Dating Tips for Guys - Carolyn Bright 2017-03-10

Women are just people without penises. Remember that golden rule. Every dating guide, every Hollywood movie, every matchmaking website, makes profit by distracting you from this fundamental truth. She is not an alien species; she is just a regular human who sits down to pee. All anyone wants is to love and to be loved. A lot of dating guides are aimed at men who, deep down, don't actually like women. Instead of helping men to understand the opposite sex, these guides encourage men to use mind-games and manipulation to get girls into bed. They encourage cold-hearted efficiency and fast turnover, like a corporate cost-cutting guide. That's fine, if you don't mind falling asleep to the sound of a stripper crying in your shower. This book is aimed at men who are looking for a girlfriend, not just a succession of joyless hook-ups. When you're looking for a girlfriend, physical attraction is important; but you also want to talk to her about your day, and introduce her to your friends, and take her out for dinner, and spend Sunday afternoons together watching Seinfeld re-runs in your underpants. That's a lot to ask for, really, and it's no surprise that people spend their whole lives searching for one special person. This book will talk you through the very earliest stages of a new relationship - meeting someone, asking them out, and taking them on the

first few dates. For many people, this is the most difficult part of the game - keeping a girlfriend happy is child's play compared to the difficulties of finding a girlfriend in the first place. This guide is written from a woman's point of view, to show you other side of the dating game. It's not a set of strict instructions, but a gentle push in the right direction. At each step, there are tips to help things to run smoothly and advice on avoiding common pitfalls. There are also explanations of some things women do which men tend to find confusing. There is someone out there for everyone. It's a cliché to say that, but it's true. Be yourself! That's another cliché, also true. Women are just people without penises, remember. They have different interests and different desires in just the same way that men do. Whatever makes you weird may be the same thing which attracts people to you. Overweight geek obsessed with anime? There's a Studio Ghibli fan out there who just loves to be hugged by a big guy. It's true that you might have more success with the ladies if you were a handsome billionaire with a six-pack - but so what? There's not enough time in your life to date every attractive woman in the world, so it makes sense to focus on finding the ones who really suit you. The aim is not to turn yourself into some kind of seduction machine, who can charm every woman you meet into bed. Or course, it's nice to daydream about being irresistible to the opposite sex, but if you have to put on a fake James Bond persona to get a date, you're dating the wrong people. It's wiser to keep on going as you are, but knock off the rough edges. Be yourself - but better. Make the most of what's going well for you already, and stop doing those little things which hold you back. There are so many factors which affect the way women see you, and you can take easy steps to improve your success with women without having to expend a lot of energy or feel like you're faking it. These are some of the most practical dating tips for men in the real world today!

Men and their egos often sabotage relationships. From boys to grown men, lessons get lost in an erroneous reality. A Girl Like You - Maureen Lindley 2013-01-01

Thirteen-year-old Satomi Baker is used to being different. It is 1939, and in rural west-coast California being half-white and half-Japanese gets you noticed. Her parents seem so happy together, and so proud to be

American, but she has never felt she exactly fits in - even though her striking looks have caught the eye of the most popular boy at school. When war is declared, Satomi's father Aaron is one of the first to sign up, and he is sent to the base at Pearl Harbour. He never returns. News of the Japanese attack transmits through the Bakers' crackling radio. Satomi's strong, stoical mother Tamura is flung into a private realm of grief - while all around them the world changes irrevocably. The community that has tolerated its foreign residents for decades suddenly turns on them, and along with thousands of other Japanese-American citizens (and anyone with 'one drop of Japanese blood' in them) they are sent to a brutal labour camp in the wilderness which future generations will choose to forget. At Manzanar Satomi learns what it takes to survive, who she can trust, and what it means to be American. But it will be years before she will discover who she really is under the surface of her skin. *A Girl Like You* is her story, and the riveting and moving story of a lost generation.

The Easiest Way to Meet and Pick Up Girls-Ever!! - Dusty White
2006-07-27

As of January 2014 I am taking this book off of the market forever. I stated when I wrote this that it was not for mass public distribution. This

book was always to be limited to under 10,000 copies. Sales have been astounding (far more than I ever imagined) and it is time to let the existing copies wear out, and return this information back to the few people who actually do it well. I have unpublished all digital versions of this book and they will not return either. This book will not be sold again. Thank you to everyone who read--and used it--when you did. That was an interesting period in my life. But that was then, and this is not then. This book takes all of the guesswork out of meeting women. It is not about relationships or raising a family, and it is not another hokey book on how to have some mysterious "secret power" over women. This book teaches you how to get a date tonight--without having to spend any money. Anyone can do this. You will approach women any time, anywhere, instantly getting them interested in knowing you, without feeling nervous or having to resort to pick-up lines. You will know what to say first, what to say after that, how to grab her attention and focus it exclusively on you--and get her number or a date on-the-spot. The first section of this book analyzes every possible way you could approach women. The second section of this book reveals a secret, devious way to pick up almost every woman you meet without her even guessing that you are working your magic on her. Subsequent sections provide help and troubleshooting guides. We won't make you a "guru of getting girls." We will get you "dates." The biggest problem most men have in getting dates is knowing how to approach attractive girls they see every day of the week (at the office, gas station, standing in line anywhere). Too many men rely on nightclubs, bars, and personal ads to get dates, ignoring the women they see e-v-e-r-y d-a-y.

Cinder - Chelle Bliss 2023-10-03

Olive Thornbury only had one crush in high school, and his name was Asher Gallo. She was smitten with him from the first time she had laid eyes on him. But instead of acting on how she felt, she kept her nose stuck in a book, finding safety in the words rather than emotions. Asher had never thought of Olive as anything more than a friend. She was aloof, preferring to read books. Instead of spending time with her friends. And when she moved away almost a decade ago, their friendship quickly

disintegrated. But when Olive returns to visit a local university, she never expected to run into a very grown up and even more handsome Asher. And what starts off as a rekindling of an old friendship turns into a fiery relationship. Do the opposites have enough in common to go the distance? Or will their combustible chemistry cause the flames to turn everything into cinders?
