: What do we need to do to make our tryst with destiny? As professional economists as well as former civil servants, Vijay Kelkar and Ajay Shah have spent most of their lives thinking about and working on these questions. The result: In Service of the Republic, a meticulously researched work that stands at the intersection of economics, political philosophy and public administration. This highly readable book

lays out the art and the science of the policymaking that we need, from the high ideas to the gritty practicalities that go into building the Republic.

For researchers, professionals and decision-makers, this text provides important new insight into the impact of child protection policies, and into the potential for evidence-based practice in youth sport.

Practical Research Paul D. Leedy 2013-07-30 For undergraduate or graduate courses that include planning, conducting, and evaluating research. A do-it-yourself, understand-it-yourself manual designed to help students understand the fundamental structure of research and the methodical process that leads to valid, reliable results. Written in uncommonly engaging and elegant prose, this text guides the reader, step-by-step, from the selection of a problem, through the process of conducting authentic research, to the preparation of a completed report, with practical suggestions based on a solid theoretical framework and sound pedagogy. Suitable as the core text in any introductory research course or even for self-instruction, this text will show students two things: 1) that quality research demands planning and design; and, 2) how their own research projects can be executed effectively and professionally.

The Year without a Purchase Scott Dannemiller 2015-08-04 The Year without a Purchase is the story of one family's quest to stop shopping and start connecting. Scott Dannemiller and his wife, Gabby, are former missionaries who served in Guatemala. Ten years removed from their vow of simple living, they found themselves on a never-ending treadmill of consumption where each purchase created a desire for more and never led to true satisfaction. The difference between needs and wants had grown very fuzzy, and making that distinction clear again would require drastic action: no nonessential purchases for a whole year. No clothes, no books, no new toys for the kids. If they couldn't eat it or use it up within a year (toilet paper and shampoo, for example), they wouldn't buy it. Filled with humorous wit, curious statistics, and poignant conclusions, the book examines modern America's spending habits and chronicles the highs and lows of dropping out of our consumer culture. As the family bypasses the checkout line to wrestle with the challenges of gift giving, child rearing, and keeping up with the Joneses, they discover important truths about human nature and the secret to finding true joy. The Year without a Purchase offers valuable food for thought for anyone who has ever wanted to reduce stress by shopping less and living more.

Lies Young Women Believe Nancy Leigh DeMoss 2008-09-01 You have been lied to! Have you been deceived? Through a nationwide survey and in-

depth discussion groups, Nancy and Dannah have listened carefully to the heart of your generation. And here are some things they've heard: -"I know God should be the only thing that satisfies, but if it could be Him and my friends, then I could be happy." -"It seems like I have been struggling with depression forever. I always feel like I am not good enough." - "I tell myself that I don't really listen to the song lyrics, but once I hear a song a few times and start thinking about what they're saying I realize that it's too late. It's already stuck in my head." -"For me, the whole wife and mom thing is overrated. It isn't cool to want a husband and a family." Maybe you can identify. Trying to listen to the right voices can be difficult. This book has been written by friends who will help you find the Truth. Maybe your heart is telling you that some things in your life are way off course. Certain habits and relationships have left you confused and lonely. This is not the way it's supposed to be. In this book, Nancy and Dannah expose 25 of the lies most commonly believed by your generation. They share real-life accounts from some of the young women they interviewed, along with honest stories about how they've overcome lies they believed themselves. They get down in the trenches of the battle with you. Best of all, they'll show you how to be set free by the Truth.
