Napoleon and the fair sex, tr. from the French - Frédéric Masson 1894

Napoleon and the Fair Sex -

Frédéric Masson 2013-02-25
Frédéric Masson stands as one of the foremost historians that France has ever produced. His specialist subject was the era of Napoleon, and few men have

*Downloaded from
legacy.opendemocracy.net
on 2022-04-26 by guest*

written such brilliant and penetrating studies of the Emperor. In this volume, translated from his book 'Napoléon et les femmes', Masson charts the Emperor's amorous adventures throughout his life. It is a wonder that Napoleon had any time to engage in the domination of Europe, given his propensity to ladies; he was twice married, cuckolded numerous times, frequent lover of opera singers and actresses, step-father to two children, father to his heir, the Duke of Reichstadt, and the father of at least two illegitimate children. This work masterfully brings Napoleon's often tumultuous relationships with the women in his life with full colour and detail. Author — Masson, Frédéric, 1847-1923.

Translator — Anon. Text taken, whole and complete, from the edition published in London : W. Heinemann, 1896 Original Page Count - 320 pages.

Illustrations — 10 portraits.

Sketches of the Fair Sex, in All Parts of the World -

Anonymous 2017-09-06

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's

books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

From Fair Sex to Feminism -

J A Mangan 2013-11-05

First published in 1987 with the aim of deepening understanding of the place of women in the cultural heritage of modern society, this collection of essays brings together the previously discrete perspectives of women's studies and the social history of sport. Using feminist ideas to explore the role of sport in women's lives, *From Fair Sex to Feminism* is a central text in the study of sport, gender and the body.

Napoleon And The Fair Sex - William Heinemann 1894

The Fair Sex: Women and the Great Western Railway - Rosa Matheson 2011-10-24

The Great Western Railway struggled with what was called 'the women question' for many years. It had heartily agreed with The Railway Sheet and Official Gazette that 'the first aim of women's existence is marriage, that accomplished,

the next is ordering her home'. Yet women were the cheapest form of labour, apart from young girls, presenting the company with a dilemma and the GWR finally succumbed to allowing women to work after heavy external pressures. Using over 100 pictures, Swindon author Rosa Matheson traces the development of this problematic relationship, from its beginnings in the 1870s when women were employed as sewers and netters at Swindon Works, through the changes wrought by the two world wars and the entry of women into railway offices - fiercely opposed by the company and by the unions and many men who resented sharing the lowly paid but prestigious title of 'clerk' with women. The book also uses many original documents and forms as well as written and oral testimonies providing first-hand insights into the women's experiences. *Amusement for the Fair Sex, or Six Sonatines, for the Harpsichord* - Giuseppe Antonio Paganelli 1763
