Win Your Partner Back After A Break Up? - Louisa Jackson
2021-05-08

Those that go searching for love only make manifest their own lovelessness - D.H. Lawrence If you're going through the agony of a break up and you long, desperately, to reunite with your partner - this book is for you. Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions,

some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus

Relationship Advice Break Up Get Back Together

here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to

save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return. *Dangerous Relationships* - Noelle C. Nelson 2009-04-27 "A powerful and important book!...Dangerous Relationships could be a life saver."-Susan Forward, Therapist and Author, *Men Who Hate Women & The Women Who Love Them and Toxic Parents*"I would highly recommend this book to anyone who may be in a violent relationship, or to a relative or close personal friend who has concerns about the safety of someone they love."-Diane P. McGauley, Executive Director, The Family Place, Chair, Texas Council on Family Violence Possessiveness, insensitivity, and a sudden personality change are all warning signs of a potential abuser. *Dangerous Relationships* will help readers recognize a potentially violent personality before it's too late. Interweaving real-life stories of

four couples, Dr. Noelle Nelson highlights dangerous turning points in relationships and explains how readers can safely diffuse tension between their spouses, lovers, or roommate and protect themselves from abuse.

The Subtle Art of Not Giving a F*ck - Mark Manson

2016-09-13

#1 New York Times Bestseller
Over 10 million copies sold
In this generation-defining self-help guide, a superstar blogger cuts through the crap to show us how to stop trying to be "positive" all the time so that we can truly become better, happier people. For decades, we've been told that positive thinking is the key to a happy, rich life. "F**k positivity," Mark Manson says. "Let's be honest, shit is f**ked and we have to

live with it." In his wildly popular Internet blog, Manson doesn't sugarcoat or equivocate. He tells it like it is—a dose of raw, refreshing, honest truth that is sorely lacking today. The Subtle Art of Not Giving a F**k is his antidote to the coddling, let's-all-feel-good mindset that has infected American society and spoiled a generation, rewarding them with gold medals just for showing up. Manson makes the argument, backed both by academic research and well-timed poop jokes, that improving our lives hinges not on our ability to turn lemons into lemonade, but on learning to stomach lemons better. Human beings are flawed and limited—"not everybody can be extraordinary, there are winners and losers in society, and some of it is not fair or your fault." Manson advises us to get to know our limitations and accept them. Once we embrace our fears, faults, and uncertainties, once we stop running and avoiding and start confronting painful truths, we

can begin to find the courage, perseverance, honesty, responsibility, curiosity, and forgiveness we seek. There are only so many things we can give a f**k about so we need to figure out which ones really matter, Manson makes clear. While money is nice, caring about what you do with your life is better, because true wealth is about experience. A much-needed grab-you-by-the-shoulders-and-look-you-in-the-eye moment of real-talk, filled with entertaining stories and profane, ruthless humor, *The Subtle Art of Not Giving a F**k* is a refreshing slap for a generation to help them lead contented, grounded lives.

How to Get Your Ex Back - Mayowa Ajisafe 2020-03-31
Breakup sucks! But it sucks more when you have the wish and thought of getting back with your ex, and you are wondering how to go about that. I have been through a couple of breakups in which I wanted my ex back. So I can relate to how you feel in that. Your love story doesn't have to end that way, and you think

you deserve another shot at been back with your ex. But this can be frustrating, especially when your ex has moved on and you are wondering how do you get him or her back. You don't need to be clueless about that anymore. With my experience getting three of my exes back and also seeing a lot of people trying to do that but are clueless, I wrote *How to Get Your Ex Back: The Ultimate Counterintuitive Guide To Know When To Get Your Ex Back And How To Get Your Ex Back* in which I spilled out all I know based on experience and facts surrounding the dynamic of relationships, breakups and getting an ex back. In *How to Get Your Ex Back: The Ultimate Counterintuitive Guide To Know When To Get Your Ex Back And How To Get Your Ex Back*, I took a rather counter-intuitive approach to the topic of getting back with an ex and in this book, you will learn: *Why Do You Want To Get Your Ex Back* if you are 1) the one who was dumped 2) if you are the one who dumped your

ex? The understanding of this is needed for you to make a better decision about getting your ex back, which you will learn later in the book. *What Happened When You Lose Your Relationship: This will show you the dynamic of how things are when you are being dumped by your ex and if you are the one who does the breaking up. An understanding of this also will help you along the journey of getting your ex back. How to get your ex back if you are the one that breaks up How to get your ex back if you are the one your ex break up with. And ultimately, one important thing you must take note of when trying to get your back to help you avoid the pain or hurt that might result in getting back with you ex now or later. You might be surprised how many different decisions you might want to make after reading through this one important piece of advice. The book is short and took into consideration your time and value for money when it was being written. If you are struggling with the thought of*
