A Parent's Guide to Having the Sex Talk - Axis 2019-01-01

"The talk." Most parents dread this awkward conversation, hoping to avoid it as long as possible. But in our sexualized culture, you can't afford to let others educate your teen in this area. This guide offers a framework for talking about sex in appropriate ways so you can shape your teen's perspective about God's good plan for sex. Parent Guides are your one-stop shop for biblical guidance on teen culture, trends, and struggles. In 15 pages or fewer, each guide tackles issues your teens are facing right now—things like doubts, the latest apps and video games, mental health, technological pitfalls, and more. Using Scripture as their backbone, these Parent Guides offer compassionate insight to teens' world, thoughts, and feelings, as well as discussion questions and practical advice for impactful discipleship.

Making Sense of "It" - Alison Macklin 2018-09-11

Maybe you learned about sex in school—anatomy, STIs, and pregnancy, right? You might think you’ve learned all there is to know, but there’s so much more to sex than just “doing it.” What about masturbation, is that OK? Are you dirty for having sexual fantasies? What about kissing, giving a blowjob, or taking the pill, is it safe? What if you touch someone’s penis, can you get pregnant? If you douche after sex, you won’t get pregnant... right? *Making Sense of "It"* goes beyond the basics of the birds and the bees to give teens a realistic, no-holds barred, nonjudgmental guide on everything to do with sex and sexuality. With this book, teens can learn about it all from the best contraception methods to what to expect at a clinic, even to the signs of an unhealthy relationship. Alison Macklin draws on her years of experience at Planned Parenthood to address everything teens want to and should know in a straightforward, open-minded,

and sex-positive manner. Even better, “Conversation Starters” in each chapter give teens and parents a chance to test their knowledge and useful tips to help talk about sex in a way that works for them. In a world where teens are bombarded with bad information on social media, and are made to feel ashamed of something so natural, *Making Sense of "It"* offers trustworthy, gender-neutral advice on how to be safe, informed, and honest about “it”.

Dr. Rosenzweig illustrates how you can help protect your children from sexual abuse, trauma, and bullying through your everyday interactions with them.
