China Country Study Guide - Strategic Information and Developments Volume 1 Strategic Information and Developments

Bachelor Tales - Sergio Buononasco, MD 2023-07-31
This book is mainly written for men of any age who wish to avoid the pitfalls of dating while seeking a partner for life. Although this is written for men, it can be used by women who will experience similar dating problems in their search for a partner. I have tried to encompass all the problems that you may encounter in dating. But I am sure there are a number of experiences that I have missed. My sincere advice is to proceed slowly with someone that you have met and who seems to be a worthwhile individual. It takes time to

learn about someone, so don't rush if you think you have found a compatible person for life. It is only with frequent contact and deep discussions that one can learn about a person. I strongly suggest that you read the books that I have mentioned in my narrative.

Their usefulness proved invaluable for me in finding a partner for life.

Mastering the Challenges of Dating, Romance, Sex, Relationship and Marriage With Insanely Sexy, Gorgeous & Feminine Asian Women - Pete Truman

2023-06-06

The whole concept of dating and relationship in China (and most Asian countries) is full of drama. The local culture, language, food, customs, and expectations are often far different from what we'd generally experience in the West. Make no mistake, for a typical Joe, it'd often turn out to be a Herculean task to ever date a charming Chinese woman he has been dreaming for long. In most cases, either he'd be a single dude reading books and blogs to figure out what's up in the mainland, or he'd be married (LTRed) to a woman past her peak. Surprisingly, the women here

are rather manipulative. They'd ensure you oblige to their numerous informal terms and conditions -- you'll need to agree to those conditions even before holding her delicate hands. However, it all needn't be so complicated. Finding a suitable Chinese woman is all about understanding her mindset in order to seal the deal. I am Pete. I have lived in China for years and been with a good number of women. I have been through a lot and seen a lot throughout my memorable China years. Although the dating culture in China is full of social dynamics, finding a real gem in China is indeed possible! In this book, I'd share with you some of my tried and tested secrets to truly find the love of your life in China and elsewhere.
