How to Treat a Lady Knight Right Vol. 1 - Kengo Matsumoto 2019-07-06

Leo Cornelia, also known as the Undefeatable Holy Blade, is hailed as the strongest knight in all the land. The Cause Of It All By Leo Tolstoy - Leo Tolstoy 2021-01-01

Leo Tolstoy was a Russian novelist and moral philosopher noted for his ideas of nonviolent resistance. His diary reveals an incessant pursuit of a morally justified life. He was known for his generosity to the peasants. His best known novels are "War and Peace" (1869), which Tolstoy regarded as an epic rather than a novel, and "Anna Karenina" (1877). His work was admired in his time by Dostoyevsky, Chekov, Turgenev, and Flaubert, and later by Virginia Woolf and James Joyce.

Leo - K R Max 2020-06-11

One minute I'm heading to a new job, the next I'm stranded in the middle of nowhere. I should be panicking, but instead I'm lying across the hood of my car, coming apart from a stranger's touch...As the billionaire owner of the country's largest classic car repair chain, Leo's no stranger to beautiful cars, or beautiful women. Though he didn't expect to meet both in the middle of the night, nor for said woman to bail in said car immediately after the hottest experience of his life. But just a few hours later, he discovers she's his newest employee, and he's going to show her the consequences of running. Delicious, dark and dirty consequences. Bitter experience has taught Charlie that men don't respect female mechanics. However, Leo's...attention... is starting to make her wonder. This job could be everything she's ever wanted, but he's just passing through on a whistlestop tour of his properties. Can a grease monkey really go the distance with her billionaire boss, or will other people's bitterness and jealousy tear them apart? Like all K. R.

Max's books, Leo is safe, with no cheating and a guaranteed happy ever after! All my books are standalones and can be read in any order, but you may get more out of each story if you read them in the order of publication, due to previous couples sometimes being mentioned in later books.

Two Steps Ahead of the Thought Police - John Leo 1994

Women Entrepreneurship in Family Business - Vanessa Ratten 2017-08-04

The purpose of this book is to promote discussion about educational objectives generally and objectives in the teaching of educational psychology in particular. To this end, Part 1 contains a review of the literature concerned with these two subjects, and also reports on investigations into the views of British students, teachers, college staffs and educational psychologists on the question of the objectives of educational psychology in teacher preparation. A comprehensive bibliography is provided. A further important section of Part 1 proposes a method of systematizing teaching objectives, and suggests a heuristic device for the generation of objectives at different levels of conceptual generality and complexity of learning. An example of this model in the field of educational psychology is presented, which illustrates the general approach to the generation of teaching objectives and proposes a specific approach to the production of teaching objectives in educational psychology. In Part 2 a selection of readings in the fields of objectives and educational psychology provides the reader with some of the key source material referred to in Part 1. As well as being a valuable and stimulating addition to the current debate on the specifying of educational objectives, the arguments in this book about the role of educational psychology in teacher preparation raise some fundamental questions for those concerned with teacher education.

They're thrilled to support her at her wedding, and jump at the chance to get away to the seaside for a little while. The Halliwell sisters ignore the rumors . . . until, that is, they notice the strange behavior of Lyssa's fiancé. He seems to have become obsessed with Lyssa's family heirloom, a strange and beautiful diamond called the Light of the World. Can the Charmed Ones disclose his true identity and intentions before their friend says "I do" to Mr. Wrong?

Gender in the 21st Century - Barbara Evelyn Bailey 2004

For more than two decades, feminist activists in the Caribbean have been researching, teaching, writing and collaborating with organisations and groups at all levels to improve the status of women, and to protect and advance their rights. This volume, *Gender in the 21st Century*, commemorates the pioneering work of feminists, scholars and activists by reflecting on some of the major issues which have engaged them and influenced their scholarship and work since the early 1980s. It also addresses issues at the cutting edge of Gender and Development Studies, adopting a strong policy focus for treating current social and gender

inequity. Finally, the volume looks to the future and speculates on the place of gender in the academy, as well as its outreach, and provides a unique opportunity to explore, with highly respected and renowned scholars, aspects of the present state of Gender Studies and prospects for the future of this dynamic area of scholarship.

Women and Terrorism - Luisella de Cataldo Neuburger 1996-08-12

Women and Terrorism analyses a new phenomenon of international concern: the participation of women in subversive terrorist movements. The book deals with four main issues: 1) women's participation in violent terrorist movements to discover the key to the psychological and sociological interpretation of their involvement in a life experience they are not traditionally associated with; 2) the different responses to 'penitencism' between men and women; 3) the psychological and social interpretation of women's support of armed struggle and an inquiry - through the personal experience of the women terrorists interviewed - into the reasons for women's greater resistance to repentance; 4) the use of the leads this inquiry has furnished for prognostic purposes and to

predict and create conditions that facilitate repentance.

The Fruits of Enlightenment - graf Leo Tolstoy 1891

The Cause of it All - Leo Tolstoy 2023-01-12

Alcohol abuse is one of societies great levellers. It does not matter whether you are a prince or a peasant, when the demon drink controls you, you are the same. That is the message at the heart of Leo Tolstoy's 'The Cause of it All' - a warning against over-imbibing. It features Mihayla, the apparently respectable head of a rural Russian family. Then there is the vagrant who has been given shelter in their home for a night. Both get drunk, with Mihayla trying to bite his wife before the vagrant stops him. In the morning, the vagrant has gone - along with some of their belongings. Mihayla pursues him. But will this violent alcoholic choose revenge - or realise that they are both controlled by the same demon? It is a theme that has never - and probably will never - be outdated. The scourge of alcohol abuse features in Anne Bronte's 'The Tenant of Wildfell Hall', Patricia Highsmith's 'Strangers on a Train' and 'Angela's Ashes' by Frank McCourt. Leo Tolstoy (1828-1910) was a Russian author, a master of realistic fiction and one of the world's greatest novelists. Tolstoy's major works include 'War and Peace' (1865-69) and 'Anna Karenina' (1875-77), two of the greatest novels of all time and pinnacles of realist fiction. Beyond novels, he wrote many short stories and later in life also essays and plays. In the years following the publication of 'War and Peace' Tolstoy - who was born to a Russian aristocratic family - had a spiritual awakening that made him a committed Christian anarchist and pacifist. His philosophy inspired Mahatma Gandhi and Martin Luther King Jr.

D.H. Lawrence and Nine Women Writers - Leo Hamalian 1996

"D. H. Lawrence and Nine Women Writers sheds fresh light on how a number of women writers of his time and our own reacted, in their thinking and writing, to D. H. Lawrence's unbridled individualism, sensitive genius, creative energy, and his sometimes infuriating misogynistic resentments." "Critic and scholar Leo Hamalian explores the ways that the sensibilities of nine important women writers were

both extensively and profoundly influenced by the English author's fiction, poetry, criticism, and self-styled "polyanalytics." "Hamalian's series of comparative readings is illuminating. They demonstrate clearly that the hard questions of ideology, subject matter, and style, which engaged Lawrence throughout his turbulent, career, continued to challenge a number of women writers who were grappling with these issues from another vantage point. Through skeptical of some of Lawrence's theories, these writers valued the dynamic aspects of Lawrence's creativity, especially his emphasis on consciousness of wider

meanings rather than character, on symbol rather than narrative - although he was a masterful storyteller. They realized that his intensely conceived and evocatively concentrated scenes could be turned into a highly rewarding technique for suggesting the emotional conflicts and moral dilemmas of their own characters. His primitivist philosophy struck them as healthy and his sensitivity as a kind of appealing vulnerability."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
