Where There's a Will There's a Way - Laurie Maguire 2011-01-12

If you've ever fallen in love with the wrong person, been held back by your insecurities, endured the pressures of family, dealt with the loss of a loved one, or fought to overcome obsessive behaviours in yourself or in others, then you've participated in the folly of life. In other words, you've undertaken a role in the high drama - and comedy - of a Shakespeare play. Covering such universal subjects as identity, the battle of the sexes, family relationships, love, loss and death, Maguire shows how the dilemmas illustrated in the bard's classic tragedies, comedies and histories can help readers explore their own emotions and judgements. Together, Maguire and Shakespeare offer suggestions, comfort, empathy, and encouragement as they set out a timeless principle for living. To read Shakespeare is to understand what it means to be human. To read "Where There's a Will There's a Way" is to better understand how to deal with it.

The Elite Way - Tariq Nasheed 2009

This book, *The Elite Way*, is designed to give men straightforward rules about dating and relationships without the filter of political correctness. To some, the concept of rules as they pertain to relationships may seem rigid, cold or calculating. After all, we have been taught that relationships are supposed to be based on spontaneity, chance encounters, luck and uncontrollable emotions. Any game or situation you get into has to have rules for there to be order. If you play a game like blackjack or poker, it is gambling, but it is also a game of strategy. That's why poker is often considered a sport. Understanding and effectively dealing with women is a sport. That's why men who have mastered certain strategies to get women are often called "players." Best selling author and world renowned "Game Advisor" Tariq Elite (*The Art Of*

Mackin, *Play Or Be Played*, *The Mack Within*, etc) breaks down the 10 essential rules that every man should know in order to effectively deal with women. Comprehending these rules will help any man master the sport of dating and relationships.

The Gospel of Germs - Nancy Tomes 1999-09-01

AIDS. Ebola. "Killer microbes." All around us the alarms are going off, warning of the danger of new, deadly diseases. And yet, as Nancy Tomes reminds us in her absorbing book, this is really nothing new. A remarkable work of medical and cultural history, *The Gospel of Germs* takes us back to the first great "germ panic" in American history, which peaked in the early 1900s, to explore the origins of our modern disease consciousness. Little more than a hundred years ago, ordinary Americans had no idea that many deadly ailments were the work of microorganisms, let alone that their own behavior spread such diseases. *The Gospel of Germs* shows how the revolutionary findings of late nineteenth-century bacteriology made their way from the laboratory to the lavatory and kitchen, with public health reformers spreading the word and women taking up the battle on the domestic front. Drawing on a wealth of advice books, patent applications, advertisements, and oral histories, Tomes traces the new awareness of the microbe as it radiated outward from middle-class homes into the world of American business and crossed the lines of class, gender, ethnicity, and race. Just as we take some of the weapons in this germ war for granted--fixtures as familiar as the white porcelain toilet, the window screen, the refrigerator, and the vacuum cleaner--so we rarely think of the drastic measures deployed against disease in the dangerous old days before antibiotics. But, as Tomes notes, many of the hygiene rules first popularized in those days remain the foundation of infectious disease control today. Her work offers a

timely look into the history of our long-standing obsession with germs, its impact on twentieth-century culture and society, and its troubling new relevance to our own lives.

4,000 Questions for Getting to Know Anyone and Everyone, 2nd Edition - Barbara Ann Kipfer 2015-04-07

4,000 ways to achieve instant intimacy. With new and updated questions! What, more than anything, makes you angry? Who were your childhood idols? What kind of leader are you most inclined to follow? What has happened to the art of conversation? In the age of the Internet, speed dating, and frantic text messaging, have we forgotten how to meaningfully connect? This book of 4,000 provocative questions will help you get to know anyone and everyone in every social situation. Use it to go beyond small talk at parties, networking events, dates, dinner tables, and road trips. It's for getting to know someone you just met and learning a lot more about someone you thought you already knew (who may be yourself). ·A perfect social tool for the Internet generation ·Features thematic sections on lifestyle choices, pastimes, politics, family, and more ·A resource for self-discovery and for journalists and writers doing interviews and developing characters, plots, and story lines
Succeed and Grow Rich Through Persuasion - Napoleon Hill 1992
In this remarkable book, Napoleon Hill, whose world bestseller, *Think and Grow Rich*, has shown millions of people the way to success, reveals the most potent and practical part of his famous formula: the art of persuasion.

Global Corruption Report: Sport - Transparency International 2016-02-05
Sport is a global phenomenon engaging billions of people and generating annual revenues of more than US\$ 145 billion. Problems in the governance of sports organisations, fixing of matches and staging of major sporting events have spurred action on many fronts. Yet attempts to stop corruption in sport are still at an early stage. The Global

Corruption Report (GCR) on sport is the most comprehensive analysis of sports corruption to date. It consists of more than 60 contributions from leading experts in the fields of corruption and sport, from sports organisations, governments, multilateral institutions, sponsors, athletes, supporters, academia and the wider anti-corruption movement. This GCR provides essential analysis for understanding the corruption risks in sport, focusing on sports governance, the business of sport, planning of major events, and match-fixing. It highlights the significant work that has already been done and presents new approaches to strengthening integrity in sport. In addition to measuring transparency and accountability, the GCR gives priority to participation, from sponsors to athletes to supporters an essential to restoring trust in sport.

A Guy's Guide to Dating - Brendan Baber 1998-01-20

Bachelorhood used to be something young men aspired to. A man alone was a man empowered. But not anymore. As we cross the threshold into the twenty-first century, the state of being stag has lost its luster. In *A Guy's Guide to Dating*, Brendan Baber and Eric Spitznagel shepherd guys from ages thirteen to thirty through the murky waters of the modern dating pool and then escort them down the path to contemporary relationship nirvana, covering all the stages of masculine romantic development. Topics covered start at childhood with "Dating Your Mom (Early Lessons in Love)," "Hand Jive: The Jerk-Off Years," then move on to "High School Confidential: An Introduction to the 16-Year-Old Girl," "Higher Learning (or How to Spend \$15,000 a Year to Get Stoned, Date Lesbians, Argue with Feminists, and Contract Herpes," and then end up with "Commitment and Other Things That Scare the @#%! Outta Us" and "The M Word." Readers can say they are buying it for the most hilarious testosterone-tinged humor in a generation-when in fact many of them will pick it up for the genuinely practical, sane, intelligent dating

advice. A brash, sidesplitting guide through the pitfalls of modern romance, modern women, modern etiquette, and good old-fashioned lust, A Guy's Guide to Dating explains the art of finding women and then snaring them '90s style. This is a book no single man will want to be without, and no single woman will be able to resist buying for the men in her life.

The Case for Marriage - Linda Waite 2002-03-05

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. The Case for Marriage is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book's findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual

relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. The Case for Marriage combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. "A compelling defense of a sacred union. The Case for Marriage is well written and well argued, empirically rigorous and learned, practical and commonsensical." -- William J. Bennett, author of The Book of Virtues "Makes the absolutely critical point that marriage has been misrepresented and misunderstood." -- The Wall Street Journal www.broadwaybooks.com
