When Sex Was Religion - Larry Falls 2010

Evidence of the connection between sex and religion can be found in fertility cults in all nations of the past. When Sex Was Religion takes a comprehensive look at how sexual practices were originally considered a religion before the introduction of Christianity. Dr. Larry Falls, a registered clinical sexologist specializing in sexual abuse trauma and emotional health, spent five years traveling throughout the United States, Canada, and Europe learning about different religions, cultural history, and sexual behavior while working on his doctoral thesis. In his fascinating exploration into the beginning of human reason and the birth of religious thought includes the importance of reproduction, virgins and temple prostitutes, the original meaning of the cross, Devil worship, witches' Sabbath, and the curse of the evil eye. Dr. Falls also proves that the Kama Sutra, an ancient Hindu religious narrative about pleasure, love, and sexuality was really a Bible designed for the purpose of teaching others to gain favor from the gods by engaging in sexual intercourse. Dr. Falls' examination into sex worship demonstrates that phallic reverence was not only a religion, but also a cause for dominance and sexual exploitation that, to this day, remains part of our social structure.

Faith, Feminism, and the Forum of Scripture - Phyllis A. Bird 2015-08-24

Faith and feminism unite in these essays to explore the theology of the Hebrew Bible as testimony to the faith of ancient Israel and as a source for Christian theology and ethics. Each chapter in Faith, Feminism, and the Forum of Scripture approaches the Bible as a site of theological reflection in which multiple voices are heard (in chorus and debate), as a forum that invites readers to join the conversation and extend it. Acknowledging the patriarchal world of the Bible and the androcentric distortions of its views of both human and divine, they identify foundations and directions that point beyond the cultural frames of the texts. Individual essays present the possibility of an Old Testament theology that integrates feminist insights and concerns into the full range of theological subjects; discuss the theological anthropology of the Hebrew Bible and its root texts in the Genesis creation accounts; outline a proposed new understanding of the authority of the Bible consonant with its nature as a historical, multivocal, and multivalent document; and offer a critical and constructive appraisal of the Old Testament's contribution to current debate on the place of homosexual persons and relations in the church.

The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

Law, Sex, and Christian Society in Medieval Europe - James A. Brundage 2009-02-15

This monumental study of medieval law and sexual conduct explores the origin and development of the Christian church's sex law and the systems of belief upon which that law rested. Focusing on the Church's own legal system of canon law, James A. Brundage offers a comprehensive history of legal doctrines—covering the millennium from A.D. 500 to 1500—concerning a wide variety of sexual behavior, including marital sex, adultery, homosexuality, concubinage, prostitution, masturbation, and incest. His survey makes strikingly clear how the system of sexual control in a world we have half-forgotten has shaped the world in which we live today. The regulation of marriage and divorce as we know it today, together with the outlawing of bigamy and polygamy and the imposition of criminal sanctions on such activities as

sodomy, fellatio, cunnilingus, and bestiality, are all based in large measure upon ideas and beliefs about sexual morality that became law in Christian Europe in the Middle Ages. "Brundage's book is consistently learned, enormously useful, and frequently entertaining. It is the best we have on the relationships between theological norms, legal principles, and sexual practice."—Peter Iver Kaufman, Church History

[Liberating Sexuality](#) - Miguel A. De La Torre 2016-09-06

For two thousand years, Christianity has been wrong about sex. To this day Christians grapple with defining gender, sexism, heterosexism, and what constitutes healthy sex. Miguel A. De La Torre—noted ethicist and scholar on the intersection of religion with race, class, gender, and sexuality—shines new light on these intimate issues in *Liberating Sexuality*, a provocative compilation of his writings that apply justice to the most private parts of our lives. Grounded in biblical scholarship, *Liberating Sexuality* will help you discover new ways of thinking about God beyond gender, heterosexism, masturbation, and many other topics. Wrestle with controversial topics such as an androgynous Jesus, ethical S&M, and confronting racism in one's sexual preference. Gain a critical understanding of how others view their own sexuality in ways you could never before comprehend.

The Masculine Cross - Anonymous 2021-04-26

"The Masculine Cross" by Anonymous. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. [Sex: The Unknown Quantity](#) - Ali Nomad (Alexander J. McIvor-Tyndall) 2021-01-01

Sex: The Unknown Quantity by Ali Nomad (Alexander J. McIvor-Tyndall) is an enlightening exploration of human sexuality, a topic often shrouded in mystery and misconceptions. The book offers a candid discussion that breaks the barriers of silence, seeking to educate and encourage a healthy understanding of sexuality. Nomad's approach is scientific yet empathetic, blending research with insight to shed light on a subject that shapes our lives, relationships, and societies in profound ways. His enlightening exploration addresses misconceptions, social norms, and the psychology behind human sexual behavior. *Sex: The Unknown Quantity* is not just a book; it is an invitation to engage in an open conversation about an integral part of human life. It's a timeless work that challenges societal norms and encourages readers to understand and embrace their sexuality. Whether you're a student of psychology, a sociologist, or simply someone intrigued by the mysteries of human behavior, *Sex: The Unknown Quantity* offers valuable insights. Order your copy today and embark on this fascinating journey of discovery.

Evil Desires and the Kingdom of God - René Gehring 2009-05

Master's Thesis from the year 2009 in the subject History - World History - Early and Ancient History, grade: 1,0, University of Salzburg, language: English, abstract: As the title indicates, this treatise explores the field of Jewish sexual ethics. It is not intended to research all the areas associated with this topic, but to select those realms which best explain the concrete negative attitudes of Jewish society, particularly in the first century CE, towards sexuality. While a very brief introduction provides an interesting background about the pagan (i.e. Greek/Roman) views on Jews, Judaism and Jewish sexuality - as far as the few sources allow - the main chapters are dealing with the following different perspectives: (1) Jewish profane literature (2) Different Jewish sects (schools), including the early Christian "sect" (3) Jewish Holy Scripture, including the later rabbinic (Mishnaic) legislations These differing views on that important topic allow to differentiate between some Jewish "mainstream" practice or understanding and the various facets in different groups or authors. The early Christian "sect" as given in the NT scriptures is included as well as the Mishnaic

legislation in order to demonstrate the two most lasting and durable streams of perception. Both survived until nowadays in the Jewish and Christian communities, which differ quite a lot in legal regulations but still have the same basis as given in the Hebrew Scriptures. By researching, combining, and commenting the numerous Jewish Scriptures, this thesis finally explains what is to be understood by the term "sexual sin" supported by some basic principles, although it has not been possible to investigate every aspect of that huge field. Thus, the goal of providing a well based reasonable argumentation as a foundation of understanding Jewish thinking and practice, especially in the most interesting and "restless" first century CE, is reached quite comprehensively.

Phallic Worship - George Ryley Scott 1982

Sex and Spirit - Clifford Bishop 1997

Orthodox Tradition and Human Sexuality - Thomas Arentzen 2022-11-15

Sex is a difficult issue for contemporary Christians, but the past decade has witnessed a newfound openness regarding the topic among Eastern Orthodox Christians. Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity. Within its unique history, theology, and tradition, Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways. What is at stake in questions of sexuality in the Orthodox tradition? What sources and theological convictions can uniquely shape Orthodox understandings of sexuality? This volume aims to create an agora for discussing sex, and not least the sexualities that are often thought of as untraditional in Orthodox contexts. Through fifteen distinct chapters, written by leading scholars and theologians, this book offers a developed treatment of sexuality in the Orthodox Christian world by approaching the subject from scriptural, patristic, theological, historical, and sociological perspectives. Chapters devoted to practical and pastoral insights, as well as reflections on specific cultural contexts, engage the human realities of sexual diversity and Christian life. From re-thinking scripture to developing theologies of sex, from eschatological views of eros to re-evaluations of the Orthodox responses to science, this book offers new thinking on pressing, present-day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity.

Cyprus in Texts from Graeco-Roman Antiquity - 2023-02-13

This volume explores Cyprus in ancient literature and through contemporary evidence, discussing texts from Greco-Roman antiquity that examine the island, its myths, gods, heroes, and literary output, as well as the way it is perceived in ancient literature.

Sex, Love, and Marriage - Maurice A. Fetty 1998

This book is intended to lead people toward a more mature understanding of the Christian faith with respect to love, marriage, and family.

Gay Witchcraft - Christopher Penczak 2003-06-01

When Christopher Penczak was introduced to Witchcraft, he found a spiritual path that honored and embraced his homosexuality. Now he has written a book of clearheaded theory and practice that is bound to become a classic. With *Gay Witchcraft*, Penczak joins the ranks of his forebearers in spirit, gay writers who have taken a tradition and made it home. This is a complete book of theory and spiritual practices of Witchcraft for the gay community. Penczak's writing will make it much easier for gay, lesbian, bisexual, and transgender people interested in practicing any form of Witchcraft. Exploring the history of Paganism and offering a compendium of spells, meditations, ceremonies, and affirmations that will enrich both the novice and the experienced practitioner seeking out new views of myth, ritual, and healing.

The Masculine Cross, Or, A History of Ancient and Modern Crosses and Their Connection with the Mysteries of Sex Worship - 1891

In the Garden of the Gods - Eva Anagnostou-Laoutides 2016-07-07

Examining the evolution of kingship in the Ancient Near East from the time of the Sumerians to the rise of the Seleucids in Babylon, this book argues that the Sumerian emphasis on the divine favour that the fertility goddess and the Sun god bestowed upon the king should be understood metaphorically from the start and that these metaphors survived in later historical periods, through popular literature including the Epic of Gilgamesh and the Enuma Eliš. The author's research shows that from the earliest times Near Eastern kings and their scribes adapted these metaphors to promote royal legitimacy in accordance with legendary exempla that highlighted the role of the king as the establisher of order and civilization. As another Gilgamesh and, later, as a pious servant of Marduk, the king renewed divine favour for his subjects, enabling them to share the 'Garden of the Gods'. Seleucus and Antiochus found these cultural ideas, as they had evolved in the first millennium BCE, extremely useful in their efforts to establish their dynasty at Babylon. Far from playing down cultural differences, the book considers the ideological agendas of ancient Near Eastern empires as having been shaped mainly by class — rather than race-minded elites.
