Daily Dose of Dogs (Aka Cats with Your Coffee) - Chrystal Parker 2012-03-28

This is, first and foremost, a book about private animal rescue. The stories are true. As a result, these pages are filled with sadness and joy, loss and hope, heartbreak and compassion. Within the stories, personalities emerge, and the love affair between author and animal is apparent. During the course of one year, the author blogs the stories from her past alongside the rescues that occur in real time. Along the way, she discovers a growing support system in the blogosphere. Those connections offer not only emotional succor but also very

tangible aid. The world of private animal rescue is candidly revealed in a series of short vignettes.

Holy Moments - Lenya Heitzig 2006-11-06

It happens to everyone: an "aha moment," an epiphany, or serendipity. But perhaps we didn't recognize it was no coincidence; rather, it was a "holy moment," God at work in the details of everyday life. Maybe it was a timely phone call, a chance meeting, an unexpected windfall or a friend saying something when needed. Holy moments happen all the time! It's up to us, however, to recognize them. Lenya Heitzig knows how to search out these holy moments,

and she wants to help others spot them, too. Through personal stories, Scripture and beautiful photography, she explores ways to see God's presence in ordinary events and occurrences. Then, in five biblical steps, she helps readers appreciate and recognize God at work. Find out how ordinary situations can have extraordinary outcomes through recognizing these simple holy moments!

Ladybug The Shy Rescue

Dog - Yogyata Suri 2022-03-21

This rhyming book takes you through a story of a couple who choose to get a rescue dog as their new pet. The couple comes across Ladybug and fall in love with her expressive eyes and decide to bring her home. Ladybug was a scared dog who transforms herself into a confident dog with the help of her new family.

Hopefully Ladybug's rescue journey can shed light on the impact of rescuing a dog and the importance of second chances at a better life.

Rescuing Ladybugs - Jennifer Skiff 2018-08-01

Countless times throughout our lives, we're presented with a choice to help another soul.

Rescuing Ladybugs highlights the true stories of remarkable people who didn't look away from seemingly impossible-to-change situations and instead worked to save animals.

Prepare to be transported to Borneo to release orangutans, Brazil to protect jaguars, Africa to connect with chimpanzees and elephants, the Maldives to free mantas, and Indonesia, the only place where dragons still exist in the wild.

The I in Me - Cynthia Cox

2011-01-04

"I" is a word that you will read more frequent than most would expect to see. But in giving you "I", I hope only for you to see your "I" in you too. I only want to show you what pain, hurt, shame, guilt, betrayal and broken love can really do for

you. When you are strong enough to release the "I" in you, this book will be waiting for you. Cynthia has struggled for three decades of her life piecing together the puzzles of a life raised in an Incest and Ritual Abuse family environment in the southern hills of West Virginia. Her silence that occurred in her years of abuse has given her the adult courage to speak the truth of what others said she should never tell society. Author Cynthia Cox was born November 16th, 1976 in Welch, West Virginia; her journey of McDowell County would subject her to: ten schools, eight homes in five cities, two shelters and labeled a runaway before her high school graduation in 1995.

The Ladybug Blues - Linda
Ripa 2002

The ladybug tries to fit in with
other insects, but nothing
works until a butterfly helps
her find her family.

Ladybug - C. J. Michaels
2017-04-04

The ladybug initiates change
when it is needed the most. In
spite of its size, it appears to be
fearless. Its presence, often
associated with luck and the
enabling of love and protection
against harm, is also a pest
intuitively focused on its task...

LADYBUG is a passionate and
psychologically vigorous
debate between head and
heart, reality and the ideal.

Cara a cara with social
stigmas, cultural
undercurrents, crafty rhetoric
and a sober understanding of
the human condition, it
remains however charmingly
resilient and steadfast to the
sensitive truths it lives by.

Unable to make one feel
indifferent to what the small
but mighty definition of
friendship is all about.
