**How to Get Your Ex Girlfriend Back - C. Powell 2012-01-24**

The answer to the question 'can i get my girlfriend back?' is yes...

probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

**Get Your Ex Back Strategy - Oguz Tiras 2018-10-30**

GET YOUR EX BACK STRATEGYSTEP BY STEP STRATEGYThe worst pain imaginable is having someone that you love tell you that they don't want to see you anymore. I, personally, would rather have my legs amputated without anesthesia than go through this type of pain. It's happened to me, it's happened to you and just about anyone else who has ever been fortunate enough to fall in love. As you are sitting around with your heart feeling like it's been ripped out of your chest and fried up with liver and bacon, like something Hannibal Lector would eat, people will be telling you the following: You will get over it He/She was no good for you Time heals all wounds Move on (my personal favorite) It

is his loss - you were way too good for him (or her, however the case may be). These are all tried and true things that people say to try to make you feel better. Some people will be bold enough to start trash talking your ex lover and telling you how they never liked his ears, how he was always burping in front of people and how he made a play for them when he was drunk at last year's Christmas party. This does not make you feel better. As a matter of fact, nothing that anyone says can make you feel better. Let's face it - your heart has been ripped out and trampled on. And no one can say anything to change that except me. I can tell you something that can make you feel better because I can tell you how to get your ex lover back. The first time I tried this, I was 19 years old. I had a boyfriend who I liked but I could tell that his interest in me was waning. I immediately felt that this was because of the fact that I wouldn't put out. But the truth of the matter was that I was too clingy. I began by liking him a little, started to like him a lot and started to show my feelings.
