The Darwin Wars - Andrew Brown 2000

THE DARWIN WARS is an entertaining, explanatory account of the evolution of today's neo-Darwinist theories, including the influential Selfish Gene theory - and the misunderstandings and even deep hatreds they provoke. The two scientific camps are currently divided between 'Dawkinsians' on the one hand, who may not agree with Richard Dawkins about very much but are convinced Stephen Jay Gould is dangerously wrong, and the 'Gouldians' on the other hand who take the opposite view. The two sides agree that Darwinian evolution explains the appearance and complexity of living beings. They disagree about almost everything else . . . Their vitriolic attacks might seem like academic storms in a teacup but in fact they are disputing our very nature and place in the world. For the first time, an impartial observer explains and evaluates the ideas that have transformed biology since the 1960s, their importance and the criticisms that have been made of them. Above all, THE DARWIN WARS shows the profound impact these theories have had on our beliefs and our culture.

Downsizing Democracy - Matthew A. Crenson 2004-03-08

Originally published in 2002. In *Downsizing Democracy*, Matthew A. Crenson and Benjamin Ginsberg describe how the once powerful idea of a collective citizenry has given way to a concept of personal, autonomous democracy. Today, political change is effected through litigation, lobbying, and term limits, rather than active participation in the political process, resulting in narrow special interest groups dominating state and federal decision-making. At a time when an American's investment in the democratic process has largely been reduced to an annual contribution to a political party or organization, *Downsizing Democracy* offers a critical reassessment of American democracy.

Daily Dishonesty - Lauren Hom 2014-09-02

A colorful compendium of little white lies, based on the award-winning, "bitingly honest" blog (Imprint). With *Daily Dishonesty*, designer and blogger Lauren Hom pays homage to the (mostly) innocent foibles that make us human. With 150+ hilariously common lies, beautifully illustrated by Hom, *Daily Dishonesty* touches on topics from breakups, friendship, and growing up to slacking off and guilty pleasures, in hand-lettered mantras that are all too honest about our untruths. Praise for the *Daily Dishonesty* blog "Simply wonderful!" —SwissMiss "Cleverly and adorably displays lies." —Complex Magazine "Really inspiring for those of you who want to dabble in hand lettering." —Miss Moss

Striding Both Worlds - Melissa Kennedy 2011-01-01

Striding Both Worlds illuminates European influences in the fiction of Witi Ihimaera, Aotearoa New Zealand's foremost Māori writer, in order to question the common interpretation of Māori writing as displaying a distinctive Māori world-view and literary style. Far from being discrete endogenous units, all cultures and literatures arise out of constant interaction, engagement, and even friction. Thus, Māori culture since the 1970s has been shaped by a long history of interaction with colonial British, Pakeha, and other postcolonial and indigenous cultures. Māori sovereignty and renaissance movements have harnessed the structures of European modernity, nation-building, and, more recently, Western global capitalism, transculturation, and diaspora - contexts which contest New Zealand bicultural identity, encouraging Māori to express their difference and self-sufficiency. Ihimaera's fiction has been largely viewed as embodying the specific values of Māori renaissance and biculturalism. However, Ihimaera, in his techniques, modes, and themes, is indebted to a wider range of literary influences than national literary critique accounts for. In taking an international literary perspective, this book draws critical attention to little-known or disregarded aspects such as Ihimaera's love of opera, the extravagance of his baroque lyricism, his exploration of fantasy, and his increasing interest in taking Māori into the global arena. In revealing a broad range of cultural and aesthetic influences and inter-references commonly seen as irrelevant to contemporary Māori literature, *Striding Both Worlds* argues for a hitherto frequently overlooked and undervalued depth and complexity to Ihimaera's imaginary. The present study argues that an emphasis on

difference tends to lose sight of fiction's capacity to appreciate originality and individuality in the polyphony of its very form and function. In effect, literary negotiation of Māori sovereign space takes place in its forms rather than in its content: the uniqueness of Māori literature is found in the way it uses the common tools of literary fiction, including language, imagery, the text's relationship to reality, and the function of characterization. By interpreting aspects of Ihimaera's oeuvre for what they share with other literatures in English, *Striding Both Worlds* aims to present an additional, complementary approach to Māori, New Zealand, and postcolonial literary analysis.

Let Me Off at the Top! - Ron Burgundy 2013-11-19

The autobiography everyone has been waiting for: a shockingly candid and raw confessional from an international treasure. The world's most trusted and beloved television News Anchor, Ron Burgundy, pulls no punches in *Let Me Off at the Top!* Burgundy tells the tale of his humble beginnings in a desolate Iowa coal-mining town to his years at Our Lady Queen of Chewbacca High School to his odds-defying climb to the dizzying heights of Anchordom. In his very own words Burgundy reveals his most private thoughts, his triumphs - and his disappointments. His life reads like an adventure story complete with knock-down fights, beautiful women and double-fisted excitement on every page. He has hunted jackalopes with Bobby Kennedy and Peter Lawford, had more than his share of amorous exploits and formed the greatest on-air team in the history of televised news. Along the way, he's hobnobbed with people you wish you knew and some you honestly wish you didn't— celebrities, presidents, presidents' wives, celebrities' wives, dogs and, of course, Veronica Corningstone, the love of his life. Who didn't Mr. Burgundy, or 'Ron', as he is known to his friends, rub elbows with in the course of his colourful and often criminal life? This may well be the most thrilling book ever written, by a man of great physical, moral and spiritual strength and, not surprisingly, a great literary talent as well. We owe it to him, and to ourselves, to read it. With never-before-seen photographs. Some in colour!

Kind of a Big Deal - Saul Austerlitz 2023-08-22

From the author of *Generation Friends*, featuring brand-new interviews with Will Ferrell and Adam McKay, a surprising, incisive, and often hilarious book about the film that changed comedy, *Anchorman*. It's been nearly twenty years since Ron Burgundy burst into movie fans' lives, reminding San Diego to "stay classy" while lampooning a time gone by—although maybe not as far gone as we might think? In *Kind of a Big Deal*, comedy historian Saul Austerlitz tells the history of how *Anchorman* was developed, written, and cast, and how it launched the careers of future superstars like Will Ferrell, Steve Carell, and Paul Rudd, also setting the stage for a whole decade of comedy to come and influencing films like *The 40-Year-Old Virgin*, *Talladega Nights*, *Knocked Up*, *Superbad*, and so many more. But *Kind of a Big Deal* isn't only a celebration of *Anchorman*—it's also a cultural analysis of the film's significance as a sly commentary on feminism, the media, fragile masculinity, 1970s nostalgia, and more. Featuring brand-new interviews with stars such as Will Ferrell, director Adam McKay, and other key players, the book includes insider commentary alongside updated pop-culture analysis. And it also shares surprising stories and facts: from the film's original conception as a plane crash/cannibal comedy mashup to the surprising, real-life newscaster who inspired the character of Veronica. Overall, this is a celebration of a movie that millions love—but it's also an unsparing look back at what has and hasn't changed, since the 1970s and since 2004. Perfect for fans of the film and anyone who cares about comedy today, *Kind of a Big Deal* proves that the movie was, and is, exactly that.

Campus Ghosts of Norman, Oklahoma - Jeff Provine 2013-09-17

A study of supernatural activity in the halls of higher learning from the author of *Haunted Oklahoma City*. Since Norman's inception more than 120 years ago as a college town, it has gathered a shadowy history and more than a few residents who refuse to leave. Ghostly organ music and sinister whispers fill school buildings in the night. Patients walk the surgical suites of the old infirmary, which was once a quarantine ward for polio victims. Long-deceased sisters still occupy their sororities—one even requiring an exorcism—and dorms are notorious for poltergeists and unexplainable sounds. Professor Jeff Provine sheds light on some of the darker corners of this historic campus and the secrets that reside there.
