[I Am Because You Are](#) - Jacob Lief 2015-05-12
 In 1998, Jacob Lief, a 21-year-old American university student, met school teacher Malizole "Banks" Gwaxula in a township tavern in Port Elizabeth, South Africa. After bonding over beers and a shared passion for education, Gwaxula invited Lief to live with him in the township. Inspired by their fortuitous meeting—which brought together two men separated by race, nationality, and age—and by the spirit of ubuntu, roughly translated as "I am because you are", the two men embarked on an unexpectedly profound journey. Their vision? To provide vulnerable children in the townships with what every child deserves—everything. Today, their organization, Ubuntu Education Fund, is upending conventional wisdom about how to break the cycle of poverty. Shunning traditional development models, Ubuntu has redefined the concept of scale, focusing on how deeply it can impact each child's life rather than how many it can reach. Ubuntu provides everything a child needs and deserves, from prenatal care for pregnant mothers to support through university—essentially, from cradle to career. Their child-centered approach reminds us that one's birthplace should not determine one's future. I Am Because You Are sets forth an unflinching portrayal of the unique rewards and challenges of the nonprofit world while offering a bold vision for a new model of development.

Captain Kirk's Guide to Women - John "Bones" Rodriguez 2008-02-05
Casanova, Don Juan, James Bond -- these are men of legendary romance, but only one man can boast that his seductive powers take him boldly where no man has gone before: James T. Kirk. From high-society princesses to unbalanced Orion slave girls, from gender-switching shape-shifters to emotion-deprived androids -- they all swoon, acquiesce, and malfunction

from just one kiss. But a single question remains in the minds of millions: How does he do it? Captain Kirk's Guide to Women is the first book to answer this question by probing deeply into Kirk's character, charisma, and seductive techniques, making it possible for any man to model himself after the Casanova of the Cosmos. It is also the only warp-powered romance manual written with enough wit, charm, and humor to help the female of the species make first contact. Employing meticulous research, along with fanatic-level detail and the kind of pointy-eared logic even a Vulcan would find fascinating, Captain Kirk's Guide to Women shows you how to be as effective as Captain Kirk.
