Not Afraid of the Fall - Kyle James 2017-07-11
Featured on Good Morning America, the front page of Cosmopolitan.com, Travel + Leisure, POPSUGAR, Harper's Bazaar, Good Housekeeping, Redbook, HelloGiggles, Woman's Day, and Country Living. After purchasing one-way flights from New York City to Paris, Kyle James and his girlfriend Ashley quit their day jobs, planned futures, and daily paradigms to see as much of the world as they could. In 114 days, they trekked across 15 countries and 38 cities with nothing but their backpacks, their

smartphones, and each other. Not Afraid of the Fall is the unvarnished story of their off-the-cuff journey: from cliff-jumping off Croatia's untouched coasts, to bathing with rescued elephants in Thailand; from crashing mopeds on gravelly mountain roads in Santorini, to hitchhiking with strangers in rental cars in Hungary. Part travel memoir, part love letter to those staring at the walls of a corporate cubicle, Not Afraid of the Fall is an inspiring book that captures the sweet mysteries of life on the road and an empowering narrative for anyone who has ever uttered the words "maybe next year."
Multilingual Families in a Digital Age - Kristin Vold Lexander 2023-05-19

This book offers new insights into transnational

family life in today's digital age, exploring the media resources and language practices parents and children employ toward maintaining social relationships in digital interactions and constructing transnational family bonds and identities. The book seeks to expand the boundaries of existing research on family multilingualism, in which digital communication has been little studied until now. Drawing on ethnographic studies of four families of Senegalese background in Norway, Lexander and Androutsopoulos develop an integrated approach which weaves together participants' linguistic choices for situated interaction, the affordances of digital technologies, and the families' language and media ideologies. The book explores such key themes as the integration of linguistic and media resources in family repertoires, creative practices of digital translanguaging, engagement in diaspora practices, and opportunities of digital communication for the development of children's

heritage language skills. With an innovative perspective on 'doing family' in the digital age, this book will be of interest to students and scholars in multilingualism, sociolinguistics, digital communication, language and communication, and language and media.

away from you? Brad was a shy person and couldn't express his love to the girl of his dreams. That resulted in a lot of pain for him during his youth. As a result he was single during his teens and his twenties because lot of girls rejected him thus causing him a lot of pain. Soon he found that expressing his love through romantic poems was an easier way for him. He was able to win the love of his dream girl who is now his wife. Poetry often allows us to put our feelings to a set of words. That makes us feel better, and also helps us to show others how we feel and help them to understand us. Poetry is so important because it helps us understand and appreciate the world around us. Poetry's strength lies in its ability to shed a "sideways" light on the world, so the truth sneaks up on you. No question about it. Poetry teaches us how to live. You would love reading these Poems because: - It eases pressure on your mind - It will help you to express your emotions that are hidden within yourselves. - Poetry means finding

peace, relieve yourself from the pain of bottling up your emotions - Show how much you care for her It will also help you if you: - Just had a heartbreak or - Have fallen in love recently In this book you will find Romantic poems for: 1. Your girlfriend 2. Your wife 3. Your fiancée 4. Your Valentine's day 5. Your proposal 6. SMS to her 7. Messages on greeting card 8. THE BEAUTIFUL ILLUSION OF BEING IN LOVE - Adrian Gabriel Dumitru

book is defining the concept of love in the same way. But the illusion itself is also named "beautiful". Falling in love is an experience, that any human being must see, with it's own soul. It can be a beautiful experience, an illusion or a beautiful illusion. The book is more like a collection of poems, but the writer is not knowing to write poetry, but only essays. Trying to define love in many ways, the essays speak about the beautiful illusion as part of the life ... maybe the most important part. Defining is done in a micro and macro way, but the love is always seen as something very beautiful. The book could be a very nice reading for the ones that are in the dreaming period of a love story, or the ones that wants to understand love from a philosophical point of view. Enjoy it!

HIS LOVE. HER FANTASY - Adrian Gabriel Dumitru

His love ... Her fantasy ... understanding what

love is about. As friends, as a man, but also as a woman, we try to define the undefined from a love story. Dreaming about love and being in love ... the path from the fantasy to the love story itself ... is just a matter of luck ... or maybe where you find yourself, on the timeline of your own life. Maybe is the perfect time for you to explore what love is about, or maybe other things are important at the moment ... and the love story can only be a future "project".

Exploring what love is about ... in our minds, as a fantasy ... or in the real life, as a real love story ... is depending only and only if we are ready or not. But what is the difference between fantasy and reality, when even the Bible is saying that everything we see is just an illusion? Well ... i believe that the fantasy is only the beginning of defining what we want ... and the love story is the "experiment" itself. Is it too much to name a love story ... an "experiment"?! Well ... exploring ... as a fantasy or as reality is letting your soul understand what love is about. And ... sometimes

is even a life lesson. The moment when you jump into the fairy tale ... the real fantasy ... and you understand the meaning of love ... the fact that love is about giving and not about receiving ... that is the moment when you also understand what life is about. Accepting your partner, just as he / she is ... just as accepting all the people from our lives is the moment of awakening. Me, Adrian ... and my dear Annie ... are only trying to define the unseen path from fantasy to the love story itself. And also ... let you know that this path is leading you to point when your thinking will be totally redefined. Life itself ... is about love. Seeing what love is about ... is understanding the meaning of life. If the "love chapter" started for you ... even if it's just a fantasy of reality ... you should be happy. The awakening will come to you!

100 LOVE SMS for Him and for Her - Harry Pohui 2017-01-01

Hello dear readers. Let me present to your attention a collection of short messages that you

may send to your beloved. It can bring colors in your relationships and make them warmer, different and more beautiful. Of course, when a person in love - does not need ideas about what kind of messages to write. They are born in the head independently. As, for example ones which are assembled in this book. But at different people - different beautiful ideas. And that's why i decided to create this book. To become an assistant you in new ideas. You can change up to 90% of the text, or you can write 1:1. The main thing - make a pleasure to your loved one. And add more fire. Or light the spark. For those people who want to write their messages without changing anything, I recommend to send them no more frequently than once a week.
