Studies in Symbolic Interaction - Norman K.

Denzin 2009-10-01

Divided into four parts, this title examines commodity racism: representation, racialization and resistance. It presents the interpretive works in the interactionist tradition. It features the essays which interrogate the intersections between biography, media, history, politics and culture.

Bad Subjects - Bad Subjects Production Team
1998

BAD SUBJECTS offers a critique of the post-1960s left in the United States and attempts to reclaim a utopian vision. Simultaneously a valuable resource and an inspiration, BAD SUBJECTS is an example of a progressive political community making use of new technologies. It covers everything from popular

culture and high technology to economic restructuring and political organizing, from Raymond Williams to The Dead Kennedys.

Punk Pioneers - Jenny Lens 2008

A poignant reminiscences of the fun, artistic, and powerful moments in early punk rock history. From 1976 to 1980, Jenny Lens shot legendary icons in their infancy: the Ramones, the Clash, Blondie, the Damned, Patti Smith, Iggy Pop, the Germs, X, and more.

Rock'n America - Deena Weinstein 2015-01-01

What is rock? This book offers a new and systematic approach to understanding rock by applying sociological concepts in a historical context. Deena Weinstein, a rock critic, journalist, and academic, starts by outlining an original approach to understanding rock, explaining how the form has developed through

*Downloaded from

by guest*

a complex and ever-changing set of relations between artists, fans, and mediators. She then traces the history of rock in America through its distinctive eras, from rock's precursors to rock in the digital age. The book includes suggested listening lists to accompany each chapter, a detailed filmography of movies about rock, and a wide range of visuals and fascinating anecdotes. Never separating rock music from the social, political, economic, and cultural changes in America's history, *Rock'n America* provides a comprehensive overview of the genre and a new way of appreciating its place in American society.

12 Days on the Road - Noel E. Monk 1990

The infamous British punk rock group's abortive 1979 tour of America's Deep South is recorded by the tour's manager and a music journalist, in a story of chaos and decadence on the road

Addicted To Noise - Michael Goldberg

2022-11-01

Addicted to Noise collects the best interviews,

profiles, and essays Michael Goldberg has written during his forty-plus years as a journalist. From combative interviews with Frank Zappa and Tom Waits to essays on how Jack Kerouac influenced Bob Dylan and the lasting importance of San Francisco's first punk rock club, Goldberg, as novelist Dana Spiotta wrote, "shows us how consequential music can be." Contained within these pages: interviews with Sleater-Kinney, Sonic Youth, Patti Smith, Lou Reed, Flipper, John Fogerty, Neil Young, and Rick James, along with profiles of Robbie Robertson, John Lee Hooker, James Brown, the Clash, Prince, Michael Jackson, the Flamin' Groovies, Ramblin' Jack Elliott, X, Laurie Anderson, Stevie Wonder, George Clinton, Devo, San Francisco punks Crime, and more. Plus short takes on Muddy Waters, Townes Van Zandt, Captain Beefheart, Professor Longhair, and others. As Greil Marcus writes in the Foreword, "You can feel the atmosphere: someone has walked into a room with a pencil in

his hand—as the words go in perhaps the first song about a music critic, not counting Chuck Berry’s aside about the writers at the rhythm reviews—and suddenly people are relaxed . . . He isn’t after your secrets. He doesn’t want to ruin your career to make his. He doesn’t care what you think you need to hide. He actually is interested in why and how you make your music and what you think of it. So people open up, very quickly, and, very quickly, as a reader, you’re not reading something you’ve read before.”

Kids of the Black Hole - Dewar MacLeod
2012-10-09

Los Angeles rock generally conjures memories of surf music, The Doors, or Laurel Canyon folkies. But punk? L.A.'s punk scene, while not as notorious as that of New York City, emerged full-throated in 1977 and boasted bands like The Germs, X, and Black Flag. This book explores how, in the land of the Beach Boys, punk rock took hold. As a teenager, Dewar MacLeod witnessed firsthand the emergence of the punk

subculture in Southern California. As a scholar, he here reveals the origins of an as-yet-uncharted revolution. Having combed countless fanzines and interviewed key participants, he shows how a marginal scene became a "mass subculture" that democratized performance art, and he captures the excitement and creativity of a neglected episode in rock history. Kids of the Black Hole tells how L.A. punk developed, fueled by youth unemployment and alienation, social conservatism, and the spare landscape of suburban sprawl communities; how it responded to the wider cultural influences of Southern California life, from freeways to architecture to getting high; and how L.A. punks borrowed from their New York and London forebears to create their own distinctive subculture. Along the way, MacLeod not only teases out the differences between the New York and L.A. scenes but also distinguishes between local styles, from Hollywood's avant-garde to Orange County's hardcore. With an intimate knowledge of bands,

venues, and zines, MacLeod cuts to the heart of L.A. punk as no one has before. Told in lively prose that will satisfy fans, Kids of the Black Hole will also enlighten historians of American suburbia and of youth and popular culture. [The Jive 95](#) - Hank Rosenfeld 2023-08-15
The Jive 95: An Oral History of America's Greatest Underground Rock Radio Station, KSAN San Francisco is an oral history of America's first hippie underground FM station which broadcast the countercultural consciousness of the '60s and '70s to a new generation. A communal radio band of intrepid hellraisers, pranksters, and drug-enlightened geniuses defined this psychedelic era, from the Summer of Love in Golden Gate Park, to the rebellion and bitter end of the late 1970s, which launched the Reagan Revolution. Founded in San Francisco by Tom Donahue, a 1996 inductee into the Rock & Roll Hall of Fame, an entire generation of Americans discovered a new musical universe among dance clubs, light

shows and street fests--the original pop-ups. Almost overnight, KSAN became an audio clubhouse, where anyone could belong with friends and the cool cats and hipsters they just met. Rock gods, political stars, and literary celebrities, including Jerry Garcia, Ken Kesey, Sly Stone, and John Lennon were all interviewed by founder Tom Donahue and his cohorts, whose listeners "tuned in and turned on" to bands like Jefferson Airplane, The Grateful Dead, Janis Joplin, Quicksilver, Country Joe and the Fish, Hot Tuna, The Beatles and Santana, among others. Folk journalist Hank Rosenfeld was there during those final years--writing, producing, and announcing. His warm, funny voice presents a behind-the-mic experience at KSAN, the beloved, "Jive 95," whose delicious dose of enlightened sunshine and 33 rpm LP dreamscapes ignited a radio explosion from coast to coast. So, how did KSAN go from a liberating voice to a corporate cliché? It's all here in Rosenfeld's insightful, hilarious account, which includes countless

exclusive interviews with iconic performers and never before available in print or audio form.

[The Sex Pistols Invade America](#) - Mick O'Shea 2018-08-14

In November 1977, Warner Bros. secured the rights to release the album Never Mind The Bollocks, Here's the Sex Pistols in America. The following January, the Sex Pistols--already the "scourge" of Britain--were discovered by unsuspecting American audiences in an infamous U.S. tour, accompanied by sensational media coverage and moral panic. Malcolm McLaren, the band's manager, eschewed the established rock 'n' roll markets of New York and Los Angeles in favor of off-the-radar venues in Memphis, San Antonio and Baton Rouge, sowing the seeds for countercultural clashes in the conservative South. Two weeks later the band split up but punk had invaded mainstream American culture. Drawing on input from fans, the author chronicles the Pistols' first and only U.S. tour and separates fact from fallacy in the

mythology surrounding those 12 days of mayhem.

England's Dreaming - Jon Savage 2021-06-03

I Swear I Was There - David Nolan 2016

David Nolan's 'I Swear I Was There' describes the early days of the Sex Pistols, their first gig at the Manchester Free Trade Hall in 1976 and the long-term effects of that first concert.

In the Fascist Bathroom - Greil Marcus 1999
Was punk just another moment in music history, a flash in time when a group of young rebels exploded in a fury of raw sound? Greil Marcus delves into the afterlife of punk as a much richer phenomenon and as a form of artistic and social rebellion.

Historic Photos of San Francisco - Rebecca Schall 2006

From the 1906 earthquake to famous sights like the cable cars, Alcatraz, and the Golden Gate Bridge, Historic Photos of San Francisco is a photographic history collected from the area's

Downloaded from

top archives. With around 200 photographs, many of which have never been published, this beautiful coffee table book highlights the historical growth from the mid 1800s to the late 1900s of "the City by the Bay" in stunning black and white photography. The book captures scenes of the people, places, and events important to the history of this unique city, accompanied by insightful captions and historical analysis. Spanning two centuries and two hundred photographs, this book is a must-have for any long-time resident or history lover of San Francisco!

Lipstick Traces - Greil Marcus 2014-10-09

A cult classic in a new edition. This book is about a single, serpentine fact: late in 1976 a record called 'Anarchy in the UK' was issued in London, and this event launched a transformation of pop music all over the world. The song distilled, in crudely poetic form, a critique of modern society once set out by a small group of Paris intellectuals. In Lipstick Traces, Greil Marcus's

classic book on punk, Dadaism, the situationists, medieval heretics and the Knights of the Round Table (amongst others), the greatest cultural critic of our times unravels the secret history of the twentieth century.

Going Underground - George Hurchalla
2016-04-01

The product of decades of work and multiple self-published editions, Going Underground, written by 1980s scene veteran George Hurchalla, is the most comprehensive look yet at America's nationwide underground punk scene. Despite the mainstream press declarations that "punk died with Sid Vicious" or that "punk was reborn with Nirvana," author Hurchalla followed the DIY spirit of punk underground, where it not only survived but thrived nationally as a self-sustaining grassroots movement rooted in seedy clubs, rented fire halls, Xeroxed zines, and indie record shops. Rather than dwell solely on well-documented scenes from Los Angeles, New York, and Washington, DC, Hurchalla delves

Downloaded from
legacy.opendemocracy.net on 2019-08-27

deep into the counterculture, rooting out stories from Chicago, Philadelphia, Austin, Cincinnati, Miami, and elsewhere. The author seamlessly mixes his personal experiences with the oral history of dozens of band members, promoters, artists, zinesters, and scenesters. Some of the countless bands covered include Articles of Faith, Big Boys, Necros, Hüsker Dü, Bad Brains, Government Issue, and Minutemen, as well as many of the essential zines of the time such as Big Takeover, Maximum RocknRoll, Flipside, and Forced Exposure. Going Underground features over a hundred unique photos from Marie Kanger-Born of Chicago, Dixon Coulbourn of Austin, Brian Trudell of LA, Malcolm Riviera of DC, Justina Davies of New York, Ed Arnaud of Arizona, and many others, along with flyers from across the nation.

The Sex Pistols Invade America - Mick O'Shea
2018-08-03

In November 1977, Warner Bros. secured the rights to release the album Never Mind The

Bollocks, Here's the Sex Pistols in America. The following January, the Sex Pistols--already the "scourge" of Britain--were discovered by unsuspecting American audiences in an infamous U.S. tour, accompanied by sensational media coverage and moral panic. Malcolm McLaren, the band's manager, eschewed the established rock 'n' roll markets of New York and Los Angeles in favor of off-the-radar venues in Memphis, San Antonio and Baton Rouge, sowing the seeds for countercultural clashes in the conservative South. Two weeks later the band split up but punk had invaded mainstream American culture. Drawing on input from fans, the author chronicles the Pistols' first and only U.S. tour and separates fact from fallacy in the mythology surrounding those 12 days of mayhem.

San Francisco Year Zero - Lincoln A. Mitchell

the personal and the political, tracing the city's current state back to three key events that all occurred in 1978: the assassination of George Moscone and Harvey Milk occurring fewer than two weeks after the massacre of Peoples Temple members in Jonestown, Guyana, the explosion of the city's punk rock scene, and a breakthrough season for the San Francisco Giants.

Who Cares Anyway - Will York 2023-03-02

Late '70s San Francisco. The Summer of Love is a hazy memory, the AIDS crisis is looming, and nearby Silicon Valley is still an obscure place where microchips are made. The City by the Bay is reeling from a string of bizarre tragedies that have earned it a new name: the "kook capital of the world." Yet out of the darkness comes a creative rebirth, instigated by punk and sustained by the steady influx of outsiders who view the city as a place of refuge, a last resort. What ensues is a collision of sounds and ideas that spans the golden age of analog DIY culture, from the dark cabaret of Tuxedomoon and

Factrix, the apocalyptic sounds of Minimal Man and Flipper, the conceptual humor of Gregg Turkington's Amarillo Records; through to the subversive pop music of Faith No More, the left-field experimentalism of Caroliner, Mr. Bungle, and Thinking Fellers Union Local 282, and much more. Drawing on extensive research—including interviews with over 100 musicians, artists, and other key players—WHO CARES ANYWAY is the first book to chronicle the wild post-punk San Francisco music scene, courtesy of those who lived it. It's a tale full of existential drama, tragic anti-heroes, dark humor, spectacular failures—and even a few improbable successes.

Seditious Theology - Mark Johnson 2016-04-01

Seditious Theology explores the much analysed British punk movement of the 1970s from a theological perspective. Imaginatively engaging with subjects such as subversion, deconstruction, confrontation and sedition, this book highlights the stark contrasts between the punk genre and the ministry of Jesus while

Downloaded from
legacy.opendemocracy.net on 2019-08-27
by guest

revealing surprising similarities and, in so doing, demonstrates how we may look at both subjects in fresh and unusual ways. Johnson looks at both punk and Jesus and their challenges to symbols, gestures of revolt, constructive use of conflict and the shattering of relational norms. He then points to the seditious pattern in Jesus' life and the way it can be discerned in some recent trends in theology. The imaginative images that he creates provide a challenging image of Jesus and of those who have relooked radically in

recent years at what being a 'seditious' follower of Christ means for the church. Introducing both a new partner for theological conversation and a fresh way of how to go about the task, this book presents a powerful approach to exploring the life of Christ and a new way of engaging with both recent theological trends and the more challenging expressions of popular culture.
