Valentine Next Door - Willa Edwards 2014-08-08

Jeremy's not about to let a few numbers get between him and the woman he's dreamed of since high school. Can Mrs Valentine do the same? Jeremy Callahan has been in love with his next door neighbour, Miranda Valentine, since he was fifteen years old. As a teen, he used to watch her, fantasising about how he could make her his. But he never acted on it. Miranda was older, married, and out of his league. Forced to return home ten years later after being injured on a photo shoot, all those old feelings return, and this time there's no reason to keep them at bay. She might be a decade

older than he is, but Jeremy's not about to let a few numbers stand in his way. Since her husband's death, Miranda has been left with a big hole in her life. Never able to fulfill her dream of becoming a mom, she isn't sure what to do with herself. She certainly didn't expect to find the most gorgeous man she's ever met next door. She can't believe Jeremy Callahan is that sexy younger man, or that he's had a crush on her for years. When he kisses her, all bets are off. Jeremy's young, handsome and makes her feel more than anyone has ever before. But she knows he can't want the same things she does. Surely he isn't ready to settle down

and start a family, but she's running out of time. Will her dream of being a mother keep her from the man she loves? Or can they find some middle ground where they can both get everything they desire?

Tell Me What You Want -

Justin J. Lehmiller 2020-07-14

A leading expert on human sexuality and author of the blog Sex and Psychology offers an unprecedented look at sexual fantasy based on the most comprehensive, scientific survey ever undertaken. What do Americans really want when it comes to sex? And is it possible for us to get what we want? Justin J. Lehmiller, one of the country's leading experts on human sexuality and author of the popular blog Sex and Psychology, has made it his career's ambition to answer these questions. He recently concluded the largest and most comprehensive scientific survey of Americans' sexual fantasies ever undertaken, a monumental two-year study involving more than 4,000 Americans from all walks of life, answering questions of

unusual scope. Based on this study, Tell Me What You Want offers an unprecedented look into our fantasy worlds and what they reveal about us. It helps readers to better understand their own sexual desires and how to attain them within their relationships, but also to appreciate why the desires of their partners may be so incredibly different. If we only better understood the incredible diversity of human sexual desire and why this diversity exists in the first place, we would experience less distress, anxiety, and shame about our own sexual fantasies and better understand why our partners often have sexual proclivities that are so different from our own. Ultimately, this book will help readers to enhance their sex lives and to maintain more satisfying relationships and marriages in the future by breaking down barriers to discussing sexual fantasies and allowing them to become a part of readers' sexual realities.

Wild Heat - Elaina Jadin
2019-10-28

A dangerous wildfire, two scorching hot men, and miles of remote wilderness... When I escape my soul-sucking corporate job to take a hiking trip in the mountains, all I'm expecting is to unplug and unwind. No distractions--just me soaking in the scenic beauty of nature. But the universe has other ideas. First, there's my back-country guide, Chase. He's expertly skilled and devastatingly handsome, with piercing eyes, toned muscles, and a smoldering, flirty smile that completely disarms me. Then, Chase's identical twin brother, Hugh--a tough-as-nails skydiving firefighter--crash lands near us in the middle of the night when a severe wildfire breaks out. The blaze sweeps through the mountains with terrifying speed, driving us deeper into

the wilderness. Fortunately, these rugged men know this land like the back of their hands. It's isolated, untamed, and dangerous, just the way they like it. But they aren't prepared for me--or the intense heat simmering between us. As the raging fire closes in, the twins vow to protect me at all costs, but the forest isn't the only thing going up in flames. Being trapped has never felt so good, but can I survive this perilous journey with my life--and heart--intact? *Wild Heat* is a full-length standalone ménage romance with a pulse-pounding adventure story, two smoking hot, swoon-worthy heroes, and a leading lady who can hold her own in the face of danger. No cheating, no cliffhangers, and a guaranteed HEA.

Sugar Daddies - Jade West
2016-07-12

A sugar daddy website doesn't seem a sound basis for an A1

life plan, but I'm a small town girl with big dreams, and there's this one advert, this one crazy advert I can't stop thinking about... Two hot guys seeking their Little Miss Right. Someone who can entertain them, amuse them, fit in with their corporate schedule. And sex. They want sex. Lots of sex. Bonus, right? One major dose of epic win. Of course, guys like Carl and Rick have their conditions. One being that they come together, or not at all. Hell, I can live with that. And there are no skeletons in their designer closet, none that I can find. Just two hot sugar daddies, with particular tastes, nothing to worry about. Until Carl and Rick spill the big one, the one that sends the girls running. A whole string of them before me, running to the hills without so much as a backward glance. Maybe I should run, too. Thanks but no thanks, see you around, guys, nice knowing you. But I'm already in way too deep for that.
