Would Jesus Date A Woman Like Me? - Brian Bolden 2015-02-11

Throughout the centuries, frustration, disappointment, and despair on both sides has created a great divide between black women and black men. In the world of relationships, it has become increasingly difficult for black women to make an emotional, spiritual, and psychological connection with black men. For many women, they don't even know how to begin to put on a different "hat" and often find themselves saying, "Why can't I find a good black man?" The truth of the matter is, many black women are sinking and drowning, according to many black men. On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with, not the least of which has been black women who are deceitful, disrespectful, high maintenance, materialistic gold diggers with "get paid" mentalities. The end

result is that many black men have become frustrated with black women and have also chosen to cross color lines in unbelievably large numbers. For those black men, having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have. For them, dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black women. Sadly, a lot of black men all over the country have lost love and respect for many black women. A lot of black men feel many black women have no idea how to love them, care for them, or nurture their men. They no longer believe that black women are good homemakers nor can they keep a peaceful home. This is an epidemic that has spread all over America. It is my sincere belief that the thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men--particularly black American men, such as: Why will he bed me but

not wed me? Why have many black women lost the love and respect of black men? Why are black men continuing to cross the fence in alarming numbers? Why are black men becoming more hesitant to approach black women? Are black men really intimidated by successful black women? Why are so many black men disappointed, discouraged, and frustrated with many black women? Why do many black men see black women as too difficult and too complicated to deal with? Why are some black men making a vow to never date or marry another black woman ever again? Why are many black women hitting home runs in their careers but striking out in their relationships and marriages? These are some of the questions that are answered in this book. This is why it was so important for me to write this book. I want to inform black women in America what they need to do to help restore the faith of good-quality black men. I want black women to understand that I am writing this book as a wake-up call. If I

do my job well, perhaps these words will sufficiently energize the mind, heart, and soul of the amazing creation God called woman to stimulate positive behavioral change in her--or at least provoke a little thought. Now, I know I'm treading on thin ice here, but trust me when I say this book is not about bashing black women in America. It's a book about reality and truth. More often than not, most of us do not like to hear the truth because it forces us to take a good look at ourselves, blemishes and all. The old adage, "The truth hurts," could certainly apply here. However, another old adage is also applicable: "The truth shall set you free." By writing this book, I truly hope to make it easier for black men and woman to come together as one. I want black women to understand that just because many black men have lost faith doesn't mean that we have given up on you. The reality is that sometimes we need to be challenged, and this book will definitely challenge many black women in America to take an introspective look

When released from prison, she somehow ended up catching the attention of Yi Jinli. She kneeled on the ground and begged him, "Yi Jinli, can you let me go?" It was said that Yi Jinli was completely indifferent to anyone and everyone, but for some reason, he did everything he could to please a sanitation worker girl who had been in prison for the past three years. However, the truth of the car accident that year had robbed her of all her love for him, and she ran away. Many years later, he begged her while on the ground, "Yiran, as long as you return by

my side, I will do anything for you." But she only stared at him coldly and said, "Then, go die."

A Woman Like Me - Bettye LaVette 2012-09-27
Acclaimed R&B singer Bettye LaVette celebrates her storied career in show business with her stunning memoir, *A Woman Like Me*, and her new album, *Thankful N' Thoughtful*. As a teenager in Detroit, Bettye LaVette had a hit single with "My Man—He's a Lovin' Man." By the time she was twenty, she had faded back into obscurity and was barely surviving in New York City. For the next forty years, despite being associated with legends such as Aretha Franklin, Otis Redding, Marvin Gaye, and James Brown, she remained relatively unknown outside a circle of devoted fans. Every time it seemed that her dream of stepping into the spotlight was finally coming true, bad luck smashed her hopes, again and again. Then, after a lifetime of singing in clubs and lounges, her unforgettable televised performances at the 2008 Kennedy Center Honors and at President Obama's pre-Inaugural Concert at the Lincoln Memorial in 2009 won her the recognition she had sought for her entire

life. Bettye LaVette's career has been a one-of-a-kind roller-coaster ride through the world of music; it has taken her from the peaks to the pits and back. In this unflinchingly honest memoir, she boldly recounts her freewheeling childhood—her parents ran an illegal liquor business out of their living room, which was frequented by some of the top acts of the forties and fifties—her short-lived conquest of the R&B world in the 1960s, her decline into poverty and despair, and her recent comeback and career revival, with two Grammy-nominated CDs and numerous appearances on major television talk shows. Poignant, brazen, and fearless, *A Woman Like Me* is a tour de force from one of the most outspoken female performers singing today—and she's a force to be reckoned with.

taken the time to listen to what women are really going through? What happens when thousands of women around the world keep complaining about the same basic things over and over? Women of all ages, races, nationalities, cultures, and skin tones are all upset about the same things. This cannot be a coincidence. Something is truly wrong with the way we as men conduct ourselves in relationships. This book contains just a few of the experiences from women that I have interviewed. My hope is that these interviews will give men a better idea of what we are doing to our beautiful women.

Usually someone's life story starts with chapter 1, but not in this case. When many women become slaves in the world even before they were born and they are raped before they have a chance to become a young woman and are uprooted the day the age of a teen ends to become a full grown-up, they will not have any chapter. Especially in the third world, for them, chapter 0 comes to life before their life starts and stays with them until they are old and vanish from this world. But sometimes it takes only one hero to come in your dream to pull you out of your hurtful childhood and help you to find a way to the healing future, and you decide to fully immune your soul and spirit and protect the

childhood of many other children. That is when you know that you are on the path to be able to start your chapter with number 1—a chapter that you can write about, even if it hurts to write. You can tell the world that you have your own head to write your own destiny you are proud to have. That is when you are determined to go extra miles to write the history of your lost childhood. The word destiny in Farsi means “head wrote.” How do you write one’s own destiny if there is nothing to put in the head in the first place, I wonder? In many countries, the practice of raising slaves is still active in some villages and even in some cities. And that gives birth to ill society. Ill society doesn’t stay still; it wanders around the globe to collapse on noble society. That’s when victimization claws women back over and over again, even when you are in a civilized country. Because the mind and the body both are equally damaged. Perhaps the reason for me to become a volunteer for a woman who was running for election in 2007

was born in my heart when I was seven years old and my grandma gave me a pen for a New Year’s present and said, “You too can write!” And I kept the dream of writing about women in my mind since I was a little child who stood up to walk and was trained to walk a few steps behind the brothers. So I think starting to write my side of story with chapter 1 will be a little confusing for everyone. And I know it is impossible for a civilized world to imagine not having rights. But even in civilized countries, still many people think there is no such thing as an invisible chapter, or if they hear of it, they will say, “Who cares, let it be, it is on the other side of the earth, not our problem.” So they decide to see this system of women slavery as an invisible society that is not a great threat to the society of our future generation.
