Lady Chatterley's Lover D.H. Lawrence 2020-04-27 Lady Chatterley's Lover is a novel by D. H. Lawrence written in 1928. Printed privately in Florence in 1928, it was not printed in the United Kingdom until 1960 (other than in an underground edition issued by Inky Stephensen's Mandrake Press in 1929). Lawrence considered calling this book *Tenderness* at one time and made significant alterations to the original manuscript in order to make it palatable to readers. It has been published in three different versions. The publication of the book caused a scandal due to its explicit sex scenes, including previously banned four-letter words, and perhaps because the lovers were a working-class male and an aristocratic female. The story is said to have originated from events in Lawrence's own unhappy domestic life, and he took inspiration for the settings of the book from Ilkeston in Derbyshire where he lived for a while. According to some critics the fling of Lady Ottoline Morrell with "Tiger", a young stonemason who came to carve plinths for her garden statues, also influenced the story.

Private Lover 2 Zinzi 2017-07-03 There would be no mercy, blood would be spilled because territory is everything. When new players threaten the Caponie's strong hold in New York will an all out war breakout. ..."he just declared war and I accept his challenge, get ready to move...Sento odore di sangue (I smell blood)." Stavros roared as he held Kayla tightly in his arms. Kayla and Stavros's love is put to the test as danger looms in all directions. Will their love stand the trials?

Ovid: Ars Amatoria, Book III Ovid 2003 This is a full-scale commentary devoted to the third book of Ovid's *Ars Amatoria*. It includes an Introduction, a revision of E. J. Kenney's Oxford text of the book, and detailed line-by-line and section-by-section

commentary on the language and ideas of the text. Combining traditional philological scholarship with some of the concerns of more recent critics, both Introduction and commentary place particular emphasis on: the language of the text; the relationship of the book to the didactic, 'erotodidactic' and elegiac traditions; Ovid's usurpation of the lina's traditional role of erotic instructor of women; the poet's handling of the controversial subjects of cosmetics and personal adornment; and the literary and political significances of Ovid's unexpected emphasis in the text of Ars III on restraint and 'moderation'. The book will be of interest to all postgraduates and scholars working on Augustan poetry.
