*The Truth - Neil Strauss 2015-10-13*

NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself advocating freedom, sex and opportunity as the author of *The Game*. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about love, sex, relationships and, ultimately, himself. *The Truth* may have the same effect on you.

**The Gaslighting of the Millennial Generation - Caitlin Fisher 2019-05-15**

A success guide for millennials that debunks the negative stereotypes and champions their unique strength as a generational force to be reckoned with. We've all seen the headlines: Millennials aren't buying diamonds or saving for retirement. They're killing the housing market because they eat too many avocados. They all want cushy jobs with foosball tables and nap pods. The truth is, millennials were raised to believe they could do anything if they worked hard, and then they worked hard only to be told the world owes them nothing. Now they're tired of being gaslit. The tide of young adults standing up for themselves is culminating in massive societal change. *The Gaslighting of the Millennial Generation* uncovers the misconceptions about millennials, examining not only their unique strengths but also the baggage they have inherited from Baby Boomers. It shows just how different millennials are from previous generations—and why that's a very good thing.

**All About Love - bell hooks 2018-01-30**

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path

to love that is sacred, redemptive, and healing for individuals and for a nation. The Utne Reader declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

**How to Fall in Love with Anyone** - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love."

—Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.
