Magus of Stonewylde - Kit Berry 2011-05-05
How far would you go to save your child?
Exhausted single-mum Miranda is prepared to try anything. Suffering from baffling allergies and illnesses, her teenage daughter Sylvie has been written off by doctors. An offer of alternative therapy at a grand Dorset estate may be her last hope and so, against her better judgement, Miranda grabs this life-line. Stonewylde is a beautiful and magical place, a sanctuary free from modern taint. The retreat is remote, hidden away behind high walls and iron gates, and soon the rat-race outside fades to insignificance. Stonewylde is ruled by the charismatic Magus, who vows to cure Sylvie and give both their hearts' desires. He promises the earth and it seems he can deliver. But everything comes at a price. Life at Stonewylde is too idyllic, too wholesome, too perfect. The ancient rituals in the stone circle are not quite what they seem and neither is the Magus, whose sinister sensuality hides a darker secret. Sylvie and Miranda join the community and both fall in love for the first time. But their arrival triggers a brutal chain of events that could destroy the unique world of Stonewylde. Mother and daughter will eventually discover the truth: Stonewylde may cure, but it can also kill.

The Ante-Nicene Fathers - Reverend Alexander Roberts 2007-05-01

"One of the first great events in Christian history was the Council of Nicaea in 325 AD, convened to organize Christian sects and beliefs into a unified doctrine. The great Christian clergymen who wrote before this famous event are referred to as the Ante-Nicenes and the Apostolic Fathers, and their writings are collected here in a ten-volume set. The Ante-Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices. But they are also real and flawed men, who are more like their fellow Christians than they are like the Apostles, making their words echo in the ears of spiritual seekers. In Volume III of the 10-volume collected works of the Ante-Nicenes first published between 1885 and 1896, readers will find three of Tertullian's most famous writings. In *Apologetic*, Tertullian addresses the powers that be in Rome, demanding that Christians be accepted and tolerated by Roman law. In *Anti-Marcion*, Tertullian attacks and discusses heretics. And in *Ethical* he discusses a variety of moral questions."

The Devil's Trill - Sooyeon Won 2015-02-16

In 18th-century Germany, Count Eichner Wittgenstein is tall, dark, dreamy...and undead. But being a vampire doesn't stop him from recognizing his one and only love, Elizabeth, who also happens to be married to another man. Flash forward some 200 years, to Berlin in the late 1990s, when the Count comes under the spell of a young woman with something eerily familiar about her. But fate intervenes again, delaying the final reckoning between the Count and his soul mate until well into the 22nd century! With supernatural scares and heartfelt longing, *THE DEVIL'S TRILL* is swooning Gothic romance in the best Anne Rice tradition. *The Magic Box: Diamonds* may be a girl's best friend, but there are some things in life that are more precious still. And sometimes you need TWO

lifetimes to learn this valuable lesson!

What Love Is This? - Dave Hunt 2007-04-22

Many sincere, Bible-believing Christians are Calvinists only by default. Thinking that the only choice is between Calvinism (with its presumed doctrine of eternal security) and Arminianism (with its teaching that salvation can be lost), and confident of Christ's promise to keep eternally those who believe in Him, they therefore consider themselves to be Calvinists. It takes only a few simple questions to discover that most Christians are largely unaware of what John Calvin and his early followers of the sixteenth and seventeenth centuries actually believed and practiced. Nor do they fully understand what most of today's leading Calvinists believe. Although there are disputed variations of the Calvinist doctrine, among its chief proponents (whom we quote extensively in context) there is general agreement on certain core beliefs. Many evangelicals who think they are Calvinists will be surprised to learn of Calvin's belief in salvation through infant baptism and of his grossly un-Christian behavior, at times, as the "Protestant Pope" of Geneva, Switzerland. Most shocking of all, however, is Calvinism's misrepresentation of God, who "is love." It is our prayer that this volume will enable readers to examine more carefully the vital issues involved and to follow God's holy Word--not man's teachings. "The first edition of this book was greeted by fervent opposition and criticism from Calvinists. In this enlarged and revised edition I have endeavored to respond to the critics." --Dave Hunt
