### Twisted Kingdom - Rina Kent 2021-11-24

The kingdom isn't supposed to fall. The truth screws you over before it sets you free. Masks drop. Secrets unravel. Elsa's race after the past blinds her from the present. I'll fight for her. I'll bring her back. I'll protect her even if it's the last thing I do. We made a promise. She's mine. Are you ready for one final game, sweetheart? Twisted Kingdom is book three of Royal Elite Series and should be read after Deviant King & Steel Princess. This is a dark high school bully romance, mature new adult, and contains dubious situations that some readers might find offensive. This book is the final part of a trilogy and is NOT standalone.

### *There Are No Saints* - Stephen Kanicki 2021-02-04

In the summer of 1857, the Devil visited Titusville, Pennsylvania and was greeted by an exorcist with a drinking problem and a bad attitude. This is his story: For the low price of five dollars, Dexter "Dex" James will exorcise your demons: the demon of lust, drink, and gluttony.

Unfortunately, he's new in town, and few people take him seriously. The ones that do, don't have a dime to spare. Desperate for money, he elicits help from a boy named Boo and a beautiful woman, named Miss Leslie - she's half his age and a prostitute, but Dex is smitten. After performing a supposed miracle, Dex becomes the talk of Titusville. His billfold and ego grow with each exorcism. Only Miss Leslie's love could make him

happier. However, when an evil entity threatens a young girl, Dex must make a choice: take the coward's way out or stay and fight?

### Columbia Pictures - Bernard F. Dick 2021-10-19

Drawing on previously untapped archival materials including letters, interviews, and more, Bernard F. Dick traces the history of Columbia Pictures, from its beginnings as the CBC Film Sales Company, through the regimes of Harry Cohn and his successors, and ending with a vivid portrait of today's corporate Hollywood. The book offers unique perspectives on the careers of Rita Hayworth and Judy Holliday, a discussion of Columbia's unique brands of screwball comedy and film noir, and analyses of such classics as *The Awful Truth*, *Born Yesterday*, and *From Here to Eternity*. Following the author's highly readable studio chronicle are fourteen original essays by leading film scholars that follow Columbia's emergence from Poverty Row status to world class, and the stars, films, genres, writers, producers, and directors responsible for its transformation. A new essay on Quentin Tarantino's *Once Upon a Time...in Hollywood* rounds out the collection and brings this seminal studio history into the 21st century. Amply illustrated with film stills and photos of stars and studio heads, *Columbia Pictures* is the first book to integrate history with criticism of a single studio, and is ideal for film lovers and scholars alike.

### Punk 57 - Penelope Douglas 2016

"MISHA I can't help but smile at the lyrics in her letter. She misses me.

In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F\*ck it. I need to meet her. I just don't expect to hate what I find. RYEN He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. \*Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+."--Amazon.com

*Battle Scars* - Emily Goodwin 2020

They say time heals all wounds, but sometimes it does just the opposite. The pain festers, seeping deep into your heart. By the time you've realized what happened, it's too late and you're left with a scar that will never go away. I've spent the last year hiding my scars, running from the man who gave them to me. What I thought was love turned out to be a nightmare that won't end, even though I forced myself awake. Love isn't real. Love only leads to heartache. And then I met him, the epitome of tall, dark and handsome. Throw in some sexy confidence and a panty-melting grin, and you have the recipe for a broken heart. Only, my heart is becoming full again, being put back together piece by piece the more time we spend together. I've been down this road before and know it'll end in two ways: we'll ride off in the sunset together and live happily

ever after, or we'll crash and burn so hard neither will survive the wreckage. I want to be hopeful, but history is damned to repeat itself. And I have the scars to prove it.

*Bad* - L. P. Lovell 2017-11-07

True power is never held by good men, only the most perfect of villains. And she and I are both villains... I stole her, and she's so very angry. The cartel princess doesn't like being a pretty little pawn. She fights me when she should fear me. But oh, how her defiance excites me. She would kill me if she could, and I'd ruin her if I had an ounce less control. What a twisted game we play with sweet threats and cruel promises. I crave her madness in the most depraved ways because I know she'll be so beautiful when she bleeds. A queen who could set the world on fire and a king who would call it rain. Two very bad people who want very bad things are never safe together. Some love stories have no heroes.

*Hot Mess* - Emily Goodwin 2019

My life is a hot mess. Single, working, and raising two daughters, it's a miracle I get us up, dressed, and fed every morning. Forget about dating—nobody's got time for that. Even if love hadn't left me jaded, I'm not settling for anything less than perfect this time around. Lucky for me, the perfect man just happens to work in my office. But there's just one small problem: he's my boss, and is totally off limits. But hey, if it's meant to be, it'll find a way, right? Then a night out with friends turns into a night in with the walking-talking bad boy cliché of a bartender. It's just one night. No harm, no foul, right? Except when the hot bartender turns out to be my boss's trouble-making brother, who wants more than just one night with me. The more I resist the spark between us, the more I find myself wanting him too. Which puts me in the middle of what could be the biggest sibling rivalry of the century. Life is messy. And love? Well, love is even messier.

*Auracle* - Gina Rosati 2012-08-07

Trapped outside her body, Anna sees and hears but cannot touch the one she longs to hold. Anna has a secret: she can astrally project out of her body. But when there's an accident and her classmate Taylor gets into Anna's body, what was an exhilarating gift threatens to become a

terrifying reality. Anna and her best friend Rei form a plan to set things right, but they don't anticipate the feelings that are beginning to grow between them. *Auracle* by Gina Rosati is an exciting, sensual novel that explores the relationship between body and soul and the power of a single touch.

**Let's Pretend This Never Happened** - Jenny Lawson 2013-03-05

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. Readers Guide Inside

**There Is No Light In Darkness** - Claire Contreras 2019-06-17

A young woman investigates the dark, hidden secrets of her past while exploring her deep feelings for the young man who's always been her protector in this friends-to-lovers New Adult romantic suspense series.

**Bad Things** - Emily Goodwin 2017-05-11

They say it's better to have loved and lost than to never have loved at all. I think that's total bullshit. No one wants to be a loser in the Game of Love. Trust me, I know. With a lying fiancée and a canceled wedding, I've lost big time. And that loss turned me bitter, so hell bent on vengeance that I almost let it destroy everything. Determined never to go down that dark path again, I've sworn off romance. Work became my priority, my safe place, the one constant in my life that wouldn't tempt me. Until I took on a project I normally wouldn't, and it introduced me to someone I

never would have talked to before. No matter how hard I try, my professionalism slips away the more we work together, and I know it's a disaster in the making. Bad things happen when I open my guarded heart. But when I look at her, bad things are all I want to do.

*The Everything Store: Jeff Bezos and the Age of Amazon* - Brad Stone 2013-10-17

\*\*Winner of the Financial Times and Goldman Sachs Business Book of the Year Award\*\* 'Brad Stone's definitive book on Amazon and Bezos' The Guardian 'A masterclass in deeply researched investigative financial journalism . . . riveting' The Times The definitive story of the largest and most influential company in the world and the man whose drive and determination changed business forever. Though Amazon.com started off delivering books through the mail, its visionary founder, Jeff Bezos, was never content with being just a bookseller. He wanted Amazon to become 'the everything store', offering limitless selection and seductive convenience at disruptively low prices. To achieve that end, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now... Jeff Bezos stands out for his relentless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way that Henry Ford revolutionised manufacturing. Amazon placed one of the first and largest bets on the Internet. Nothing would ever be the same again.

**Steel Princess** - Rina Kent 2021-08-30

The princess isn't supposed to dethrone the king. Elsa He said he'll destroy me, and he did. I might have lost the battle, but the war is far from over. They say it starts with one move to dethrone the king. No one mentioned he'll yank me with him on the way down. Aiden If Steel's little princess wants a war, then war it is. There's only one rule: my rules or none at all. By all means, show me what you got, sweetheart. Steel Princess is book two of Royal Elite series and should be read after *Deviant King*. This is a dark high school bully romance, mature new adult, and contains dubious situations that some readers might find offensive. This book is part of a trilogy and is NOT standalone. The entire trilogy is available.

**Art Worlds** - Howard Saul Becker 1982-01-01

*Twice Burned* - Emily Goodwin 2017-03-01

*Dirty Filthy Rich Men* - Laurelin Paige 2017-03-27

One unexpected and wild weekend with Weston King, and I'm a new woman. He, on the other hand, is the same rich, notorious playboy he's always been. In other words, not the commitment type. So even though we had fun those two days and nights, I moved on quickly from our horizontal time together. Or I thought I did until he offered me a job a month later at his firm in NYC. Can you blame a girl for thinking we might have a chance together? What I didn't anticipate was Donovan Kincaid, Weston's best friend and business partner. He's dangerous and dominant and gets under my skin in ways that no other man has. The worst part? I like it. From NYT Bestselling author Laurelin Paige, discover a whole new world filled with sex, love, power, romance and dirty, filthy rich men.

*Contagious Chaos* - Emily Goodwin 2014-09-22

It's kill or be eaten as the zombie apocalypse rages. Third in the series that dominated the Contagious Reads Horror Con Awards. Orissa Penwell and her friends are faced with disaster, as their zombie-proof compound starts to fill and food supplies dwindle. Fuller's soldiers and Marines have no choice but to venture out into the lawless wastelands of America where they discover a new kind of enemy. What foe could be more frightening than zombies? A fortress for the criminally insane—unhinged survivors who will stop at nothing to take Orissa and her friends down for good. In order serve and protect their compound, will the gang have to abandon their own moral code and engage in a war against the uninfected? How far is Orissa willing to go? Praise for Contagious "I can't give this post-apocalyptic story six stars but I wish I could!" —Tamara Rose Blodgett "In her narrative storytelling, Emily Goodwin presents a refreshingly strong female hero in her zombie-infested, survival tale . . . Goodwin has shown that female writers can make flesh crawl, both living and undead, just as well as her male peers."
