Woman of War - Анна Шила
2020-05-01

Woman of War is the first attempt to write about the military conflict on the East of our country in the light of women stories. The book contains 25 stories. Each story is based on real-life events

narrated by real-life women — paramedics, volunteers, journalists, and servicewomen who have gone to the front line to fight for their Homeland. The author tells their hard fates, but at the same time, each heroine is a composite character displaying life and emotions of many female warriors. The women are speakers of Ukraine. Their voice is worth hearing and paying heed to.

The Road To Donetsk - Diane Chandler 2016-11-07

It is 1994 and an idealistic Vanessa Parker enters the world of international aid, bringing with her youth and passion to do good in the 'Wild East' of Ukraine after the sudden collapse of communism. The country and its people completely win her heart. As does Dan, a jaded American Deputy Bureau Chief of USAID. Older, wiser, Dan laughs at Vanessa's naivety. Corruption is rife. The mind-set of the Ukrainian people is at times impenetrable. Her efforts to coordinate millions of dollars worth of aid are met with

ridicule, whilst the British aid experts throw up smoke screens. At times thwarted, Vanessa's determination to help is set when she meets the resourceful, magnificent wives of a Donetsk mining village threatened with pit closures. But then Dan springs a bolt from the blue, which throws her into turmoil... In a world where millions of dollars can either wash away in a moment's corruption, or turn around the lives of the neediest, Vanessa is then forced to pit her own naive desire to make a difference against the chaos of a country and people in transition "A touching love story that illuminates the aid business.

Compelling and enjoyable."

St. John's Eve - Nikolai Gogol
2020-10-09

How far will a man go for love? The short story "St. John's Eve" by Nikolai Gogol from the 19th century recounts the sinister events that transpired in a poor hamlet generations ago, as

relayed by the narrator's grandfather. In a village that no longer exists, a young man called Petro falls head over heels for a beauty, whose father disapproves of the union. Petro is determined to win the hand of the woman of her choosing and solicits an ominous local associated with the devil himself to help him. The consequences are wicked and dangerous and cannot be reversed. The story provided inspiration for Modest Mussorgsky's tone poem Night on Bald Mountain and was adapted into the Soviet-Ukrainian movie The Eve of Ivan Kupalo (1968). Ukrainian-born writer and dramatist Nikolai Gogol (1809-1852) is considered one of the most prominent figures in Russian literature. His unconventional works are often touched by folklore or a hint of the unusual, providing the reader with surprising turns and characters. Gogol has been attached to a range of different literary styles, including Russian literary realism and even surrealism. His stories

include the short story "The Nose" and the famous satirical novel Dead Souls. Gogol's works have inspired numerous stage, film and television adaptations including the movie Inspector General (1949), based loosely on his play with the same name.

Ukrainian Knights - Thomas Ed Posey 2012-04-26

A man goes on the journey of his life. To search out a destiny that hardly anyone has the courage to seek out. To go to distant shores, to embark on adventures that take him around the world and back. A man not on any holy mission attempting to discover the truth, or the meaning of life, yet, not running away when confronted with it.

War in 140 Characters - David Patrikarakos 2017-11-14

A leading foreign correspondent looks at how social media has transformed the modern battlefield, and how wars are fought Modern warfare is a war of narratives, where bullets are fired both physically and virtually. Whether you are a president or

a terrorist, if you don't understand how to deploy the power of social media effectively you may win the odd battle but you will lose a twenty-first century war. Here, journalist David Patrikarakos draws on unprecedented access to key players to provide a new narrative for modern warfare. He travels thousands of miles across continents to meet a de-radicalized female member of ISIS recruited via Skype, a liberal Russian in Siberia who takes a job manufacturing "Ukrainian" news, and many others to explore the way social media has transformed the way we fight, win, and consume wars-and what this means for the world going forward.

The Heart of the Matter -

John D. Loscher 2014-07-26

The heart belonging to Dr.

Jacob Rothmann, M.D.,
Professor of Anatomy and
Physiology at Rosalind Franklin

University of Medicine and

Science is filled with rage. He

has yet to recover from being

romantically spurned some

three decades earlier by the

beautiful Melissa Neithaus in

favor of his irresponsible

roommate, Marty Adkins.

Carrying that anger for nearly

thirty years blackened his

heart beyond reproach. With

the cardiac physician's spirit

completely devoured, he

evolves into a repulsive man

with no redeeming

characteristics whatsoever.

But, with Marty dying of

congestive heart failure,

Melissa re-enters his life? As a

renowned cardiovascular

surgeon, Dr. Rothmann has the

power to do as the woman he

still loves with all his heart

implores? Save Marty's life. But

does he have the heart to do it?

Don't Stick Your Dick in a

Blender - Jonathan Roseland

2020-09-21

Women are dangerous. Good,

yet naive, men routinely wreck

their lives because they “stick

their dick in a blender” —

having sex with the wrong

kinds of women. STDs,

unplanned pregnancies, false

accusations, mental health

headcases, and divorce make

chasing skirts a dangerous

game. While lesser men retreat

from the pursuit of women into

the pixel-powered pleasure

world, you have faith that your

hunt for a virtuous woman will

be fruitful. You can't take a

time-machine back to a more

decent age to find a

marriageable woman. You're

not ready to give up on your

genetic purpose and start

banging sex robots, but you're

tired of the transient,

meaningless flings with

mediocre women. You're likely

underestimating just how risky

sex, a relationship, or marriage

is with the modern woman. But

you're also underestimating

just how rewarding it is to win

the commitment of “a nice girl”

— a truly feminine woman, not at war with the natural order — and intertwine your essence with hers. "Don't Stick Your Dick in a Blender" is an irreverent, politically incorrect exposition of the state of dating in the current year. And a playbook of counter-intuitive approaches, advanced social dynamics lifehacks, along with filtering strategies for avoiding the time-wasters and inglorious skanks. How to meet a nice girl... Meeting a wife-material woman - Yes, it's still possible! Dating post-COVID-19 - The global pandemic/plandemic has changed the game, you must adapt. The truth about marrying an exotic foreign woman - Is it for you? Online dating - Navigating the digital minefield of fakers, flakes, liars, and scams. Mindset demystified - Deprogramming the mainstream (and counter-culture) mindsets that cost you love. Dating abroad - How to do it without getting royally screwed. Avoiding the friend zone - Advanced persuasion and sexual signaling methods. Seducing a virgin - Why this

really matters and how to do it... Eliciting yielding Yin energy - Inspiring a woman to adopt your values. Cultivating her devotion - Get laid like a "lover" and get respect like a patriarchal provider. Tantric "sex hacks" - Up your bedroom skills with an arsenal of holistic biohacks (both ancient and cutting-edge) for life-changing sex. Losing your virginity - Perhaps you're a frustrated virgin or "Incel" disappointed with all the crappy advice about how to lose your virginity. 33 steps are broken down for meaningfully losing your virginity. And in these pages, you'll get the "red pills" on dating, sex, and the fairer sex without the hopelessness and cynicism. You'll learn about the four red flags of a "blender" — deal-breakers that should make you back away slowly from a woman. You'll learn what qualifies as a virtuous woman who you might have a future with. And, why there's a lot of reasons to be optimistic about finding love and even getting married one day. This book is also a story of

hope and redemption, the memoir of a reformed pickup artist who “enjoyed the decline” all the way from America and Colombia to Ukraine and found edifying joy and meaning between the voluptuous thighs of a beautiful Bulgarian woman on the edge of Europe.

Genocide and Rescue in Wołyń - Tadeusz Piotrowski
2000-01-01

After the 1939 Soviet and 1941 Nazi invasions, the people of Southeast Poland underwent a third and even more terrible ordeal when they were subjected to mass genocide by the Ukrainian Nationalists. Tens of thousands of Poles were tortured and murdered, not by foreign invaders, but by their fellow citizens, who sometimes turned out to be their neighbors, relatives, and former friends. Other Ukrainians took terrible risks to protect Poles from the slaughter, and often paid for their compassion with their lives. The children who survived them vividly remember these atrocities and

now, many decades later, tell their tragic tales. These accounts, never before published in English, describe the brutal murders these children witnessed, their own miraculous survival, and the heroic rescues that saved them. Demographic and other statistical information on the area is provided. Also included are appendices listing the Ukrainian victims and providing additional stories from other provinces, as well as ample Ukrainian, Polish, Soviet, German, and Jewish documentation and a comprehensive chronology. An index and bibliography are also included.
