I'll Go No More A-Roving -

Robert Ayres Carter

2011-09-28

Praise for *Somewhere I Have Never Traveled* This is fourth volume of Robert Ayres Carter's autobiography takes the reader back to the 1970s. From the outside, Carter's life seems conventional: he was an executive in the world of publishing and advertising, commuting between Long Island and Manhattan. Setting this work apart from the ordinariness of that sort of life is the clarity of his unflinching revelation of his private affairs, emotions, and thoughts. His struggles to become a writer of novels, his self-doubts, and his emotional and physical involvement with many women, and the collapse of two marriages are all described vividly with the skill of the accomplished novelist. Perhaps most poignant of all

are his descriptions of his sense of loss from his separation from his two sons. - James Scanlon, Professor Emeritus of History, Randolph-Macon College

Aubrey Reynolds is a small-town girl who's made it big. A successful Hollywood director, Aubrey doesn't have time to linger on what could have been. But when a routine blood test comes back with a false positive, she decides to take some time off to do the things she's always wanted to do: taste the famous chocolate chip cookies at the Minnesota State Fair, hike the Grand Teton National Park, scuba dive in the Caribbean. But after Aubrey admits to herself what she's really missing, she heads back home to Dusty Valley, Oklahoma . . . and the man she left behind. Cole Haywood is a

small-town fireman and that's just fine with him. Sure, when the love of his life left their hometown to chase her dreams he was heartbroken and—he'll admit—damn mad. But Cole would have never forgiven himself if he had held Aubrey back from success. So the last thing he expects after all these years is to walk into his favorite bar one night and find the girl he's always loved—there—looking for him. Maybe now's the time to make his dreams come true. Advance praise for *Love, Again* "Aubrey and Cole are sure to steal your heart. *Love, Again* is one of my new favorites!"—New York Times bestselling author Krista Lakes "A remarkable love story—I highly recommend *Love, Again*."—New York Times bestselling author Jill Sanders "Looking for a classic love story? *Love, Again* is that and more!"—USA Today bestselling author Devney Perry

Laken give hope to these individuals who, like themselves, want to "feel normal" again. Virginia tells the story of how she and her husband have dealt with his sexual dysfunction, brought on by a radical prostectomy at the age of forty-nine. She reveals the solutions that have brought them closer together, and offers further resources and support groups that can be found on both the Internet and through local and national organizations. Making Love Again proves that it is possible to break free of one's pre-conceived ideas about sex, and to overcome impotency by continuing to make love in whatever form lovemaking may take. With a foreward by Dr. David Barrett, readers will admire the medical community's acknowledgement of this book as an aid to couples seeking to regain physical intimacy.

**In Favor of Deceit** - Ellen B. Basso 1988

In stories ranging from subtle creation myths to derisive, off-color tales, the Kalapalo Indians of central Brazil demonstrate a fascination with deception and its many functions. In myths about tricksters and dupes, they explore the ambiguity of human experience, showing how important to human

understanding is a sense of illusion, paradox, and contradiction. Ellen Basso's new study of these stories considers their relationship to other kinds of Kalapalo activities involving deception and features a unique collection of South American Indian narratives translated directly from performances by master storytellers in their original Carib language. Combining an ethnopoetic, performance-focused approach to storytelling with an action-oriented psychology, Basso arrives at an ethnographic understanding of Kalapalo trickster myths and Kalapalo ideas about deception. The commentary on the translations considers matters of theme, discourse, narrative progression, and performance context. The dialogical, interactive nature of Kalapalo storytelling, the development of characters through their conversations with one another, and the many ways storytelling and ordinary life enrich one another are examined to reveal the complex

psychology of trickster myths and the special tricksterish quality of day-to-day Kalapalo behavior.

The US birth rate is at the lowest point in history, traditional values are under attack, and any sense of courtship behaviors and chivalry has all but died at this point. In Making Love Great Again, DeAnna explains who killed romance, and why many men are boycotting marriages with women and no longer interested in committing beyond a fling. She boldly explains the forces that have created a generation of adult men hooked on video games & pornography, and single women who unknowingly repel great men away, yet are lonely, over-worked, and much less happy than women of 50 years

their life so beautiful. They enjoyed life to the fullest everyday, because of the love they had for one another, all of their lives together. It is our life story together, and it was filled with so much joy, happiness, peace, contentment, and the most important thing of all, our love of God, and the love that God gave us, for one another.

*The Purpose of Life* - Dr. Mark A. Kolodziej 2011-09-15

Since the beginning of time people have been asking the question "Why do we exist?", "who is God?", "Why does a good God allow for so much pain to exist in the world?", "How do various institutions such as government, education, marriage, work and others fit into the big scheme of things?" From a Christian perspective people are made in the image of God, since God is a being made up of three connected yet distinct entities, so are humans. The three entities that humans are composed of are: the body (physical), the spiritual (mind and consciousness) and the soul

(given to us by God at conception). The whole purpose of life is to return to God what God has given us (the soul). How we do this is explored throughout this book.

**Making Love in the Twelfth Century** - 2016-04-29

New, sparkling translations of the Letters of Two Lovers, the Tegernese Letters, and selections from the Regensburg Songs Nine hundred years ago in Paris, a teacher and his brilliant female student fell in love and chronicled their affair in a passionate correspondence. Their 116 surviving letters, some whole and some fragmentary, are composed in eloquent, highly rhetorical Latin. Since their discovery in the late twentieth century, the Letters of Two Lovers have aroused much attention because of their extreme rarity. They constitute the longest correspondence by far between any two persons from the entire Middle Ages, and they are private rather than institutional—which means that, according to all we know about the transmission of

medieval letters, they should not have survived at all. Adding to their mystery, the letters are copied anonymously in a single late fifteenth-century manuscript, although their style and range of reference place them squarely in the early twelfth century. Can this collection of correspondence be the previously lost love letters of Abelard and Heloise? And even if not, what does it tell us about the lived experience of love in the twelfth century? Barbara Newman contends that these teacher-student exchanges bear witness to a culture that linked Latin pedagogy with the practice of ennobling love and the cult of friendship during a relatively brief period when women played an active part in that world. Newman presents a new translation of these extraordinary letters, along with a full commentary and two extended essays that parse their literary and intellectual contexts and chart the course of the doomed affair. Included, too, are two other sets of twelfth-century love epistles,

the Tegernsee Letters and selections from the Regensburg Songs. Taken together, they constitute a stunning contribution to the study of the history of emotions by one of our most prominent medievalists.

To say Edgar Humbert is timid is to say the ocean is wet. Since early childhood, Edgar had been conditioned to be non-confrontational and completely subservient by his older sister, Cynthia. Though he hasn't seen his sister in years, her lessons have remained. Well into his adult years, his fainthearted personality has been a constant bane to his health, his marriage, and his livelihood; leading to the eventual destruction of all three. Now, an apathetic Edgar Humbert awaits his execution in a prison cell; but when the day of his scheduled execution finally arrives, Edgar's emotions awaken, forcing him to relive the terrible series of events that led the mild-mannered man to death row in the first

place. His only relief is that, in a few hours, his suffering would end. However, a storm causes an unexpected delay, leaving Edgar to wallow in his past. Edgar, growing determined for what feels like the first time in his life, decides to face those memories, utilizing the only weapons available to him: pen and paper. Edgar spends his remaining days struggling to

write the story of his more recent history, involving his sister's return to his life as she attempts to atone for her past while struggling with drug addiction as a single mother. Despite his determination to face his past, Edgar is assaulted by deeper and more distant memories in his sleep, those of his childhood and his failed marriage.
