**Friends Into Lovers** - Pamela Johnstone

why you got there, but you're there... and you want out! Almost every guy, and even many women, have been in a situation where they've wanted to be more than 'just friends' with another person. And yet, for some reason, nothing they've tried has worked. Moreover, they always have to tip-toe around the situation because they don't want to lose the friendship by making the wrong move. It truly is a horrible place to be stuck in...to be around someone, to be so close to them in proximity, and even share so much of your lives with each other... and yet, what you really want from them is off limits. Since you're reading this report, there is a very good chance that... a. you have a current friend that you'd like to turn into your lover and/or girlfriend, b. you used to date and/or sleep with someone who now wants to be 'just friends,' c. you have been in one of the above situations in the past, maybe more than once, and you'd like to learn how to avoid it from happening during your

future interactions with others, or... d. you've seen this happen to other people, where they end up in the 'friend zone'...and you want to be pre-emptive about it, so you can be prepared if it ever happens to you. Whatever your situation may be, this report will arm you with some powerful knowledge, as well as some cutting-edge seduction and persuasion strategies, which will easily help you to get out of the 'friend zone' and/or ensure that you never end up being 'just friends' with someone you are attracted to. And, if you have ever wondered why or how it happens in the first place, this report will also help you to finally understand why so many guys seem to always end up in the 'friend zone' by accident, even when you really don't want to. (That giant mystery will be solved in this report, once and for all.) Just as I do in most of my reports, I will start this one out by sharing some of the 'quick and easy' techniques with you. These will include tips you can put to use right away, and see

results almost overnight. Then, I will cover some of the more advanced stuff, including powerful persuasion techniques, which may require a bit more work on your part to execute. But they will be well worth your time and energy investment, because the results they produce will be quite amazing. But, before we start getting into the techniques and strategies of how to turn a friend into a lover or girlfriend, there's something very important that we need to discuss first. Please do not skip over the next section - or any of the sections in this report, for that matter. If you do, you will only be hurting your own chances of making this process work effectively.

good ones fall by the wayside? Cues - the tiny signals we send to others 24/7 through our body language, facial expressions, word choices and vocal inflection - have a massive impact on how we, and our ideas, come across. Our cues can either enhance our message or undermine it. In this entertaining and accessible guide to the hidden language of cues, Vanessa Van Edwards teaches you how to convey power, trust, leadership, likability and charisma in every interaction. You'll learn: - Which vocal cues make you sound more confident - Which body language cues assert, 'I'm a leader, and here's why you should join me' - Which verbal cues to use in pitches, branding and emails to increase trust (and generate excitement about interacting with you) - Which visual cues you are sending in your profile pictures, clothing and professional brand Whether you're pitching an investment, negotiating a job offer or having a tough conversation

**How to Get Out of the Friend Zone** - Kent Lamarc  
For most men the friend zone is a very complicated subject. First of all we need to clarify it, what it really means. Second, we need to understand if we can get out there and why we're there in the first place. And second, and most importantly, we need to know how you change our situation. But can that be possible when a girl is getting the attention of many guys and we're below average? This is what I will answer you with this book.

screwed me up many times and what you should learn from my nice guy experience will cause you to get any girl you want from now on. Why being nice is a bad idea when you meet a girl you love to date. The qualities you need to start developing as a man to make sure you stop getting the results you are getting now from women like a nice guy. Insanity, they say, is doing the same thing all the time and expecting different results. This book will learn all the new things you should be doing and the mindset you should develop to win as a nice guy. What women need that you don't know. These things has helped you get friend-zoned as a nice guy many times. In this book, you will learn what women need, and in giving them that, you increase your chance of dating them and even sleeping with them (if you want to). I have been the poster boy for a nice guy for years, and after being tired of getting the same "let's be friends" vibe from many women I love to date, I started digging to learn what I

was doing wrong and what I should be doing to get the girls I want. The result of my many months of digging helped me for years to start dating hot women I would have never been able to date before I started fixing my nice guy problem. If I can overcome my nice guy problem, then why not share all I know with other nice guys out there who are seriously looking for a solution to stop being a Mr. Nice Guy. The result of that, though, is this book. You will learn a lot about how not to be a nice guy again in this book, and I guarantee there will be a shift in result for good if you read this book and implement everything you will learn in the book. Would you love to stop being Mr. Nice Guy and start getting the girls you want to date?

Is it wrong to suddenly find yourself crushing on your best friend? The one person who has always been there for you? I'm kind of thinking that it is. What I know for sure is that absolutely no good can possibly come from it. My relationships tend to expire long before the gallon of milk sitting idly in my fridge. So why would I want to screw up the best relationship I've ever had? No brainer- I wouldn't. And yet I still can't stop noticing the way his piercing blue eyes pin me right in place. Or the unexpected urge I have to drag my fingers through his short thick blond hair. And those killer abs I sometimes catch a fleeting glimpse of when he stretches that big muscular body of his next to me in class? Yeah, you know it's bad when your panties instantly flood on the spot. And don't even get me started on the way soft cottony t-shirts fit across his ridiculously broad shoulders...Nope... I should most definitely not be noticing any of this. Nor should I want to claw out the eyes of the

waitress who keeps flirting with him right in front of my face...Clearly you can see why I'm starting to freak out here. So, exactly how do I go about getting rid of these traitorous feelings that have oh-so-unexpectedly taken root? How do I rewind time to when I wanted nothing more than a platonic friendship from him? I haven't the faintest clue... I just know that I have to try my damndest to stop these nonsensical feelings from becoming even more entrenched. Because Sam is the one person I can't afford to lose. He's my absolute everything. Without him... yeah, I can't even begin to imagine my life without him filling it. I refuse to throw away eight solid years of friendship on fickle feelings of sexual attraction. So, no matter what happens, I can't give in to these feelings. Piece of cake, right? Wrong. So, so wrong.

Those are words no one ever wants to hear. If you've ever uttered the words, "we're just friends," you know all too well the awkwardness of being in that situation. And if you've ever been told "we're just friends," you know the weird and embarrassing pain of telling your crush you want to take the relationship to the next level, only to be told they don't feel the same way. Many people from all walks of life face unrequited love and wind up in the "friend zone." What if I told you most people friend zone themselves? One of the reasons people end up being "just friends" is they are simply not attractive to the person they desire. Is it possible to get out the friend zone? Enter Angelo, an obese tech engineer in desperate need of losing 180 pounds of body fat. When serendipity introduces him to super fit Jean, he's instantly placed inside the infamous friend zone. Ignoring countless rejection and logical reasoning, Angelo embarks on a mythical journey over three mountains. Never giving in to despair,

Angelo's astonishing journey shows you how far willpower, perseverance and love can take you. And that nothing's over until it's over. More than a book about struggling with the mystery of the friend zone dilemma, this insightful true story is about breaking down self-imposed limitations about what's possible in love, life and fitness. It showcases you must stumble in order to triumph, and the transformative power of the human mind. Witty, inspirational and unflatteringly honest, this feel-good drama appeals to the very essence of why romantic relationships are so hard to be successful. And why they're worth the often painful pursuit. Whether you're in a relationship, looking for a relationship, or happily single, you'll walk away with a renewed faith in dating and relationships.
