Stairways to Heaven - Lorna Byrne 2010-09-16
Lorna Byrne sees and talks with angels every day of her life and has done since she was a

baby. As a child Lorna was told by the angels that her job on this earth was to share the wisdom and knowledge that God and the angels were giving her. When Lorna's husband died, her world fell apart. In *Stairways to Heaven* she tells the story of how she pulled her life back together and how she, an uneducated mother of four, broke her silence and started to spread the angels' message to the world. Lorna tells us of the future that God envisages for us - and some possible other futures, depending on the decisions we make. 'Everyone must play their part', she says. She reveals some of the most extraordinarily detailed information about angels and the way they work in the world, that has ever been written down. She also introduces us to the Guardian Angel of the Earth and explains why it is so important that we listen to him. She tells the tragic love story of two spirits who she met first as a young child. These spirits stayed close to her for twenty years using Lorna's spiritual gifts to heal those who had done them wrong - and also to heal the descendants of those wrongdoers, whose lives were still being overshadowed. The overwhelming reaction of readers to Lorna's writing - regardless of religious belief - is that it gives them hope, helping them to realise that no matter how alone they might feel they have a guardian angel by their side.

My Guardian Angel, My Best Friend - Lorna Byrne 2020-11-05

Here, for the first time, she has written stories, inspired by real life, of seven children whose lives were transformed and made better by their interaction with their guardian angels. Among these, there is a story of a little girl called Suzy, paralysed from birth and unable to play with other children. Angels play with her and bring her great happiness. In another story a little girl called Emma is mean to her classmates and gets her little brothers into trouble at home. Her guardian angel gradually prompts her towards a more harmonious and happy life. Tommy feels he is an outsider because he is not good at football. Then with his guardian angel's loving help and attention,

Tommy scores a brilliant goal! Lorna began telling stories to her daughter Aideen at an age when, like all children, she was beginning to focus far more on the material world and less on spiritual influences. These stories are written to show children the ways in which they can ask for help from their guardian angels and perhaps even to catch a glimpse of them.

'He never says please', she sighed, but she gathered up her things. When Brimstone called, she always came. In general, Karou has managed to keep her two lives in balance. On the one hand, she's a seventeen-year-old art student in Prague; on the other, errand-girl to a monstrous creature who is the closest thing she has to family. Raised half in our world, half in 'Elsewhere', she has never understood Brimstone's dark work - buying teeth from hunters and murderers - nor how she came into his keeping. She is a secret even to herself, plagued by the sensation that she isn't whole. Now the doors to Elsewhere are closing, and Karou must choose between the safety of her human life and the dangers of a war-ravaged world that may hold the answers she has always sought. 'Remarkable and beautifully written . . . The opening volume of a truly original trilogy.' GUARDIAN

There's More to Life Than This - Theresa Caputo 2013-10-01

For fans of TLC's Long Island Medium and anyone interested in the big questions of life, death, and finding out what's important in between, New York Times bestselling author and medium Theresa Caputo shares how she discovered her gift and her many encounters with Spirit. Beloved medium Theresa Caputo, star of the hit television show Long Island Medium, opens the door to her world and invites you to experience her exceptional gift of communicating with those who've crossed over to the Other Side. The always funny, frank, and down-to-earth medium—whether she's talking to her family, the local butcher, or the souls of those who've passed on—began communicating with Spirit at the age of four, but didn't fully accept her gift until she was thirty-three years old. She had a good life as a busy wife and working mom, but also suffered from chronic anxiety that, as it turned out, came from ignoring her abilities. Once Theresa began channeling, she realized that she felt much better after delivering a message from Spirit and releasing that energy. Since then she's used her extraordinary gift to help people heal from the loss of their loved ones. Theresa feels that it's her purpose to make us all aware that there is more to life than what we see here in the physical world. She wants you to know that your deceased loved ones are safe and at peace, and that they're now with you in a different way—watching over you, loving you, and assisting you from the Other Side. She also wants you to realize that the unexplainable things you sense and feel from these souls are real, and that it's healthy and essential to acknowledge them. There's More to Life Than

This lends insight on how Theresa's mediumship works, what happens to your soul when you die, what Spirit says Heaven is like, what the deceased want you to know, the importance of living a positive life, and the many roles that your family, friends, angels, guides, souls of faith, and God play here and in the afterlife. It also explores how to safely connect with Spirit, so that you can recognize when your loved ones are reaching out. Through Theresa's personal story, compelling anecdotes, and fascinating client readings, she teaches us about how she communicates with Spirit and helps us to understand and appreciate the important lessons and touching messages that we're meant to embrace every day.

2018-05-31

Lorna Byrne has helped millions of people around the world by calling on them to realise that they each have a guardian angel and by showing them that can ask for help from God and the angels. Lorna is often asked for help on how to ask and how to pray, so in this new book she gives detailed advice and also includes prayers for different occasions. She says: 'Sometimes our prayers are so focussed on asking for things, we forget to listen out for what God, the angels and our love ones are trying to tell us. God always has this abundance of blessings prepared for us, small blessings and great blessings. He wants to give every individual great life-changing blessings, beginning when that individual is born. God will do everything to make it happen, but He will never infringe on an individual's free will, which a good reason for us to engage intelligent conversation with him - listening as well as asking - in prayer.'

Revolt of the Rebel Angels - Timothy Wyllie
2013-09-02

A rebel angel's perspective on the Lucifer Rebellion 203,000 years ago and her insight into its past and future effects on consciousness • Explores how the angelic revolt led to Earth's celestial quarantine for more than 200,000 years • Draws parallels between the Process Church and the Lucifer Rebellion • Describes the rise and fall of Lemuria in connection with the rebel angels • Reveals how the 100 million angels currently incarnated in human bodies can help with Earth's return to the Multiverse and the coming transformation of consciousness After 200 millennia of celestial quarantine in the wake of Lucifer's angelic revolt, Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse. With this redemption comes a massive transformation of consciousness and a reconnection to our cosmic destiny. But why did the angels revolt and how has that event shaped our planet's past and its future? Writing through Timothy Wyllie, rebel angel Georgia shares insights from her half a million years stationed on Earth as a watcher and from her part in the angelic revolution. She reveals details of the Lucifer Rebellion, including the role played by Planetary Prince Caligastia and his team of angelic administrators--thought by some to be the Nephilim or Anunnaki of Sumerian myth--who followed Lucifer into the rebellion, ultimately leading to the quarantine of Earth and 36 other planets. Interweaving her story with events from Wyllie's life, Georgia draws parallels between Wyllie's involvement with the Process Church in the 1960s and the events of the angelic rebellion and celestial quarantine. She explores the rise and fall of the island civilization of Lemuria, or Mu, as well as Atlantis and the Maya. Georgia reveals there are more than 100 million rebel angels currently granted mortal incarnation on Earth at all levels of society and in all countries--most of whom are

still unaware of their angelic heritage. Now that we are free of Prince Caligastia's behind-the-scenes manipulations, the stage is set for the rebel angels to begin redeeming their past and help Earth realize its significance in the wondrous destiny of the Multiverse.
