Voices of Recovery - SAA Fellowship 2019-02-03

Voices of Recovery is the response to requests from SAA members for a meditation book written and produced by the fellowship. This book is not the work of a single person. Numerous individuals have donated their time and talents to writing, reading, selecting, and editing meditations. Each meditation is a reflection of the individual member's own experience, strength, and hope in their own recovery process. The meditations may be read daily based on the date, by topic using the index, or by any other way the reader or group desires.

[Beautiful Boy](#) - David Sheff 2018-01-11

THE NUMBER ONE NEW YORK TIMES BESTSELLER NOW A MAJOR FILM, STARRING STEVE CARELL AND BAFTA AND GOLDEN GLOBE NOMINATED TIMOTHEE CHALAMET 'What had happened to my beautiful boy? To our family? What did I do wrong?' Those are the wrenching questions that haunted every moment of David Sheff's journey through his son Nic's addiction to drugs and tentative steps toward recovery. Before Nic Sheff became addicted to crystal meth, he was a charming boy, joyous and funny, a varsity athlete and honor student adored by his two younger siblings. After meth, he was a trembling wraith who lied, stole, and lived on the streets. With haunting candour, David Sheff traces the first subtle warning signs: the denial, the 3am phone calls (is it Nic? the police? the hospital?), the attempts at rehab. His preoccupation with Nic became an addiction in itself, and the obsessive worry and stress took a tremendous toll. But as a journalist, he instinctively researched every avenue of treatment that might save his son and refused to give up on Nic. This story is a first: a teenager's addiction from the parent's point of view - a real-time chronicle of the shocking descent into substance abuse and the gradual emergence into hope. Beautiful Boy is a fiercely candid memoir that brings immediacy to the emotional rollercoaster of loving a child who seems beyond help. Read the other side of Nic Sheff's bestselling memoir, Tweak. Praise for Beautiful Boy:- 'A brilliant, harrowing, heartbreaking, fascinating story, full of beautiful moments and hard-won wisdom. This book will save a lot of lives and heal a lot of hearts'. Anne Lamott 'An important book... moving, timely and startlingly beautiful.' Richard Branson

Rational Recovery - Jack Trimpey 1996-11

Offers a self-recovery program for substance abuse based on the Addictive Voice Recognition Technique.

The Dying Animal - Philip Roth 2010-12-23

'This is a vicious, furious book, unapologetically not of this age - it is also horribly funny and unflinchingly honest' New Statesman David Kepesh, white-haired, and now in his sixties, is an eminent cultural critic on NPR radio and a formidable lecturer at a New York college. For years he's been casually, almost habitually, sleeping with the more spirited of his female students, though with an aesthete's critical distance. But now he's met Consuela Castillo, a twenty-four-year-old Cuban student of such head-turning beauty, that Kapesh finds himself dragged helplessly into a quagmire of sexual jealousy and loss. The Dying Animal is a virtuoso performance from Philip Roth, following Kapesh through the tumult of erotic lust and the search for freedom, shackled by a mortal human body.

The Twelve Steps and the Sacraments - Scott Weeman 2017-11-10

Winner of a 2018 Catholic Press Association Award: Sacraments. (Second Place). In the first book to directly integrate the Twelve Steps with the practice of Catholicism, Scott Weeman, founder and director of Catholic in Recovery, pairs his personal story with compassionate straight talk to show Catholics how to bridge the commonly felt gap between the Higher Power of twelve-step programs and the merciful God that

he rediscovered in the heart of the sacraments. Weeman entered sobriety from alcohol and drugs on October 10, 2011, and he's made it his full-time ministry to help others who struggle with various types of addiction to find spiritual wholeness through Catholic in Recovery, an organization he founded and directs. In The Twelve Steps and the Sacraments, Weeman candidly tackles the struggle he and other addicts have with getting to know intimately the unnamed Higher Power of recovery. He shares stories of his compulsion to find a personal relationship with God and how his tentative steps back to the Catholic Church opened new doors of healing and brought him surprising joy as he came to know Christ in the sacraments. Catholics in recovery and those moving toward it, as well as the people who love them will recognize Weeman's story and his spiritual struggle to personally encounter God. He tells us how: Baptism helps you admit powerlessness over an unmanageable problem, face your desperate need for God, and choose to believe in and submit to God's mercy. Reconciliation affirms and strengthens the hard work of examining your life, admitting wrongs, and making amends. The Eucharist provides ongoing sustenance and draws you to the healing power of Christ. The graces of Confirmation strengthen each person to keep moving forward and to share the good news of recovery and new life in Christ. Weeman's words are boldly challenging and brimming with compassion and through them you will discover inspiration, hope, sage advice, and refreshingly practical help.

Sex Addicts Anonymous - SAA Fellowship 2017-05-03

The basic text of the SAA fellowship, Sex Addicts Anonymous explains sex addiction from the SAA perspective and demonstrates, through examples, how sex addiction worsens over time. It describes the personal powerlessness and unmanageability of sex addiction, and the damage to personal relationships, livelihood, and physical health that is often caused by addictive behavior. Sex Addicts Anonymous conveys a vision of hope for the addict through a recovery program based on the time-honored Twelve Steps that were initially proposed for alcoholics. A separate section of the book offers a variety of personal stories from individual members of the fellowship to illustrate the challenges and the hope of recovery.

Alcoholics Anonymous - Alcoholics Anonymous World Services 1986

The basic text for Alcoholics Anonymous.

Christodora - Tim Murphy 2017-02-23

'An engrossing and inspiring story of loss, love and hope, set against a backdrop of art, activism and addiction.' Observer The Christodora is home to Milly and Jared, a privileged young couple with artistic ambitions. Their neighbour, Hector, a Puerto Rican gay man who was once a celebrated AIDS activist but is now a lonely addict, becomes connected to Milly's and Jared's lives in ways none of them can anticipate. Meanwhile, the couple's adopted son, Mateo, grows to appreciate the opportunities for both self-realization and oblivion that New York offers. As the junkies and protestors of the 1980s give way to the hipsters of the 2000s and they, in turn, to the wealthy residents of the crowded, glass-towered city of the 2020s, enormous changes rock the personal lives of Milly and Jared and the constellation of people around them. Moving kaleidoscopically from the Tompkins Square Riots and attempts by activists to galvanize a response to the AIDS epidemic, to the New York City of the future, Christodora recounts the heartbreak wrought by AIDS, illustrates the allure and destructive power of hard drugs, and brings to life the ever-changing city itself.

[Refuge Recovery](#) - Noah Levine 2014-06-10

Bestselling author and renowned Buddhist teacher Noah Levine adapts the Buddha's Four Noble Truths and Eight Fold Path into a proven and systematic approach to recovery from alcohol and drug addiction—an indispensable alternative to the 12-step program. While many desperately need the help of the 12-step recovery program, the traditional AA model's focus on an external higher power can alienate people who don't connect with its religious tenets. Refuge Recovery is a systematic method based on Buddhist principles, which integrates scientific, non-theistic, and psychological insight. Viewing addiction as cravings

in the mind and body, Levine shows how a path of meditative awareness can alleviate those desires and ease suffering. Refuge Recovery includes daily meditation practices, written investigations that explore the causes and conditions of our addictions, and advice and inspiration for finding or creating a community to help you heal and awaken. Practical yet compassionate, Levine's successful Refuge Recovery system is designed for anyone interested in a non-theistic approach to recovery and requires no previous experience or knowledge of Buddhism or meditation.

Preventing HIV Transmission - National Research Council and Institute of Medicine 1995-09-14

This volume addresses the interface of two major national problems: the epidemic of HIV/AIDS and the widespread use of illegal injection drugs. Should communities have the option of giving drug users sterile needles or bleach for cleaning needs in order to reduce the spread of HIV? Does needle distribution worsen the drug problem, as opponents of such programs argue? Do they reduce the spread of other serious diseases, such as hepatitis? Do they result in more used needles being carelessly discarded in the community? The panel takes a critical look at the available data on needle exchange and bleach distribution programs, reaches conclusions about their efficacy, and offers concrete recommendations for public policy to reduce the spread of HIV/AIDS. The book includes current knowledge about the epidemiologies of HIV/AIDS and injection drug use; characteristics of needle exchange and bleach distribution programs and views on those programs from diverse community groups; and a discussion of laws designed to control possession of needles, their impact on needle sharing among injection drug users, and their implications for needle exchange programs.

Gay Voluntary Associations in New York - Moshe Shokeid 2015

Gay Voluntary Associations in New York is a sensitive and insightful ethnography of social groups that have gathered around common interests in an urban LGBT population from the time of the AIDS crisis to the present. Anthropologist Moshe Shokeid examines the social discourse of sex, love, friendship, and spiritual life in which these communities are passionately engaged. Drawn from long-term anthropological research in New York City, Gay Voluntary Associations in New York uses participant observation to explore such diverse social associations and religious organizations as seniors groups, interracial, bisexuals, sexual compulsives, gay bears, and Catholic, Protestant, and Jewish gay congregations. As an outside observer—neither gay nor American-born—Shokeid examines the social discourse within these voluntary associations from a critical vantage point. In addition to the personal information and intimate expressions of empathy freely shared in the company of strangers at social gatherings, individual stories and experiences are woven into the narrative to illustrate the existential conditions and emotional template of gay life in the city. Shokeid's nuanced portrait of the affective relationships within these groups offers deeper comprehension of the social dynamics and emotional realities of gay urban communities in the United States.

Love Creeps - Amanda Filipacchi 2014-06-24

A New York love story that's "part suspense comedy and part philosophical treatise on the neurosis of love" from the author of *Nude Men* (Bret Easton Ellis). At thirty-two years old, Lynn Gallagher is one of the five most influential contemporary-art gallery owners in Manhattan. Too bad her face is dead. Not so, says Lynn's assistant, but that is how it feels when she compares it to her stalker's face. Alan Morton may be a plump, goofy-looking accountant, but his face glows with life when he peers at Lynn through her gallery window. The difference is that Alan wants something—her—very badly, while Lynn wants nothing at all. So she decides to stalk. The object of her obsession—French attorney Roland Dupont—is chosen at random in a Chelsea bakery. He is attractive, but it is not until he expresses his disinterest in her that Lynn begins to

truly desire him. Alan, jealous of Lynn's newfound hobby, befriends Roland to find out what she sees in him. When Roland learns that he acquired his stalker by happenstance, he decides that he might be interested in Lynn after all. Soon all three are brazenly pursuing each other across the city—from adult education classes in the art of beading to meetings of Stalker's Anonymous—as they try to figure out what it is that they truly want. The advice of Ray, the homeless psychologist who observes their madcap comings and goings, is not much help at all: "Take a break, an antidepressant. Get hold of yourselves." A hip and darkly humorous novel about the mysteries of romance, *Love Creeps* is pure Amanda Filipacchi—funny, wicked, and wise. Federal Regulation of Methadone Treatment - Committee on Federal Regulation of Methadone Treatment 1995-02-01

For nearly three decades, methadone hydrochloride has been the primary means of treating opiate addiction. Today, about 115,000 people receive such treatment, and thousands more have benefited from it in the past. Even though methadone's effectiveness has been well established, its use remains controversial, a fact reflected by the extensive regulation of its manufacturing, labeling, distribution, and use. The Food and Drug Administration regulates the safety and effectiveness of methadone, as it does for all drugs, and the Drug Enforcement Administration regulates it as a controlled substance. However, methadone is also subjected to a unique additional tier of regulation that prescribes how and under what circumstances it may be used to treat opiate addiction. Federal Regulation of Methadone Treatment examines current Department of Health and Human Services standards for narcotic addiction treatment and the regulation of methadone treatment programs pursuant to those standards. The book includes an evaluation of the effect of federal regulations on the provision of methadone treatment services and an exploration of options for modifying the regulations to allow optimal clinical practice. The volume also includes an assessment of alternatives to the existing regulations.

New York Magazine - 1991-09-09

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

The Recovering - Leslie Jamison 2018-05-03

Addiction is seemingly inexplicable. From the outside, it can look like wilful, arrogant self-destruction; from the inside, it can feel as inevitable and insistent as a heartbeat. It is possible to describe, but hard to explore. Yet in *The Recovering*, Leslie Jamison draws on her own life and the lives of addicts of extraordinary talent - John Cheever, John Berryman, Jean Rhys and Amy Winehouse among them - to take us inside the experience of addiction, exposing the contours, edges and wholes of an intoxicated life. Part memoir, part group biography, part literary history and part definitive analysis of cultural and social considerations of addiction, *The Recovering* is a significant moment in the history of post-war narrative non-fiction.

Daily Reflections - A a 2017-07-27

This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year--one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as *Alcoholics Anonymous*, *Twelve Steps and Twelve Traditions*, *As Bill Sees It* and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. *Daily Reflections* has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

The Social Impact of AIDS in the United States - National Research Council 1993-02-01

Europe's "Black Death" contributed to the rise of nation states, mercantile economies, and even the Reformation. Will the AIDS epidemic have similar dramatic effects on the social and political landscape of

the twenty-first century? This readable volume looks at the impact of AIDS since its emergence and suggests its effects in the next decade, when a million or more Americans will likely die of the disease. The Social Impact of AIDS in the United States addresses some of the most sensitive and controversial issues in the public debate over AIDS. This landmark book explores how AIDS has affected fundamental policies and practices in our major institutions, examining: How America's major religious organizations have dealt with sometimes conflicting values: the imperative of care for the sick versus traditional views of homosexuality and drug use. Hotly debated public health measures, such as HIV antibody testing and screening, tracing of sexual contacts, and quarantine. The potential risk of HIV infection to and from health care workers. How AIDS activists have brought about major change in the way new drugs are brought to the marketplace. The

impact of AIDS on community-based organizations, from volunteers caring for individuals to the highly political ACT-UP organization. Coping with HIV infection in prisons. Two case studies shed light on HIV and the family relationship. One reports on some efforts to gain legal recognition for nonmarital relationships, and the other examines foster care programs for newborns with the HIV virus. A case study of New York City details how selected institutions interact to give what may be a picture of AIDS in the future. This clear and comprehensive presentation will be of interest to anyone concerned about AIDS and its impact on the country: health professionals, sociologists, psychologists, advocates for at-risk populations, and interested individuals.
