

# Making Sense Of Sexual Consent

## **Making sense of child sexual exploitation -**

Hallett, Sophie 2017-03-29

Child sexual exploitation (CSE) is now high on the social care agenda, but what is it? How is it different from other forms of child sexual abuse? This important book puts forward the rarely heard voices of children and young people who have experienced CSE and the professionals who have worked with them to answer these questions. Taking a critical perspective, Hallett also addresses the possibility that further problems might arise from the framing of 'child sexual exploitation', which can have serious implications for the ways that society responds to CSE and to the children and young people caught up in it. Central to the discussion are

themes such as youth, childhood, care and power, making for an important sociological contribution to this under-researched field. The book challenges the dominant way of thinking about CSE and, with new and valuable practice and policy relevant insights, is also essential reading for those working or training to work with children and young people.

*The Philosophy of Sex* - Raja Halwani 2022-02-28

With 7 new essays, the 8th edition of this best-selling text examines the nature, morality, and significance of contemporary sexual phenomena. Topics include love; desire; rape; masturbation; sex online; homosexual, asexual, queer, and transgender issues; polyamory; paraphilia; drugs and sex; objectification; BDSM; and sex and

race.

Making Sense of Sex - Michael F. Duffy  
2011-02-01

Duffy offers a thoughtful guide to sexual decision-making for single 20-somethings, exploring 10 issues readers should consider when deciding whether and when to have sex.

Subjectivity - Nick Mansfield 2020-07-25

What am I referring to when I say 'I'? This little word is so easy to use in daily life, yet it has become the focus of intense theoretical debate. Where does my sense of self come from? Does it arise spontaneously or is it created by the media or society? Do I really know myself? This concern with the self, with our subjectivity, is now our main point of reference in Western societies. How has it come to be so important? What are the different ways in which we can approach subjectivity? Nick Mansfield explores how our understanding of our subjectivity has developed over the past century. He looks at the work of key modern and postmodern theorists,

including Freud, Foucault, Nietzsche, Lacan, Kristeva, Deleuze and Guattari, and he shows how subjectivity is central to debates in contemporary culture, including gender, sexuality, ethnicity, postmodernism and technology. I am who? No topic is more crucial to contemporary cultural theory than subjectivity, and Nick Mansfield has written what has long been lacking—a lucid, smart introduction to work in the field. Professor Simon During, University of Melbourne Effortlessly and with humour, passion and panache, Mansfield offers the reader a telling, trenchantly articulated account of the complex enigma of the self, without resorting to reductively simple critical clichés. This book, in its graceful movements between disciplines, ideas, and areas of interest, deserves to become a benchmark for all such student introductions for some time to come. Julian Wolfreys, University of Florida Nick Mansfield is Senior Lecturer in the Department of Critical and

Cultural Studies at Macquarie University. He is co-author of *Cultural Studies and the New Humanities* (Oxford 1997) and author of *Masochism: The art of power* (Praeger 1997). *Sexual Consent* - Milena Popova 2019-05-07 An introduction to issues of sexual consent, covering key strands of feminist thought, how sexual consent is negotiated in practice, the influence of popular culture, and more. The #MeToo movement has focused public attention on the issue of sexual consent. People of all genders, from all walks of life, have stepped forward to tell their stories of sexual harassment and violation. In a predictable backlash, others have taken to mass media to inquire plaintively if “flirting” is now forbidden. This volume in the MIT Press Essential Knowledge series offers a nuanced introduction to sexual consent by a writer who is both a scholar and an activist on this issue. It has become clear from discussions of the recent high-profile cases of Harvey Weinstein, Bill Cosby, and others that there is no

clear agreement over what constitutes consent or non-consent and how they are expressed and perceived in sexual situations. This book presents key strands of feminist thought on the subject of sexual consent from across academic and activist communities and covers the history of research on consent in such fields as psychology and feminist legal studies. It discusses how sexual consent is negotiated in practice, from “No means no” to “Yes means yes,” and describes what factors might limit individual agency in such negotiations. It examines how popular culture, including pornography, romance fiction, and sex advice manuals, shapes our ideas of consent; explores the communities at the forefront of consent activism; and considers what meaningful social change in this area might look like. Going beyond the conventional cisgender, heterosexual norm, the book lists additional resources for those seeking to improve their practice of consent, survivors of sexual violence, and

readers who want to understand contemporary debates on this issue in more depth.

*Making Sense of Sexual Consent* - Mark Cowling 2004

The issue of sexual consent has stimulated much debate over recent years, both in terms of exactly what it is and why it is important. This illuminating volume examines the subject within a range of contexts and from various conceptual standpoints. It w

[Making Sense of Sex](#) - Michael F. Duffy 2011-02-01

Having sex can be a loving and delightful experience, but it can also be emotionally, physically, and spiritually devastating. Many singles struggle to sort out how to make their own sexual experiences physically and emotionally healthy ones. This book can help. Duffy offers a thoughtful guide to sexual decision making for single twentysomethings, exploring ten issues readers should consider when deciding whether and when to have sex.

Appropriate for non-Christians and Christians alike, Duffy's work is as relevant to those who have already had sex as it is to those who are considering it for the first time.

**Sexual Assault** - Tatjana Hörnle 2023-01-21  
Sexual assault law has been undergoing significant shifts around the world. Traditional criminal laws against sexual assault had a narrow scope: they targeted rape as coerced sexual intercourse, and they defined coercion as physical violence or threats with physical violence. Modern offense descriptions are tracing a change in the logic and structure of criminal laws against sexual assault from the offenders' violence to the victims' lack of consent as the key feature of criminal wrongdoing. However, there are clear and marked differences regarding the offence descriptions in substantive criminal laws in various jurisdictions. *Sexual Assault: Law Reform in a Comparative Perspective* provides an overview of the debates surrounding the concept and

by guest*

definition of sexual consent, comparing the context and content of law reform in six countries: Canada, England and Wales, Germany, Sweden, the U.S. (concentrating on the American Law Institute's Model Penal Code), and Spain. Leading scholars in the field also analyse the normative questions that arise once the notion of consent gains centre stage. The overall purpose is to assess whether the new generation of criminal prohibitions reflect coherent and convincing concepts of sexual autonomy and consent, and what could be considered the best models for future law reform.

*Making Sense of Sexual Consent* - Mark Cowling  
2017-03-02

The issue of sexual consent has stimulated much debate in the last decade. The contributors to this illuminating volume make sense of sexual consent from various conceptual standpoints: socio-legal, post-structural, philosophical and feminist. The volume comprises a range of

studies, all based around consent within a specific context such as criminal justice, homosexuality, sadomasochism, prostitution, male rape, learning disabilities, sexual ethics, and the age of consent. It is the first collection to publish exclusively on issues of sexual consent, and both makes sense of sexual consent in contemporary society and guides debate towards better consent standards and decisions in the future. *Making Sense of Sexual Consent* will excite considerable discussion amongst academics, professionals and all those who think that freedom to make decisions about our sexual selves is important. It will set the agenda for debate on sexual consent into the 21st Century.

*Making Sense of Sex* - Sarah Attwood  
2008-05-15

Puberty is a time of huge change in the physical body, in emotional experience and in social relationships. Having an understanding of these developments and learning how to deal with them is essential, and for people with Asperger's

syndrome it can be a challenge to get to grips with the social and emotional aspects of puberty, sex and relationships. This book is ideal for those who need clear, detailed explanations and direct answers to the many questions raised by puberty and sexual maturity. Sarah Attwood describes developments in both the male and female body, and explains how to maintain hygiene and personal care, and to promote general good health. She examines emotional changes, including moods and sexual feelings, and provides comprehensive information on sex, sexual health and reproduction. She looks at the nature of friendship, how it changes from childhood to adulthood and its importance as a basis for sexual encounter. She also offers coping strategies for different social experiences, from bullying to dating, and includes essential tips on the politics of mature behaviour, such as knowing the difference between public and personal topics of conversation. Making Sense of Sex is a thorough

guide written in unambiguous language with helpful diagrams, explanations and practical advice for young people approaching puberty and beyond.

*Handbook of Sexual Assault and Sexual Assault Prevention* - William T. O'Donohue 2019-10-18

This timely handbook provides in-depth overviews of the myriad and multi-faceted issues surrounding sexual assault and its pervasiveness in today's culture. Drawing for multiple viewpoints and experts, the book is divided into seven comprehensive sections, covering such topics as risk factors, varying theoretical frameworks, prevention and intervention, and special populations. Within these sections the authors provide historical background as well as the latest research, and offer treatment outcomes and potentials. Selected topics covered in this book include: Feminist theories of sexual assault Social and economic factors surrounding sexual violence Mental, physiological, physical, and functional health concerns of victims,

including PTSD Major categories of sexual offenders Treatment of sexual assault survivors in the LGBTQ+ community Procedural processes related to sexual assault investigation and adjudication within the criminal justice system The Handbook of Sexual Assault and Sexual Assault Prevention is a vital book that will appeal to a broad spectrum of students, researchers, practitioners, and clinicians in the fields of psychology, psychiatry, community mental health, and sociology.

[Making Sense of Sexual Consent](#) - Mark Cowling 2016-10-31

The issue of sexual consent has stimulated much debate over recent years, both in terms of exactly what it is and why it is important. This illuminating volume examines the subject within a range of contexts and from various conceptual standpoints. It will excite considerable discussion and take the debate to new levels.

**Stopping Gender-based Violence in Higher Education** - Clarissa J. Humphreys 2022-08-12

Stopping Gender-based Violence in Higher Education provides a unique insight into how gender-based violence at universities is impacting students and staff and outlines the path toward tangible changes that can prevent it. Bringing together perspectives from academics, activists, practitioners, and university administrators, the book presents a diverse range of voices to constructively critique the field. Structured in three parts, the book begins by addressing the context, theory, and law that stipulates how universities can effectively respond to reports of gender-based violence. It goes on to discuss the most pragmatic ways to address the issue while contributing to prevention and supporting victim-survivors. Finally, the book advocates for the development of beneficial working partnerships with key external services available to university communities and also working with students as partners in an ethical and safe way. Throughout the book, contributors are invited to

demonstrate a comprehensive institution-wide and trauma-informed approach to centre the needs of the victim-survivor and prioritize resources to undertake this vital work. Each chapter ends with a brief summary of key points or recommendations and suggested further reading on the chapter topic. Although the authors draw on research and policy from the UK Higher Education sector, the insights will be a useful resource for those in universities around the world. This book is an essential reference point and resource for professionals, academics, and students in Higher Education, as well as indispensable reading for activists, policymakers, police, rape crisis groups, and other organisations supporting these universities who want to make meaningful change in reducing, responding to, and preventing gender-based violence in Higher Education.

**Screw Consent** - Joseph J. Fischel 2019-01-08

When we talk about sex—whether great, good, bad, or unlawful—we often turn to consent as

both our erotic and moral savior. We ask questions like, What counts as sexual consent? How do we teach consent to impressionable youth, potential predators, and victims? How can we make consent sexy? What if these are all the wrong questions? What if our preoccupation with consent is hindering a safer and better sexual culture? By foregrounding sex on the social margins (bestial, necrophilic, cannibalistic, and other atypical practices), *Screw Consent* shows how a sexual politics focused on consent can often obscure, rather than clarify, what is wrong about wrongful sex. Joseph J. Fischel argues that the consent paradigm, while necessary for effective sexual assault law, diminishes and perverts our ideas about desire, pleasure, and injury. In addition to the criticisms against consent leveled by feminist theorists of earlier generations, Fischel elevates three more: consent is insufficient, inapposite, and riddled with scope contradictions for regulating and imagining sex.

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2020-06-08  
by guest

Fischel proposes instead that sexual justice turns more productively on concepts of sexual autonomy and access. Clever, witty, and adeptly researched, *Screw Consent* promises to change how we understand consent, sexuality, and law in the United States today.

**Making Sense of "It"** - Alison Macklin

2018-09-11

Maybe you learned about sex in school—anatomy, STIs, and pregnancy, right? You might think you’ve learned all there is to know, but there’s so much more to sex than just “doing it.” What about masturbation, is that OK? Are you dirty for having sexual fantasies? What about kissing, giving a blowjob, or taking the pill, is it safe? What if you touch someone’s penis, can you get pregnant? If you douche after sex, you won’t get pregnant... right? *Making Sense of "It"* goes beyond the basics of the birds and the bees to give teens a realistic, no-holds-barred, nonjudgmental guide on everything to do with sex and sexuality. With this book, teens can

learn about it all from the best contraception methods to what to expect at a clinic, even to the signs of an unhealthy relationship. Alison Macklin draws on her years of experience at Planned Parenthood to address everything teens want to and should know in a straightforward, open-minded, and sex-positive manner. Even better, “Conversation Starters” in each chapter give teens and parents a chance to test their knowledge and useful tips to help talk about sex in a way that works for them. In a world where teens are bombarded with bad information on social media, and are made to feel ashamed of something so natural, *Making Sense of "It"* offers trustworthy, gender-neutral advice on how to be safe, informed, and honest about “it”.

self-fulfilment or oppression emerge from the research of scholars.

Sexual Consent - Martin Gitlin 2019-12-15

For many years, "no means no" served as the standard for whether sexual consent is granted, but valid concerns have called for an expansion of this standard. Factors that could prevent someone from rejecting an unwanted advance include coercion and intoxication, making the concept of verbal consent muddied. The debate over whether this standard should be replaced and what should replace it has brought forth various possible solutions, with some arguing that only enthusiastic verbal consent will do, and others asserting that this expectation is unrealistic. Factors like age, positions of trust and authority, and mental and emotional conditions and disabilities also factor into the discussion. The well-balanced articles found here will provide your readers with an intelligent understanding of this topic.

Why Me? Making Sense of Sexual Abuse - Mary

Jane Warr 2014-04-23

Why does sexual abuse occur with such alarming frequency? In *Why Me? Making sense of Sexual Abuse*, Mary Jane Warr examines this and other equally important questions around this highly sensitive topic. She looks for the reasons behind it and tries to answer the burning question -- *Why Me?* To do so, the author is forced to face the facts of her own traumatizing experience of abuse as well as the long and difficult journey toward recovery, an ongoing process that has consumed much of her life.

**Handbook of Sexuality-Related Measures** -

Terri D. Fisher 2013-09-13

This classic and invaluable reference Handbook, written for sex researchers and their students, has now been completely revised in a new edition complete with its own companion website. It remains the only easy and efficient way for researchers to learn about, evaluate, and compare instruments that have previously been used in sex research. In this third edition of

the Handbook, 218 scales, complete with full descriptions and psychometric data, are made available, with additional information provided at the companion website for this volume.

**The Color of Kink** - Ariane Cruz 2016-10-04  
Winner of the MLA's 2016 Alan Bray Prize for Best Book in GLBTQ Studies How BDSM can be used as a metaphor for black female sexuality. The Color of Kink explores black women's representations and performances within American pornography and BDSM (bondage and discipline, domination and submission, and sadism and masochism) from the 1930s to the present, revealing the ways in which they illustrate a complex and contradictory negotiation of pain, pleasure, and power for black women. Based on personal interviews conducted with pornography performers,

producers, and professional dominatrices, visual and textual analysis, and extensive archival research, Ariane Cruz reveals BDSM and pornography as critical sites from which to rethink the formative links between Black female sexuality and violence. She explores how violence becomes not just a vehicle of pleasure but also a mode of accessing and contesting power. Drawing on feminist and queer theory, critical race theory, and media studies, Cruz argues that BDSM is a productive space from which to consider the complexity and diverseness of black women's sexual practice and the mutability of black female sexuality. Illuminating the cross-pollination of black sexuality and BDSM, The Color of Kink makes a unique contribution to the growing scholarship on racialized sexuality.
