The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself.

There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final

portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Coaching Women's Softball - Steve Meyer
2021-06-02

What do women softball players look for in a coach? Drawing on interviews with 50 college players and a survey of players from all NCAA divisions, this book explores what players want and need: someone who connects with them on and off the field, a competent leader who knows and loves the game and mentors them with a vision beyond softball. Coaches from major Division One conferences, as well as Divisions Two and Three and Junior College ranks, share their experiences and coaching strategies--among them four-time Olympian Laura Berg, Baylor University Coach Glenn Moore, University of South Carolina Coach Bev Smith, and four coaches with national championships to their credit. Taking cues from the coaches and players themselves, softball coaches will have

the tools they need to revolutionize their approaches.

The Beauty of a Woman - Ray Morgan OMD., Ph.D. 2013-12

"What do women want?" Freud's most famous question is answered by Dr. Ray Morgan in his new book, *The Beauty of A Woman-Her Four Emotional, Physical & Spiritual Phases*. In this book, Dr. Morgan brings his candor, wit and solid wisdoms as he chronicles each phase of a woman's journey from puberty through post-menopause. Hot flashes, night sweats, bone loss, mid-life slumps, loneliness, marital and family stress, work anxieties and issues of power all take on new urgency as women contemplate the decades ahead. Dr. Morgan explores a woman's needs, concerns, problems, passions, hopes and frustrations while drawing from the many confessions he has gained from thousands of women over the years. He guides the contemporary woman through the turbulent challenges and surprising pleasures that comes with each change in a concrete and compassionate way. Dr. Morgan reveals in this major new book that it is between puberty and post-menopause that life precisely happens and it is during this time that women are most likely to reinvent themselves and become masters of their fate. *The Phases: Teens: A Time of Confusion and New Discoveries. Twenties: A Time of Life's Great Expectations and Ideals-The Superwoman Thirties: Mid-Life Malaise-The Emotional Water Shed Forties: The Climacteric Season of Change Fifties: The Best of Life-Daring to Leave the Past Behind*

Men Who Hate Women - Laura Bates 2020-09-03

Laura Bates' new book *Fix the System, Not the Women* is out now in paperback The extremism nobody talks about And how it affects us all 'Laura Bates does so much of the dispiriting, heavy lifting in 21st century feminism. She trudges through it like a boss, and puts out books that perfectly describe growing problems, and possible solutions. She's a proper hero at the coal mouth.' Caitlin Moran 'Laura Bates has done it again. From bantz to outright brutality, she exposes the landscape of misogyny. Passionate and forensic, Bates produces a powerful feminist clarion call. The world needs to take notice. Things must change.' Anita Anand 'Fascinating, mind-blowing and deeply intelligent book that should be recommend reading for every person on our planet.' Scarlett Curtis 'In *Men Who Hate Women*, Laura Bates offers the alternative red pill to those who favour love, logic and humanity over debilitating hate.' Shami Chakrabarti 'A book of courage and tenacity.' Robin Ince 'This is how change is made: by looking at uncomfortable things directly in the eye and not turning away. This book is a rallying cry to end suffering, for both women AND men.' Emma Gannon 'Men Who Hate Women has the power to spark social change.' Sunday Times Imagine a world in which a vast network of incels and other misogynists are able to operate, virtually

undetected. These extremists commit deliberate terrorist acts against women. Vulnerable teenage boys are groomed and radicalised. You don't have to imagine that world. You already live in it. Perhaps you didn't know, because we don't like to talk about it. But it's time we start. In this urgent and groundbreaking book, Laura Bates, bestselling author and founder of The Everyday Sexism Project, goes undercover to expose vast misogynist networks and communities. It's a deep dive into the worldwide extremism nobody talks about. Interviews with former members of these groups and the people fighting against them gives unique insights on how this movement operates. Ideas are spread from the darkest corners of the internet - via trolls, media and celebrities - to schools, workplaces and the corridors of power, becoming a part of our collective consciousness. Uncensored, and sometimes both shocking and terrifying - this is the uncomfortable truth about the world we live in. And what we must do to change it.
