## **The Swedish Way to Parent and Play: Advice for Raising Gender-Equal Kids** - Kristina Henkel 2019-12-10

Henkel 2019-12-10

Enter a world where Batman does the dishes and Barbie fights crime In the US and around the world, people are striving to close the gender gap. Ranked fifth globally for gender equality, Sweden is doing something right. But to truly close the gap, Swedish experts Kristina Henkel and Marie Tomicic know that we have to start at the beginning, with the daily gender traps and stumbling blocks that cause us to view our children one-dimensionally and limit their potential. In *The Swedish Way to Parent and Play*, Henkel and Tomicic share practical strategies and tips covering play and friendship,

emotions and self-esteem, and language and body, to help parents and teachers support children's development as unique individuals. The point is not that boys should wear dresses and girls can't play with dolls, or that all children should be the same. Gender equality is about variety; it's about showing children 100 possible ways to be instead of just two.

*The other glass ceiling* - Charles S Areni  
2014-05-13

The other glass ceiling offers an insightful male perspective to a debate on the lack of work-family balance in modern day families. Based on research and full of entertaining anecdotes, this book challenges the predominant gender roles that expect a mother to care for her family and

doubt her commitment to a career, while at the same time requiring a father to provide for his family financially and doubting his ability to look after his own children. This is the other glass ceiling - the one reflected in gender inequity in the family home and preventing equality in parenting. The other glass ceiling is perpetuated by both genders equally, and the solution requires compromises from both sides. Charles Areni and Stephen Holden encourage dads to 'step up', to take on a bigger share of the burden of home duties. They encourage mums to 'let go', to let dad get involved in child-rearing, and to bring to the task his own skills and approaches. Breaking through this other glass ceiling will be good for mum, good for dad - oh, and good for the children too!

**Non-traditional Sex Role Socialisation** - June A. Statham 1984

**Feminist Theory** - Bell Hooks 2000  
In this updated text of sexual politics, bell hooks

argues that the contemporary feminist movement must establish a new direction for the future. A leading cultural critic, she contends that feminism has not succeeded in creating a mass movement against sexism because the foundation of the women's movement has not fully accounted for the complexity and diversity of female experience. In order to fulfil its revolutionary potential, feminist theory must begin by consciously transforming its own definition to encompass the lives and ideas of women on the margin. This new edition includes an original preface by the author that brings it up to date.

*Shaping Early Childhood* - Glenda Mac Naughton 2003-12-16

"This should be essential reading for anyone involved in the training and professional development of early years practitioners... It is an impressive analysis of the historical and contemporary 'big ideas' that have influenced societies' and practitioners' views of children

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2020-02-23  
by guest*

and the nature of the curriculum. There are powerful sections on parents and communities ... I particularly liked the stimulating 'ideas galleries' with their statements from researchers, policy-makers and practitioners around the world." Nursery World, October 2004

This key textbook introduces students and practitioners to a wide range of different approaches to early childhood. It provides practical strategies for developing and implementing early learning experiences that promote excellence and equity for children. The book presents the latest research and thinking about good practice, discusses how various philosophies and beliefs influence decisions in early childhood education, and identifies the key thinkers behind each approach. By examining different perspectives, the book helps early childhood practitioners to navigate their way through competing views, make informed choices, and be critically reflective in their work. In an accessible, lively and user-friendly way, it

explores issues such as: What constitutes an appropriate early childhood curriculum How best to study and assess children Involving parents and children in early childhood learning The book features a range of pedagogical devices to inspire early childhood workers to reflect critically on their work and the ideas underpinning it, including: Boxed definitions of key terms Ideas summary charts and ideas galleries Clarification exercises Case studies Further reading lists This essential textbook is ideal for students undertaking early childhood qualifications at degree level, Masters courses in early childhood education, and for practitioners who work with children from birth to eight in early childhood settings.

Non-sexist Childraising - Carrie Carmichael 1977

How you can help your children grow up free to be themselves.

Non-sexist Education for Child Care Centers - Laura Buchanan 1980

1977

How you can help your children grow up free to be themselves.

*Right from the Start* - Selma Betty Greenberg  
1978

**Raising Them** - Kyl Myers 2020-09-08

"What did you have? A boy or a girl?" Kyl and Brent imagined it would be years before their child would identify with a gender. Until then... As a first-time parent, Kyl Myers had one aspect dialed in from the start: not being beholden to the boy-girl binary, disparities, or stereotypes from the day a child is born. With no wish to eliminate gender but rather gender discrimination, Kyl and her husband, Brent, ventured off on a parenting path less traveled. Raising a confident, compassionate, and self-aware person was all that mattered. In this illuminating memoir, Kyl delivers a liberating portrait of a family's choice to dismantle the

long-accepted and often-harmful social construct of what it means to be assigned a gender from birth. As a sociologist, Kyl explores the science of gender and sex and the adulthood gender inequities that start in childhood. As a loving parent, Kyl shares the joy of watching an amazing child named Zoomer develop their own agency to grow happily and healthily toward their own gender identity and expression. Candid and surprising, Raising Them is an inspiration to parents and to anyone open to understanding the limitless possibilities of being yourself.

**William's Doll** - Charlotte Zolotow 1985-05-01  
More than anything, William wants a doll. "Don't be a creep," says his brother. "Sissy, sissy," chants the boy next door. Then one day someone really understands William's wish, and makes it easy for others to understand, too.

**Gender Neutral Parenting** - Moira Duffy  
Dumas 2012

*Childhood Unlimited* - Virginia Mendez

2022-04-14

- In 2013, Disney released its most egalitarian film to date - but 59% of all the lines in Frozen are spoken by male characters. - 57% of children's books published annually have central male characters; just 31% have central female characters. Raising your child beyond the limitations placed on them by gender is, let's face it, an uphill battle. If you don't know where to start, or how to start, you will find inspiration, insight and plenty of practical strategies in *Childhood Unlimited*. From navigating the gendered constructs that dominate children's films, television and media generally, to choosing appropriate and stimulating toys beyond the binary divide, this accessible and relatable book will make the whole process much less daunting. Based on interviews with, and research by, some of the best thought-leaders from the fields of psychology, neuroscience and education, the insights in this

book will not only open the eyes of any parent or caregiver, they will inspire you to help your child to look at the world in a critical, creative and empowered way. Free from the restraints of the stereotypes that surround gender, your child has the opportunity to reach their true potential - and this is the book that you need to launch them on that journey.

**Daughters and Sons** - 1986

*Sorry Daddy* - Marvin Ross 1984-02

This informative and witty volume deals with such topics as nutrition, hospitals and medical emergencies, choosing a nursery school and day care, and how to amuse the toddler. Both fathers and mothers are provided with important advice on how to raise a non-sexist child.

*Children, Family and the State* - Thomas, Nigel  
2002-10-11

Different theories of childhood, children's rights and the relationships between children, parents and state are examined. The care system and the

extent to which children have been, and are involved in decisions is the main focus.

**Heterosexual Women Changing The Family -**

Jo Van Every 2013-10-08

First Published in 1995. Refusing to be a 'Wife'! explores how women can transform their relationships in order to minimize the inequality found in traditional families. Drawing on interviews with women and men in explicitly anti-sexist living arrangements, the book provides a new perspective on the division of domestic labour, mothering, marriage and financial allocation in the home. Written in a clear and engaging style, this book will be of interest and relevance not only to feminists but to anyone interested in the 'potential' impact of feminism on family life.

Gender Neutral Parenting - Paige Lucas-Stannard 2012

Our culture has strict rules for acceptable behavior for men and women. But what about kids who fall outside the boundaries of

prescribed roles? This book is a guide for parents in the practical application of Gender Neutral Parenting - a parenting style based on respect for a child's self-identity and providing latitude in exploring their own version of gender and gender expressions. In Gender Neutral Parenting you'll learn the Five Skills Essential for GNP: Skill #1: Become Aware of Genderization Skill #2: Become Aware of Your Gender Bias Skill #3: Create a Gender Diverse Environment Skill #4: Start a Dialog About Gender Skill #5: Dealing With Family and Friends and Dispelling Myths With practical examples and real world scenarios, this book will give you the strong foundation needed to implement GNP in your home and with your children. You'll learn about gender stereotypes for boys and girls and how to counteract them as a parent. Stereotypes covered include; Girl Genderization Stereotypes: Stereotype: Girls Are More Social and Less Physical Stereotype: Girls Are Princesses Stereotype: Girls Are Boy Crazy,

*Downloaded from

Sexual Tempresses Stereotype: Girls Are Pure and Virginal Boy Genderization Stereotypes: Stereotype: Boys Are Physically Active But Behind Socially and Verbally Stereotype: Boys Are Emotionally Stunted Stereotype: Boys Are Slaves To Their Sex Drive Stereotype: Boys Will Be Boys You'll also learn how to deal with family and friends (and strangers) that don't understand your parenting approach. I'll answer questions like; "Are you trying to make her androgynous?" "Won't that make him gay?" "Why are you so anti-feminine/anti-masculine?" "Do you think she's trans\*?" "You're raising a person not a social experiment." "She's going to hate you and need therapy." Or, "He'll be

bullied." "I can't believe you let her play with Barbies! Don't you even care about her future?" This book is for any parent, grandparent, or childcare teacher that wants a guide to raising kids without the strict limitations of gender roles and who wants to engage kids in conversations that will make them savvy media consumers and critical problem solvers around issues of gender and equality.
