Gay & Lesbian History for Kids - Jerome Pohlen 2015-10-01

Part of the popular *For Kids* series, this book puts the historic struggle for LGBT equality into perspective. Given today's news, it would be easy to get the impression that the campaign for LGBT equality is a recent development, but it is only the final act in a struggle that started more than a century ago. This timely resource helps put recent events into context for kids ages nine and up. After a brief history up to 1900, each chapter discusses an era in the struggle for LGBT civil rights from the 1920s to today. The history is told through personal stories and firsthand accounts of the movement's key events like the 1950s "Lavender Scare," the Stonewall Inn uprising, and the AIDS crisis. Readers will learn about civil rights mavericks, like Dr. Magnus Hirschfeld, founder of the first gay rights organization; Phyllis Lyon and Del Martin, who turned the Daughters of Bilitis from a lesbian social club into a powerhouse for LGBT freedom; and Harvey Milk, the first out candidate to win a seat on the San Francisco Board of Supervisors. Also chronicled are the historic contributions of famous LGBT individuals, and 21 activities enliven the history. Kids can write a free verse poem like Walt Whitman, learn the Madison line dance, design an AIDS quilt panel, and write a song parody to learn about the spirited ways in which the LGBT community has pushed for positive social change.

Queer City - Peter Ackroyd 2017-05-25

'Droll, provocative and crammed to bursting with startling facts' Simon Callow, Guardian In this powerful Sunday Times bestseller Peter Ackroyd looks at London in a whole new way - through the history and experiences of its gay population. In Roman Londinium the city was dotted with lupanaria ('wolf dens' or public pleasure houses), fornices (brothels) and thermiae (hot baths). Then came the Emperor Constantine, with his bishops, monks and missionaries. And so began an endless loop of alternating permissiveness and censure. Ackroyd takes us right into the hidden history of the city; from the notorious Normans to the frenzy of executions for sodomy in the early nineteenth century. He journeys through the coffee bars of sixties Soho to Gay Liberation, disco music and the horror of AIDS. Today, we live in an era of openness and tolerance and Queer London has

become part of the new norm. Ackroyd tells us the hidden story of how it got there, celebrating its diversity, thrills and energy on the one hand; but reminding us of its very real terrors, dangers and risks on the other.

Same Sex Relationships - John Stott 2017-07-01

Biblical wisdom on same-sex relationships explained with care, wisdom and compassion. What does the Bible say about same-sex relationships? How should Christians think about this divisive and heartfelt issue? And what of those who are caught in the crossfire: the brothers and sisters who experience same-sex attraction, but are committed to being faithful to the teaching of scripture and resisting it? In this revised, updated and extended edition of the classic chapter from *Issues Facing Christians Today*, the late John Stott lays out the biblical position on same-sex relationships with care, wisdom and compassion. In addition to Dr Stott's timeless Biblical wisdom, there are forewords by Dr John Sentamu, (the Archbishop of York) and Dr Mark Labberton (President of Fuller Theological Seminary), a helpful preface by the editor, Sean Doherty, testimonies from same-sex attracted Christians and questions for reflection and discussion.

We Are Family - Susan Golombok 2020-07-02 Our understanding of what makes a family has undergone a revolution in the last few decades, from same-sex parenthood to surrogacy, donor conception, and IVF. But what has the impact been on children? In *We Are Family*, Professor Susan Golombok visits lesbian mothers, gay fathers, single parents, donor conception parents, co-parents, trans parents, surrogates, and donors, and, more importantly, their children, to find out if they are as well-adjusted, happy, and emotionally stable as children from traditional nuclear families. And she discovers that the answer is yes — and sometimes even more so. Susan's work at the Centre for Family Research at Cambridge proves that any family set-up can provide a loving, secure home for a child — although, the children from these families will often face prejudiced attitudes from others. Since the 1970s, when she was first drawn to this area of research after reading about lesbian mothers whose children were being removed from their care, Susan has worked tirelessly to challenge outdated attitudes and prevent families being split up for no good reason. This book tells the stories of those families — their struggles and their triumphs — while celebrating love and family in all its wonderful variations.

Making Babies, Making Families - Mary L. Shanley 2002-04-16

Thanks to new reproductive technologies and new ways of forming families, the world of parenting is opening up as never before. What defines a legal family? Should there be any restrictions on buying and selling eggs and sperm, or hiring "surrogate mothers"? How many parents can a child have? While there's no going back to the traditional family, Mary Lyndon Shanley shows us that we don't have to live in moral chaos. She offers a new vision of family law that puts each child's right to be cared for at its center, while also taking into account the complex needs of every family member.

Susan Cottrell is a mom who has been there and wants you to know that loving and accepting your gay child does not mean abandoning or even compromising your faith. of homosexuality. This is a book about how to respond with love and support during this vulnerable time for your child.
