Relationship Questions for Couples - Carrie Parker 2019-11-18

Would you like to have a guide that will lead through every situation or argument you have with your partner? Would you like to have an answer to every single relationship related question? Or maybe you just want some advice or tips on how to get into a relationship and have full control of it? If your answer is "Yes" to at least one of these questions, then keep reading... I am very excited to finally present my first book: "RELATIONSHIP QUESTIONS FOR COUPLES" - two hundred fifty questions and detailed answers to solve your couple problems and build better relationships. A book that I made to help couples to communicate positively and overcome conflicts. More than 50% of people get divorced in the first year of marriage. More than 70% of couples brake up in the first year of a close relationship. What are the reasons for that? Well, there are many, it is basically the accumulation of different reasons or one major that destroys relationship. The major is also usually the consequence of many small ones. To solve all these problems and save people's relationship was my mission while creating this book. To let people know all the possible solutions to every single situation, so they can read the exact method or tip and use it to fix the problem. Now let's take a look at a few things you will get out of this book: 250 questions for you to read and analyze Best possible answers and solutions to each one First date advice and proven strategies What happens after marriage, how to keep it alive? How to fix intimate relationship problems? Communication with partner advice Help yourself and your partner, problem identification methods Should I quit the relationship? Many many more... Now let's answer a few questions you may have: FAQ Is this guide better suit for men or women? For both. This guide was designed to fix and help both sides. Women are usually more concerned about their feelings, so a little stronger direction towards women's side but overall, this book fits both. How should I use this book? Do I have read a whole thing at once or piece by piece? My advice is to read a whole book once and after that if you have a situation and you forget the solution you just find the question you have in TOC section. Now it is time to take your relationship in your own hands. Carrie Parker

What Really Works with Men - A. Justin Sterling 2005-10Seven Deep Insecurities Men Dont Want Women to Know - Sheri E. Ragland 2015-09-09

The author provides Robert Harris's compelling story of his struggles with manhood throughout his youth and adult life in part one. His journey begins with a complex childhood of poverty, uncertainty, and the fight to survive in Memphis, Tennessee. As a teenager in the streets, he dominated, ruled, and controlled individuals and relationships as a means of survival and to gain respect. However, long-term behaviors led to an adulthood of aggression, negative thinking, and unsuccessful relationships. His personal challenges and insecurities caused him to seek God to become a better man and father. Robert shares his story of challenges and triumph to encourage other men. His memoir provides a foundation for part two, which reveals the seven deep insecurities that men like Robert experience but do not openly discuss with the women in their lives. In part three, the book concludes with reflections. The objective of this book a) adds to the existing information on relationships; b) encourages more men to acknowledge their insecurities and do something about them; c) inspires men to have healthy discussions about their thoughts and feelings with their partner; and d) encourages men to be more open-minded about their relationship and find successful ways to collaborate with their partner to solve relationship issues in a humble, caring, respectful,

and loving manner.

Relationship Crisis - Matthew Miller 2019-09-23

If you have relationship problems then keep reading. If relationships were easy everyone would be happy. We embark upon a 'ship' with someone we love; the sunset is golden over the horizon and everything seems

perfect, until one day there's a leak in the ship and we don't know how to fix it. This book was written as a 'how to' manual for such ships, covering every aspect of a relationship in crisis from the moment you met your partner until now, when you're searching for answers on how to fix what you feel is breaking. Each chapter has been written clearly and with feeling, to help you to connect with what you are feeling, as it is only in our ability to feel that we can identify what is wrong. You will also read five detailed case-studies on relationships that were in crisis, which may well serve as references for your own relationship. Of course, no two relationships are the same, but by observing the individuals and their choices, their examples may urge you to take a certain path to heal your own relationship. It's all about going back to the start, and then discovering the very first moment that disharmony reared its head in your partnership. This book tells you, step by step, how to do this easy and then how to move forward, so that you and your loved one can end the unnecessary suffering between you. A must-read for all those who are facing turmoil in their relationships, and certainly an insightful read for those who feel they should know more about partnerships before they enter into one themselves.

Fresh Eyes Solve Problems Easier - David Johnson 2022-12-21

Fresh Eyes Solve Problems Easier: The Self-Love Relationship Project By: David Johnson David Johnson was born in the Bronx, New York, but he never felt like he fit in or had his own identify. His mother died when he was ten and his older brother died when he was fifteen. This was the point that David realized his purpose in life was to help people find the brighter side in life and to help guide them toward a better relationship with themselves and with others. David received his master's degree in counseling and then his certification for professional coaching to learn how to connect with people to the best of his ability. After years of experience and trial and error, David now collaborates with clients to ensure that they become their best selves, not only for the people around them, but also for themselves. Find out more about David and Co-Lab Coaching at www.yourcoloabcoach.com. The lessons woven throughout Fresh Eyes Solve Problems Easier are not just random lessons David picked up from sitting in a classroom or reading a textbook. Instead, each featured lesson is packed with personal anecdotes and honesty about how David tried (and often failed) at implementing each self-love lesson into his own life and relationships. David now owns and operates Co-Lab Coaching, and he coaches his clients using practices similar to those found throughout the book. The lessons David presents will help the reader to realize the need for self-love in relationships and in life. David's book offers a unique approach to tackling common relationship problems by first looking at oneself and the self-love we practice as individuals.
