Lessons in Liberation The Education for Liberation Network & Critical Resistance Editorial Collective 2021-09-07 Born from sustained organizing, and rooted in Black and women of color feminisms, disability justice, and other movements, abolition calls for an end to our reliance on imprisonment, policing and surveillance, and to imagine a safer future for our communities. *Lessons in Liberation: An Abolitionist Toolkit for Educators* offers entry points to build critical and intentional bridges between educational practice and the growing movement for abolition. Designed for educators, parents, and young people, this toolkit shines a light on innovative abolitionist projects, particularly in Pre-K-12 learning contexts. Sections are dedicated to entry points into Prison Industrial Complex abolition and education; the application of the lessons and principles of abolition; and stories about growing abolition outside of school settings. Topics addressed throughout include student organizing, immigrant justice in the face of ICE, approaches to sex education, arts-based curriculum, and building abolitionist skills and thinking in lesson plans. The result of patient and urgent work, and more than five years in the making, *Lessons in Liberation* invites educators into the work of abolition. Contributors include Black Organizing Project, Chicago Women's Health Center, Mariame Kaba and Project NIA, Bettina L. Love, the MILPA Collective, and artists from the Justseeds Collective, among others.

First Letters in the Eighteenth and Nineteenth Centuries Alain Kerhervé 2020-07-09 'First letters' can be understood in various ways: as the first letters written by a person, such as the letters of children, or of drafts which were preserved, amended and copied; as the first letter of a particular

type, such as an experienced letter-writer's first love letter; and as the first letter to a new correspondent, among many others. The idea of a first letter also suggests a link with the letters that follow: what is the connection between the first letter and those which come after it? Written by academics specializing in letter-writing internationally, this volume examines the letters of various authors, philosophers, and artists, including Benjamin Constant, José-Maria de Heredia, Voltaire, Diderot, Coleridge, De Quincey, and others. It is structured in four sections: letters from youth; first letters in fictional works; the writer's persona; and first letters within correspondence.

Love Is a Four-Letter Word Michael Taeckens 2009-07-28 From Junot Díaz, Lynda Barry, Gary Shteyngart, and Kate Christensen to popular up-and-comers like Dan Kennedy, Wendy McClure, and Brock Clarke, *Love Is a Four-Letter Word* is a dead-on contemporary collection of true stories of seduction, heartbreak, and regret. Fearlessly revealing their shattered hearts and crushed egos; their indiscretions and indignities; their delusions, desperation, and disappointments, these talented writers capture the dark side of love in prose ranging from comic to poetic, poignant to cringe-inducing. Also featuring three cartoon/ graphic essays as a sixteen-page color insert, this anthology is perfect for anyone who's ever loved and lost.

Good Sex Martin Buss 2014-01-13 *Good Sex* presents sexual ethics in the light of faith. Speaking on behalf of Christianity, Buss describes "love your neighbor as yourself" as the only Christian "rule"; it is a positive rule rather than one that focuses on prohibitions. Since this call is never fulfilled in practice, it is joined by forgiveness for oneself and others. More concrete guidelines need to be aided by "wisdom," which is not specifically Christian. Detailed biblical support is provided at the end. Stipe, a contemporary Pagan, advocates respect for all living things and doing no harm as a minimal ethical guide, leaving positive prescriptions to individual judgment. Buss and Stipe discuss

details of sexual ethics in largely positive terms--what is good to do--but also with a concern for problems that should be avoided. They agree in many practical matters, just as Christians and Pagans did many years ago, before sexual equality became an ideal. They discuss various kinds of sex, including seeing and being seen, touching, masturbation, and penetration; different sexual identities; committed and uncommitted relationships, including the advisability of extended relations; having and raising children; abortion; and sensuous awareness in a spiritual setting.

Letters by ... J.C. Philpot [ed. by W.C. Clayton and S.L. Philpot]. Joseph Charles Philpot 1871

Letters in Search of Love Ronald L. Donaghe 1998 I wrote most of the essays specifically for this book although some of them have appeared elsewhere. All of them are from experiences I had during a period in my life from about 1987 through 1991, which began with what I thought of as my greatest loss in life and ended with what I now consider my greatest gain. In a way, this period was the darkest of my life. I think I was clinically depressed, although I never went to a psychologist to find out. Yet strangely enough, given my chronic depression, this was one of the very best times of my life, as well. This period of years has a definite beginning. My lover of fourteen years came to me one night in January of 1987 and said that he wanted to break up, because he said he was heterosexual. Three months later, I ended up in Las Cruces, New Mexico living in a motel room, with a part-time job, without a car, and with the usual emotional baggage. An essay about that experience is not included, because I did not want to inflict on the reader the morose self-pity I engaged in and, at times, grimly enjoyed. But I do mention this breakup in several of the essays, since getting over it is, in a sense, a thread that ties all the essays in this collection together; the emotional fallout from it was partially responsible for the paths I took during that five-year period. At the beginning of this period, I felt old (in the gay male queen's sense of being old) at thirty-eight. At the end of this period,

I was forty-three and feeling as if life was just beginning, feeling young and stronger than ever. In the beginning, I was fat and weak with a terrible self-concept; by the end, I could get behind a shovel in my garden and chunk dirt for hours without tiring. It was certainly the first time in my adult life when I was proud of my body, when I felt wonderful in a T-shirt and cutoffs. Even as a teenager, I'd never felt so confident about my appearance. In short, it took five years for me to cast off the previous fourteen. The struggle with anger and hurt made this period difficult, but by the end of it, I looked ahead with relish. In "Part One: Letters in Search of Love," the essays deal with my search for a new lover. In a clinical sense, I suppose the reason for this search has some fancy name; ordinary people, or country-western singers, however, would just say I was "on the rebound." It probably would have been a disaster had I "married" another man too soon, because I still did not know what my weaknesses or my strengths were. Although I did not find a lover through this exchange of letters, the process of the search was part of the healing necessary to bury my fourteen-year relationship. In all, I exchanged letters with at least two dozen men over a year-long period. From those letters, I discovered that my pain was not unique. Nor my loneliness. I also discovered that gay men accommodate adversity and their sexuality in surprisingly different ways. Letters from prisoners sometimes amused me, sometimes scared the Hell out of me, and gave me a safe peak into prison life. Other men who wrote were even more self-pitying than I was, which had a wonderful curative effect on my own self-pity. The most perplexing, maddening, and insulting letters came from a widower (age around seventy) whose wife of a thousand years had died and, now, he was answering ads from gay men at least I know that he answered my letter, which appeared in RFD. I say it was maddening because, in one of his letters, he sent a seven-page, single-spaced type-written document, stamped CONFIDENTIAL in which he laid down the law by which I would abide if I

decided to become his plaything. There would be no discussion, no objections, and no input from me. He obviously hadn't bothered to read what I'd written in my letter for RFD or, like the plantation sla

Can't Help Myself Meredith Goldstein 2018-04-03 A disarmingly honest memoir about giving advice when you're not sure what you're doing yourself, by the woman behind The Boston Globe's Love Letters column. Every day, Boston Globe advice columnist Meredith Goldstein takes on the relationship problems of thousands of dedicated readers. They look to her for wisdom on all matters of the heart- how to cope with dating fatigue and infidelity, work romances, tired marriages, true love, and true loss. In her column, she has it all figured out, but in her real life she is a lot less certain. Whether it's her own reservations about the traditional path of marriage and family, her difficulty finding someone she truly connects with, or the evolution of her friendships as her friends start to have their own families, Meredith finds herself looking for insight, just like her readers. As she searches for responses to their concerns, she's surprised to discover answers to her own. But it's after her mother is diagnosed with cancer that she truly realizes how special her Love Letters community is, how this column has enriched her life as much, if not more than, it has for its readers. CAN'T HELP MYSELF is the extraordinary (and often hilarious) story of a single woman navigating her mercurial love life, and a moving and poignant portrait of an amazing community of big-hearted, love-seeking allies.

Letters to My Ex Nikita Singh 2018-02-14 'It feels like I'm on autopilot; I have no control over anything. The pain of losing you is so crippling that I can barely hold pieces of myself together. The slightest nudge could break me. But somehow, my possessed brain knows what I need. It's telling me to stick to my choice, to stay away from you, to open a Word document and bleed on paper, try to throw up all my jumbled thoughts in form of words, collect all disconnected facts, try to make sense of it all.' From the bestselling author of Like a Love Song and Every Time It Rains, a story of heartbreak and things left unsaid...

Brother Men Edgar Rice Burroughs 2005-03-23 Brother Men is the first published collection of private letters of Edgar Rice Burroughs, the phenomenally successful author of adventure, fantasy, and science fiction tales, including the Tarzan series. The correspondence presented here is Burroughs's decades-long exchange with Herbert T. Weston, the maternal great-grandfather of this volume's editor, Matt Cohen. The trove of correspondence Cohen discovered unexpectedly during a visit home includes hundreds of items—letters, photographs, telegrams, postcards, and illustrations—spanning from 1903 to 1945. Since Weston kept carbon copies of his own letters, the material documents a lifelong friendship that had begun in the 1890s, when the two men met in

military school. In these letters, Burroughs and Weston discuss their experiences of family, work, war, disease and health, sports, and new technology over a period spanning two world wars, the Great Depression, and widespread political change. Their exchanges provide a window into the personal writings of the legendary creator of Tarzan and reveal Burroughs's ideas about race, nation, and what it meant to be a man in early-twentieth-century America. The Burroughs-Weston letters trace a fascinating personal and business relationship that evolved as the two men and their wives embarked on joint capital ventures, traveled frequently, and navigated the difficult waters of child-rearing, divorce, and aging. *Brother Men* includes never-before-published images, annotations, and a critical introduction in which Cohen explores the significance of the sustained, emotional male friendship evident in the letters. Rich with insights related to visual culture and media technologies, consumerism, the history of the family, the history of authorship and readership, and the development of the West, these letters make it clear that Tarzan was only one small part of Edgar Rice Burroughs's broad engagement with modern culture.

[This Is Not a Love Letter](#) Kim Purcell 2018-01-30 "[A] long, beautiful, heart-breaking love letter to potential and possibilities and hope, to the pain we survive in youth and carry with us into adulthood."--NPR Book Reviews One week. That's all Jessie said. A one-week break to get some perspective before graduation, before she and her boyfriend, Chris, would have to make all the big, scary decisions about their future -- decisions they had been fighting about for weeks. Then, Chris vanishes. The police think he's run away, but Jessie doesn't believe it. Chris is popular and good-looking, about to head off to college on a full-ride baseball scholarship. And he disappeared while going for a run along the river -- the same place where some boys from the rival high school beat him up just three weeks ago. Chris is one of the only black kids in a depressed paper mill town, and

Jessie is terrified of what might have happened. As the police are spurred to reluctant action, Jessie and others speak up about the harassment Chris experienced and the danger he could be in. But there are people in Jessie's town who are infuriated by the suggestion that a boy like Chris would be a target of violence. They smear Chris's character and Jessie begins receiving frightening threats. Every Friday since they started dating, Chris has written Jessie a love letter. Now Jessie is writing Chris a letter of her own to tell him everything that's happening while he's gone. As Jessie searches for answers, she must face her fears, her guilt, and a past more complicated than she would like to admit.

Last Letters Sylvie Crinquand 2009-03-26 This collection of essays is devoted to last letters : letters sent - or not - to sever a relationship, to mark the end of a phase in one's life, or letters written by people about to be executed or commit suicide just before their deaths. Conversely, some of the letters analysed are fictional, and still other forms of texts, such as poems, are considered ultimate messages by the authors of the articles. By focussing on various forms of last letters, the contributors aim to define the influence of the epistolary context on endings and to provide an original approach to closure.
