Our Sexuality (with APA Card) - Robert L Crooks
2020-01-07

Are you sexually intelligent? You will be after reading Crooks/Baur/Widman's OUR SEXUALITY -- the most respected and authoritative college textbook on human sexuality. It's also the first to deliver cutting-edge and in-depth emphasis on the impact of politics on sexuality. The 14th Edition has been meticulously updated to reflect the most current research findings and psychosocial developments. Direct yet nonjudgmental, the text covers "our" sexuality in

an accessible, straightforward manner as it explores the similarities of sexual and relationship matters across cross cultural boundaries and sexual orientation lines. With a focus on strengthening your self-awareness and sexual intelligence, the text is packed with exciting new research, personally relevant examples and practical information on sexual health. Also available: MindTap digital learning solution.

Study Guide for Crooks and Baur's Our Sexuality, Sixth Edition - Lauren Kuhn 1996

*Downloaded from
legacy.opendemocracy.net on 2022-11-22
by guest*

A previous edition of this textbook was cited in Books for College Libraries, 3d ed.. Intended for undergraduate college courses, it covers the biological, psychosocial, behavioral, and cultural aspects of human sexuality, deliberately emphasizing diversity, presenting information from a range of perspectives, and sticking to a non-judgmental approach. Coverage includes the biological basis of sexuality, sexual behavior, the life cycle, sexual problems, and social issues. The new edition contains updated references and material and some enhanced pedagogical features such as "How About You?" questions and more prominent display of critical thinking questions. Crooks is a psychologist who has taught human sexuality classes at the university level for many years; Baur is a social worker with a specialty in sex therapy and education. c. Book News Inc.

The Sexual Spectrum - Olive Skene Johnson
2004

Questions of sexuality and gender are in the

forefront of public discourse. Every day there are stories in the newspaper about same-sex marriage, gay and lesbian parenting, and queer rights. In this fascinating book, Olive Skene Johnson explores the myriad influences and elements that shape human gender and sexuality. Drawing on the scientific findings of experts past and present and on a wide range of personal experiences from everyday people, Johnson explores questions such as: Is sexual diversity new? Why do men and women think differently? Apart from their sexuality, are homosexuals and heterosexuals different? How do genes, hormones, and society affect our sexuality? Answering these and related questions in an informed and entertaining way, Johnson provides a wealth of information in this lively, commonsense look at sexual diversity, blending science with personal stories.

Biblical Sexuality - F. Mac Leod 2018-08-08

We live in an age where sexual morals have been rapidly changing. Because of the sensitive nature of the topic, and out of fear of offending, the church has not always clearly addressed the issue or taught what the Bible has to say about God's purpose for this part of our life. This is an attempt to survey what the Bible has to say about human sexuality. In this study we will address God's intention for sex and what He says about the practices of our day. Our sexuality is a gift given to us by the Creator, but one that must be enjoyed in the way He intended. It is my desire that this study will open up the teaching of the Bible about human sexuality in a sensitive and God honouring way.

Biblical Sexuality - F Wayne Mac Leod

2023-08-16

We live in an age where sexual morals have been rapidly changing. Because of the sensitive nature of the topic and our fear of offending, the

church has not always clearly addressed the issue or taught what the Bible has to say about God's purpose for this part of our lives. This is an attempt to survey what the Bible has to say about human sexuality. In this study we will address God's intention for sex and what He says about the practices of our day. Our sexuality is a gift given to us by the Creator, but one that must be enjoyed in the way He intended. It is my desire that his duty will open up the teaching of the Bible about human sexuality in a sensitive and God-honouring way.

Our Sexuality - Robert Crooks 1999

This textbook introduces the biological, psychological, behavioral, and cultural aspects of sexuality. Topics include sexual behavior, sexual problems, biological basics, sexuality and the life cycle, and social issues. Each chapter highlights issues of diversity, ethics, sexual health, and the law. Crooks has a Ph.D. in psychology, with formal training in sociology; Kaur has a M.A. is social work, with a speciality

in sex therapy. Both have experience teaching sexuality classes at the college level. Annotation copyrighted by Book News Inc., Portland, OR.

Our Sexuality (11th. Ed.) -

Pornland - Gail Dines 2010-08-06

Professor Gail Dines has written about and researched the porn industry for over two decades. She attends industry conferences, interviews producers and performers, and speaks to hundreds of men and women each year about their experience with porn. Students and educators describe her work as “life changing.” In *Pornland*—the culmination of her life’s work—Dines takes an unflinching look at porn and its affect on our lives. Astonishingly, the average age of first viewing porn is now 11.5 years for boys, and with the advent of the Internet, it’s no surprise that young people are consuming more porn than ever. But, as Dines shows, today’s porn is strikingly different from yesterday’s Playboy. As porn culture has become

absorbed into pop culture, a new wave of entrepreneurs are creating porn that is even more hard-core, violent, sexist, and racist. To differentiate their products in a glutted market, producers have created profitable niche products—like teen sex, torture porn, and gonzo—in order to entice a generation of desensitized users. Going from the backstreets to Wall Street, Dines traces the extensive money trail behind this multibillion-dollar industry—one that reaps more profits than the film and music industries combined. Like Big Tobacco—with its powerful lobbying groups and sophisticated business practices—porn companies don’t simply sell products. Rather they influence legislators, partner with mainstream media, and develop new technologies like streaming video for cell phones. Proving that this assembly line of content is actually limiting our sexual freedom, Dines argues that porn’s omnipresence has become a public health concern we can no longer ignore.

Understanding Our Sexuality - Bryan Strong
1988

Some Issues in Human Sexuality - A Working
Party of the House of Bishops 2003

This widely anticipated report will be welcomed by all who wish to come to a greater understanding of the issues surrounding homosexuality, bisexuality and transsexualism and the Church. It provides an in-depth account of the surrounding issues, and provides detailed analyses of key Scriptural passages.

The Wisdom of the Body - Evelyn Eaton
Whitehead 2001

These popular seminar leaders update and expand upon their groundbreaking and award-winning *A Sense of Sexuality* with new chapters on timely topics such as the relation between men and women and the experiences of gay and lesbian Christians.

Sexuality: A Very Short Introduction -

Veronique Mottier 2008-04-24

What shapes our sexuality? Is it a product of our genes, or of society, culture, and politics? How have concepts of sexuality and sexual norms changed over time? How have feminist theories, religion, and HIV/AIDS affected our attitudes to sex? Focusing on the social, political, and psychological aspects of sexuality, this Very Short Introduction examines these questions and many more, exploring what shapes our sexuality, and how our attitudes to sex have in turn shaped the wider world. Revealing how our assumptions about what is 'normal' in sexuality have, in reality, varied widely across time and place, this book tackles the major topics and controversies that still confront us when issues of sex and sexuality are discussed: from sex education, HIVAIDS, and eugenics, to religious doctrine, gay rights, and feminism. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in
