Punishing the Poor - Loïc Wacquant 2009-05-01

The punitive turn of penal policy in the United States after the acme of the Civil Rights movement responds not to rising criminal insecurity but to the social insecurity spawned by the fragmentation of wage labor and the shakeup of the ethnoracial hierarchy. It partakes of a broader reconstruction of the state wedding restrictive “workfare” and expansive “prisonfare” under a philosophy of moral behaviorism. This paternalist program of penalization of poverty aims to curb the urban disorders wrought by economic deregulation and to impose precarious employment on the postindustrial proletariat. It also erects a garish theater of civic morality on whose stage political elites can orchestrate the public vituperation of deviant figures—the

teenage “welfare mother,” the ghetto “street thug,” and the roaming “sex predator”—and close the legitimacy deficit they suffer when they discard the established government mission of social and economic protection. By bringing developments in welfare and criminal justice into a single analytic framework attentive to both the instrumental and communicative moments of public policy, Punishing the Poor shows that the prison is not a mere technical implement for law enforcement but a core political institution. And it reveals that the capitalist revolution from above called neoliberalism entails not the advent of “small government” but the building of an overgrown and intrusive penal state deeply injurious to the ideals of democratic citizenship. National Conference on Sex Offender Registries - 1998

This document presents the proceedings of the conference. Day One of the conference focused primarily on the sex offender problem from a Federal perspective. A panel of U.S. Justice Department officials discussed various aspects of the Federal statutes and conducted an informative question-and-answer session to address the specific concerns of individual States. DayTwo began with a presentation by FBI representatives concerning preparations the Bureau is taking to assume control of registration and notification functions in States unable to establish their own effective programs.

Murder in California: The Topography of Evil - Marques Vickers 2015-09-30

The second edition of "Murder in California: The Topography of Evil" is Marques Vickers' visual return to 108 infamous crime scenes detailing the shocking and often searing narratives behind each tragedy. Over 225 images amplify insight by escorting the reader to the crime location, offering a critical context and perspective for understanding. The captured snapshots portray visual testimonies of extinguished lives removed by acts of violence. Crime scenes often revert back into unremarkable landscape or unassuming buildings over the ensuing years and decades. Several have altered little since their moment of infamy. Many are passed daily by pedestrian and vehicular traffic unaware of a location's unique significance. California has been the residence for many notorious profiled individual and serial killers including the Zodiac, Ted Unabomber Kaczynski, Charles Manson, Sirhan Sirhan, Jim Jones, Richard Allen Davis, David Carpenter, The Menendez Brothers, Juan Corona, Rodney Alcala, Phil Spector, Dan White, Juan Corona, Richard Ramirez and Scott Peterson. The media has christened some monikers including the Trailside Killer, Children of Thunder, Co-ed Killer, Vampire of Sacramento, Zebra Killers and the Death House Landlady. The state has been the death site of notable victims including Senator Robert Kennedy, San Francisco Mayor George Moscone, Supervisor Harvey Milk, Mobster Bugsy Siegel, Black Panther Huey P. Newton, Journalist Chauncey Bailey, Nicole Simpson-Brown, Rapper Notorious B.I.G., Polly Klaas, Lacy Peterson, the Heaven's Gate cult, singers Marvin Gaye, Sam Cooke and actors Haing Ngor, Ramon Novarro and Sal Mineo. The Murder in California edition profiles are segmented into nine categories including assassinations, abductions, historical legacies, reckless homicides, chance encounters and manslaughters, law enforcement fatalities and controversies, unsolved murders, rampage and serial killers. Within the context of examining each profile, many important issues and questions are raised without necessarily culminating in resolution. These include capital punishment, racial perceptions, contributing parental influences, media reporting, public opinion, juvenile sentencing, self-incrimination protections and the impartiality of our judicial system. An extensive and updated listing of fatality victims is included along with convicted and deceased killers. Each living convict still registered within the United States penal systems is identified by their current penitentiary residence. Vickers' own introduction to the consequences of murder began with the 1968 killings of David Faraday and Betty Lou Jenson by the Zodiac killer in the author's hometown. Faraday was an acquaintance of Vickers through Boy Scouts and his older sister knew both victims. His reflections on the trauma inflicted on his intimate suburban community correspond with the realization that a single homicide affects far more individuals than simply the victim. Hundreds and often thousands may be touched by the arbitrariness and unfairness of life being terminated abruptly and prematurely. Cases Profiled (By Sequential Order and Category): Assassinations: Oakland School Superintendent Dr. Marcus Foster, Mobster Bugsy Siegel, Journalist Chauncey Bailey, Mickey and Trudy Thompson, San Francisco Mayor George Moscone and Supervisor Harvey Milk, Rapper Christopher Wallace (Notorious B.I.G.), The Marin County Courthouse Shootout Massacre, Senator Robert F. Kennedy, Hitman Joseph The Animal Barboza, Vic Weiss and the Wonderland Gang. Abductions: Patty Hearst, Nicholas Markowitz, Brooke Hart, The Onion Field Killings, Polly Klaas, Ramona Irene Price, Cal Poly Student Kristin Smart, Kevin Collins, Rachel Newhouse, Aundria Crawford and Karen Mitchell. Historical Legacies: Fung Little Pete Jing Toy, Charles Crawford, US President Warren Harding, Ned Doheny and Hugh Plunkett, Mary Ellen Pleasant, Orcutt Freeway Sniper, Miles Archer and Eastside Salinas Gang Killings. Chance Encounters and Manslaughter Killings Ennis Cosby, Diane Whipple, Haing Ngor, Huey P. Newton, Johnny Stompanato, Barbara Graham, Marvin Gaye, Phil Hartman, Phil Spector, Ramon Novarro, Ronni Chasen, Sal Mineo, Sam Cooke and Father Eric Freed. The Sex Offender Housing Dilemma - Monica Williams 2018-05-08

"When a South Carolina couple killed a registered sex offender and his wife after they moved into their neighborhood in 2013, the story exposed an extreme and relatively rare instance of violence against sex offenders. While media accounts would have us believe that vigilantes across the country lie in wait for predators who move into their neighborhoods, responses to sex offenders more often involve collective campaigns that direct outrage toward political and criminal justice systems. No community wants a sex offender in its midst, but instead of vigilantism, [the author] argues, citizens often leverage moral, political, and/or legal authority to keep these offenders out of local neighborhoods. Her book, the culmination of four years of research, 70 in-depth interviews, participant observations, and studies of numerous media sources, reveals the origins and characteristics of community responses to sexually violent predators (SVP) in the U.S. Specifically, [this book] examines the placement process for released SVPs in California and the communities' responses to those placements. Taking the reader into the center of these related issues, [the author] provokes debate on the role of communities in the execution of criminal justice policies, while also addressing the responsibility of government institutions to both groups of citizens."--

K-12 Education - Gregory D. Kutz 2011-04-01

There have been cases of physical abuse of children at youth residential treatment programs and public and private schools. However, children are also vulnerable to sexual abuse. A 2004 report estimated that millions of students are subjected to sexual misconduct by a school employee at some time between kindergarten and the twelfth grade (K-12). This report: (1) examines the circumstances surrounding cases where K-12 schools hired or retained individuals with histories of sexual misconduct and determine the factors contributing to such employment actions; and (2) provides an overview of selected federal and state laws related to the employment of convicted sex offenders in K-12 schools. Illus. This is a print on demand report.

California's Megan's Law - 2001-07

California's Megan's Law allows law enforcement to notify the public of serious and high-risk sex offenders who reside in, are employed in, or visit a community. The law requires the California Dept. of Justice to produce a CD-ROM or other electronic medium containing information on serious and high-risk sex offenders. Access to the CD-ROM is mandated to be available to the public at all sheriff's departments and police departments in cities with a population of 200,000 or more as well as through the California Dept. of Justice. Many police departments with smaller jurisdictions have also voluntarily elected to make the CD-ROM available to the public. This report covers 1998 and 1999.

Does Internet Information on Sex Offenders Reduce the Rate of Sex Offenses? - Michael Angelo Roussis 2010

In September 2004, California passed an amendment that expanded the breadth of the State's version of

Megan's Law, the general name for any statute mandating that sex offenders register with the local community after being released from incarceration. This amendment, Assembly Bill 488, created a website under the California Department of Justice so that citizens could search for sex offenders in any community. After the passage of California Assembly Bill 488 in 2004, the number of sex crimes in California dropped nearly 10% from 9,750 to 8,800. I estimate the differential impact that this amendment had on deterring sex crimes by past criminals and new criminals. Using multivariate analyses on all arrests in California from 2001 to 2008, the estimated odds of any arrest being a sex offense are 15.7% lower after the passage of California Assembly Bill 488 compared to before enactment of the law. The odds that any arrest for a new offender will be a sex offense are 7.1% lower compared to before enactment of the amendment. In contrast, the odds that any arrest for a past offender will be a sex offense are 18.7% lower compared to before the law. Therefore, Assembly Bill 488 deterred sex crimes, but with a stronger effect on those offenders with any criminal history than someone without a prior record. This result indicates that California's amendment increasing public access to sex offender information over the Internet has had a deterrent effect on past arrestees. While this is an encouraging effect, the legislature must continue to keep pace with advances in web technology to deter crime.
