

My Parents Never Had Sex

Intimacy and Ageing Bildtgård, Torbjörn 2018-12-12 To begin new relationships in later life is increasingly common in large parts of the Western world. This timely book addresses the gap in knowledge about late life repartnering and provides a comprehensive map of the changing landscape of late life intimacy. Part of the Ageing in a Global Context series, the book examines the changing structural conditions of intimacy and ageing in late modernity. How do longer lives, changing norms and new technologies affect older people's relationship careers, their attitudes to repartnering and in the formation of new relationships? Which forms do these new unions take? What does a new intimate relationship offer older men and women and what are the consequences for social integration? What is the role and meaning of sex? By introducing a gains-perspective the book challenges stereotypes of old age as a period of loss and decline. It also challenges the image of older people as conservative, and instead presents them as an avant-garde that often experiment with new ways of being together.

My Parents Never Had Sex Doris B. Hammond 1987

Within the Child's Core Janiece Corevine 2016-02-09 My book is of growing, maturing and trying to understand the facts of life without anyone telling you about it. Unfortunately learning and understanding what sex is about at the age of three years of age. Learning on your own, coping the best way you can own with the dynamics of dysfunctionality within your own family. Learning how to cope, and take care of yourself when there is no one there to help you. Praying, hoping that you can grow up, and move out and be thankful that you weren't beaten to death. And thanking God that you have one more chance at life. The road to recovery truly begins when that family's loyalty tempered with violence, physical, mental, corporal abuse, drinking, drugs and control. The violence that we all suffered at the hands of our parents. No reason or responsibility, with no sense of love or security, just only pain to each individual. Your loyalty to yourself comes first. Trust me when I say this. You are not alone. Do not ever be ashamed of your past do not be afraid of the future or what it may bring. You are a part of your future, and what tools you use to make it work for you.

Capistrano Merlin T. Williams 2012-09 This is a story for the "Baby Boom" generation and for their progeny as well. This is a tale for anyone who has wistfully dreamed of personal fulfillment. For those who contemplate the shedding of the shackles of conformity, of repetitive task completion, of living to satisfy the expectations of others, Michael Campbell is a man well worth meeting. Michael defines his own, "Castle in Spain", his statement of individual dream fulfillment and he works tirelessly to achieve it. Michael's singular focus becomes a beacon to others. Some raft together with him to his immense benefit while others become steadfast in their attempts to sink him. Capistrano, a club for gentlemen in the heart of Metro Manila, rises to become the premier night spot in a city famous for its ability to gratify the nocturnal, nefarious desires of those who enjoy the embrace of business success. And those, as well, in sequined splendor, whose agenda it is to satisfy those needs, to achieve their own goals. Capistrano is, in microcosm, South East Asia in the late 1980's. At once a bastion of sensual overload, it houses the unholy alliance of those with means and those who trade in their desires. Capistrano will make you laugh out loud, it will make you cry, and, in the process make you think about your own present and what possibilities lie untapped within.

Unconscious Fantasies and the Relational World Danielle Knafo 2013-05-13 What is the role of unconscious fantasies in psychological development, in psychopathology, and in the arts? In *Unconscious Fantasies and the Relational World*, Danielle Knafo and Kenneth Feiner return to these interlinked questions with a specific goal in mind: a contemporary appreciation of fantasy in its multiform relational contexts. To this end, they provide detailed examinations of primal scene, family romance, and castration fantasies, respectively. Each category of fantasy is pushed beyond its "classical" psychoanalytic meaning by attending to the child's ubiquitous concerns about sexual difference and feelings of incompleteness; her perception of the parental relationship; and the multiple, shifting identifications that grow out of this relationship. Evocative clinical examples illuminate the manner in which patients and analysts play out these three core fantasies. They are balanced by chapters that explore the generative side of these same fantasies in the arts. David Lynch's film *Blue Velvet* provides an artistic rendering of the primal scene; Jerzy Kosinski's life and work illustrates the family romance; and French multimedia artist Orlan's "carnal art" recreates the trauma of castration. *Unconscious Fantasies and the Relational World* is a tightly woven study of broad and basic questions. It is in equal measure a contemporary re-visioning of the grounds of fantasy formation, a relationally informed guide to clinical techniques for dealing with unconscious fantasy, and an examination of the generative potential of unconscious fantasy in the arts. Out of the authors' broadening and broad-minded sensibility emerges an illuminating study of the manifold ways in which unconscious fantasies shape lives and enrich clinical work.

Gender, Power, and Communication in Human Relationships Pamela J. Kalbfleisch 2012-12-06 This edited volume establishes a state-of-the-art perspective on theory and research on gender, power, and communication in human relationships. Both theoretical essays and review chapters address issues relevant to female and male differences in power, dominance, communication, equality, and expectations/beliefs. All chapter contributors share two commonalities. First, each provides a 1990s assessment of power and equality in female and male relationships. Second, each reviews respective programs of research and focuses attention on the relevance of this research to understanding the relationships of women and men. Unique because it incorporates a multidisciplinary approach to the study of gender and the communication of power in human relationships,

this book includes the original work of intellectuals with national and international reputations in the social sciences. The volume provides both scholastic breadth and centralized treatment of issues that form the very foundation of social and personal relationships. It will appeal to scholars working in the disciplines of communication and psychology as well as other areas of social science research.

Overcoming the Odds Freeman A. Hrabowski III 2002-02-07 When *Beating the Odds: Raising Academically Successful African American Males* appeared in 1998, it was hailed as "a crucial book" (Baltimore Sun) and "undoubtedly one of the most important tools the African American parent can possess" (Kweisi Mfume, President NAACP). Now, in response to enormous demand, the authors turn their attention to African American young women. Statistics indicate that African American females, as a group, fare poorly in the United States. Many live in single-parent households—either as the single-parent mother or as the daughter. Many face severe economic hurdles. Yet despite these obstacles, some are performing at exceptional levels academically. Based on interviews with many of these successful young women and their families, *Overcoming the Odds* provides a wealth of information about how and why they have succeeded—what motivates them, how their backgrounds and family relationships have shaped them, even how it feels to be a high academic achiever. They also discuss the challenges of moving into African American womanhood, from maintaining self-esteem to making the right choices about their professional and personal lives. Most important, the book offers specific and inspiring examples of the practices, attitudes, and parenting strategies that have enabled these women to persevere and triumph. For parents, educators, policy makers, and indeed all those concerned about the education of young African American women, *Overcoming the Odds* is an invaluable guidebook on creating the conditions that lead to academic-and lifelong-success.

Childhood Sexual Experiences Sally V. Hunter 2010 Sexual relations between children and adults is a highly controversial issue, and is usually framed as child sexual abuse. However, not all people regard their childhood sexual experiences as abusive or having an impact on their lives. Without detracting from the significant trauma of child abuse, this book seeks to explore divergent narratives of childhood sexual experiences, in particular to examine the factors leading to resilience in adversity or reduced perceptions of severity. The chapters look at the current literature on child sexual abuse and experiences, family and environmental protective and risk factors, the psychology of disclosure, coping mechanisms, gender differences, affect on sexuality, and the implications for therapy, and draws upon the narratives of adults who describe their perceptions - in childhood and adulthood - of their experiences. The outline of a ten week recovery programme is also included.

Stray Son Richard Slota 2016-09-27 *Stray Son* sets the supernatural solidly amidst the bizarrely mundane life of Patrick Jaworsky, Vietnam vet, married with two children, whose current job is picking up bodies for a mortuary. And when a young but familiar looking Marine keeps crossing his path, nothing is normal again, and, we find, as in real life, it never really was. Patrick and his family are swept back and forth in time in a gorgeous 1937 Packard on their way to two funerals, his grandmother's in 1942, and his father's in 2000. Haunted by an array of surprisingly tender and horrifying ghosts, Patrick meets not only the brutal family he's been estranged from for 30 years, but his past. And beyond. In a startling unraveling of memories and revelations, he comes to terms with his scarring past, and has a cascading domino effect on those around him. This gutsy, lyrical, sad, hilarious journey into the past and present--and what often passes for love--is an emotional, metaphysical roller coaster. Through Patrick's eyes, we look long and hard, if tenderly, into our own hall of mirrors. And at the things we were taught never to talk about. A hell of a story and an amazing first novel!

Revolt of the Crash-test Dummies Jim Daniels 2007 2006 Blue Lynx Prize for Poetry "Daniels can turn a poem in unexpected directions, and he has an ear for real American phrasing--nothing pumped up, inflated, 'Poetic' with a capital 'P.' *Revolt of the Crash-Test Dummies* is the real stuff: honest, very well made, engaging, and loaded with irony and humor."--Christopher Buckley, author of *Sleepwalk: California Dreamin'* and *A Last Dance with the '60s On Places/Everyone* "These poems are a refreshment. They hiss and steam with the street's vibrant hardness, the effort to look around the corner, pain in the eyes after a long day's work."--Carolyn Forch, author of *Blue Hour* Jim Daniels has published nine collections of poetry, as well as screenplays and short fiction. His poems have appeared in the Pushcart Prize and the Best American Poetry anthologies. Daniels lives in Pittsburgh, where he directs the Creative Writing Program at Carnegie Mellon University.

My Parents Never Had Sex Doris B. Hammond 1987 *My Parents Never Had Sex* presents the myths and facts of sexual aging in a thoughtful and straightforward manner that celebrates the sexuality of our elders. Dr. Hammond rejects not only the misconception that sexuality is neutralized with age, but also the related view (held by many elders) that sexual expression should be curtailed as one advances in years. She encourages both young and old to appreciate and take pride in their individual sexual being, and that of others, from birth to death. Cultural, religious, and societal influences affecting our views of human sexuality are described and discussed. Diverse forms of sexual expression are explored, with attention given to changes at mid-life and to health-related concerns. Helpful suggestions for family members and counselors are also offered. Specific situations encountered by families, couples, single persons, homosexuals, and nursing home residents are covered.

Party Tom Leveen 2020-05-12 "I'm the girl nobody knows until she commits suicide. Then suddenly everyone had a class with her." Tonight's the night. Everyone will be there. Will you? Graduation in Santa Barbara, a house near the beach, and no parents! That can mean only one thing: PARTY! But not everyone's in a partying mood. Beckett is only going to confirm she is invisible after having spent two years caring for her mother; Morrigan seeks revenge on her ex- for having the gall to NOT sleep with her; Azize is trying to make a friend -- any friend; and Anthony's ready to pop off on anyone who mentions his maimed, combat-veteran brother. As the night quickly spirals out of control, eleven unique characters -- all of whom are familiar to anyone who's been a high school student -- crash, collide, and recombine in ways none of them saw coming when a brutal act of xenophobic violence brings the party to a halt. Graduation is a time of change. But after tonight, no one will ever be the same.

The League of Exotic Dancers Kaitlyn Regehr 2017 "The Burlesque Hall of Fame reunion has been an annual tradition since 1955, when the League of Exotic Dancers (LED), one of America's earliest unions for women in exotic entertainment, held its first meeting. Today, situated in downtown Las Vegas, often called "Old Vegas" or "50s Vegas," The Burlesque Hall of Fame reunion now takes the form of a social club and support group, where these late-life dancers perform their half-century-year-old routines from the golden age of burlesque to a rally of counter-culture neo-burlesque fans"--

There Was Always Room At My Mother's Table Martin E. Cohen 2005-02 This is a story of how a small group of people made a transformation from Jew to Jewish American to American Jews. It is not unlike the transformation and Americanization of other peoples. How it differs is from the very fact that a religion, a set of beliefs transformed into a nationality. It is about a period of time in one woman's life, my mother who was a blend of Europe and America. She was a mixture of ethnicity, culture, religion and Americanized traditions; a potpourri of ideas and actions unlike most and yet common to us all. This is also my story as well as hers. It is about our lives and times of changes. It is about the games we played, the education we received, the changes in religious practices, the friends we had, and the environments in which we lived. My mother possessed virtues that were stark realities of everyday life. It was that there was always room at her table and there never was a shortage of food. She was a powerful loving matriarch who touched the lives of a great many people with a "touch" of this (knowledge), and a "touch" of that, (love).

Another Way Kevin Brown 2012-02-06 Like many young Christians, Kevin Brown had what he believed to be a strong faith, one that provided

answers to all the questions he had and might encounter. He even attended a Christian college and considered becoming a youth minister. While there, though, he began having doubts about his faith, began asking questions that came from discussions both in and out of the classroom--questions he couldn't find answers to. When the church told him he shouldn't be asking those questions, he left the church and his faith behind. He kept asking questions, though, and kept looking for a faith that would allow him to have questions and doubts, yet still believe. What he found may offer an answer to the religious divide in our society--one that separates evangelical from progressive Christians, one that separates sacred from secular. In this memoir, Brown describes his spiritual journey from his first faith to the loss of faith to the way he found back to a Christianity where he can ask those questions, a different way than he knew before. He still has questions and doubts, but he also has faith, in spite of and because of those questions and doubts.

The Problem with Preachers Dawud Aasiya-Bey 2021-12-07 The Problem with Preachers: The Similitude of Preaching, Preying, and Pimping By: Dawud Aasiya-Bey Dawud Aasiya-Bey was born in Washington, D.C., and his parents relocated to Long Island, NY, when he was four years old. He grew up with three brothers in a town called Wyandanch in the town of Babylon. As a child, he attended a private, parochial middle school in Deer Park, NY, which had a church on the campus and this is where his first experience of attending mass occurred. He felt that the school was a strict environment because it seemed that minor infractions resulted in punishments that simply did not fit the wrongdoing. He envisioned church as a place where people would be friendly and kind, but such was not the case as sisters and fathers seemed to roam the school campus like their goal in life was to catch someone doing something wrong. Dawud now lives in Murrieta, California, with his wife and son, which is a small city about 60 miles north of San Diego. He is currently in the teaching vocation as a biology teacher and has been doing so for over sixteen years. Prior to teaching, he worked in the IT field, which was a volatile environment back in 2000 requiring "head-hunters" to find contractual B2B jobs, which were three to six months at best as outsourcing was the norm. Such instability introduced him to the teaching profession, as he was a substitute teacher between his IT contract jobs. His involvement in the church community as a musician (bassist) allows him to experience the church dynamic from a 'musician for hire' perspective while continuing his passion for playing music that centers on worship. Being behind the scenes and playing in ministries throughout the years has given him more insight as playing at churches, conferences, and gospel events allowed him to observe the networking, conversations, and sentiments that took place amongst ministries. He feels that the lifestyles and views of some preachers contradict what Jesus taught in the Bible.
