Fornication Adultery Masturbation Pornography Oral & Anal Sex The Way of Islam Uk 2016-09-11 Islam does not neglect one of the most private moments in an individual's life - namely, the sexual relationship between a husband and wife. Detailed and explicit rulings regarding sexual behavior can be found in the Qur'an, Sunna and works of classical scholars. It is common to find scholars dedicating whole chapters in their works to this delicate, yet important, subject. Imam Abu Hamid al-Ghazali's *Ihya Uloom al-Din*, *Al-Tibb al-Nabawi* by Imam Ibn al-Qayyim al-Jawziyya, Imam Ibn Qudama's *Al-Mughni*, Imam Nasa'i's *Ishrat al-Nisa'*, Imam Abu 'l-Faraj Ibn al-Jawzi's *Sayd al-Khatir*, the *Ghunyat al-Talibin* by Shaykh Abdul Qadir al-Jilani and countless other classical works deal with this topic in some detail. The major reference works in all four Sunni Schools of Islamic law (madhhabs) also discuss many aspects of sexual relations and what married couples may and may not do. The reason for this is that a healthy sexual relationship is absolutely vital in marriage. Scholars today generally agree that one of the primary reasons for failed marriages is failed sexual lives. The root cause of marital discord is often sexual dissatisfaction, with problems in the bedroom often leading to unhappiness, frustration, and, at times, even divorce. Among the objectives of marriage is to satisfy one's sexual needs in a lawful manner, and if either spouse is unfulfilled, the temptation to look elsewhere can become overwhelming. Often, a spouse will refuse to engage in a form of sexual activity, mistakenly believing it to be unlawful, which could easily sour their relationship. It is therefore of key importance for married couples to learn and understand the teachings of Islam regarding sexual behavior. Unfortunately, some Muslims consider any discussion on sex to be offensive and a breach of religious propriety (adab) and modesty (haya), unaware that the Messenger of Allah (Allah bless him & give him peace) himself explained this subject in considerable detail. Several hadiths describe how the Messenger of Allah (Allah bless him & give him peace) taught men and women matters relating to sexual relations. In conclusion, there is nothing wrong with teaching, studying and learning the rules of Shari'ah regarding sexual relations with one's spouse. However, one should be careful not to violate the spirit of Islam of modesty, decency and bashfulness. Proper care should be taken of the language used and examples given. It would be wise that male students are taught by a male teacher, and female students by a female teacher. If these matters are taken care off, not only will this be allowed, it would fulfil a great need of the time, Insha Allah. And Allah Knows Best

Muslim Family in a Dilemma Mohammad Akhtar 2007 The conflict between Islam and the West is as disturbing on the outside, as it polarizes the world, as it is on the inside, when it divides families and causes enormous stress to Muslims living in the West. A mutual understanding is the answer to both of these conflicts. This work enhances the West's understanding of Muslim minorities and helps Muslims to understand their own identity problem in Western culture. Ultimately, Professor Akhtar delineates how Muslim families can integrate into Western society in a creative way that will benefit their families and society-at-large. *Muslim Family in a Dilemma* provides empirical examinations of many problems in the Muslim family in the U.S. and Europe, such as divorce, mental health, and the abuse of women. One chapter gives a special analysis of the maltreatment of Muslim women in Turkish families in Germany. In regard to these issues and women's equality, the Western position is accepted, and Islam is interpreted in several chapters as reconcilable with this outlook. Further consistent with the Western position, is what the writer of the last chapter, a Muslim female, has to state: pleasing your wife sexually is a religious obligation in Islam. That is in regard to sex in marriage. However, sex outside of marriage or free sex is irreconcilable to Islam. In a detailed critique of some of the Western practices and anti-family forces, Professor Akhtar determines the mutually exclusive relationship between unrestricted sex and marital integrity. One can have free sex or long-lasting marriage, but not both. He considers extra-marital sex as a paradox of Western culture, as it derives from an overvaluation of sex and overemphasis of

individualism and cuts into relationships.

Sexuality Education from an Islamic Perspective G. Hussein Rassool 2020-02-13 We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

Like a Garment Yasir Qadhi 2019-03-04 As- Salaam Alaikum! I welcome you to our 'Like A Garment' e-book, an initiative that seeks to educate Muslims to find conjugal bliss in their marriages. The name of this project came from one of the most beautiful, poetic and profound metaphors of the Qur'an. Allah states, "Permitted for you, during the night of the fast, that you approach your wives. They are your garments, and you are their garments" [al-Baqarah; 187]. In this verse, each spouse is described as a 'garment' to the other. The famous exegete Ibn Jarir al-Tabari (d. 311) stated that this description most aptly described the act of intimacy between the spouses, for during that act, each spouse sheds his or her other garments and then wraps around the other, taking the place of clothes. Al-Qurtubi (d. 671) also comments on this metaphor, and adds that just as clothes protect their wearer from the external elements, similarly each spouse protects the other from external passions that would harm a marriage. Combining between the various explanations of this beautiful metaphor found in the books of tafseer, we can derive many meanings from it: - The act of procreation is so intimate that it is literally as if one of the spouses covers up the other, just as clothing covers up one's body. Another euphemism that the Qur'aan uses for the sexual act is the verb ghashsha, which means 'to cover up, to envelop'. - One primary purpose of clothing is to conceal one's nakedness, since this nakedness (or `awrah) is embarrassing to display, and should be hidden from the eyes of others. Similarly, each spouse conceals the other spouse's faults, and does not reveal them to others. - Clothing protects one from the external elements, such as heat and cold. Similarly, spouses protect one another from external desires that originate from many different sources. By satisfying these desires within the confines of marriage, external passions are removed. - Clothing is the primary method through which humans beautify themselves. Without clothing, one is incomplete and naked. Similarly, spouses beautify and complete one another; when a person is not married, he or she is not yet complete and has not reached his or her full potential. Marriage is an essential part of being fully human, just like clothes are an essential part of being fully civilized. - Clothes are only worn in front of others, and are not necessary in front of spouses. It is only in front of one's spouse that the other spouse can discard his or her garments. - Clothes are the closest thing to one's body. Nothing comes between a person and his or her clothes. So the analogy of spouses being 'like clothes to one another' implies such a closeness - there is nothing, literally and metaphorically, that should come between spouses.

Marriage & Morals in Islam Sayyid Muhammad Rizvi 1990

Islam Ruqaiyyah Waris Maqsood 1995 A study of Islam which looks at its history, the life of Muhammad, beliefs, worship, festivals, Shari'ah, the mosque, and how Islam affects moral behaviour, attitudes, social practices and lifestyles.

Marriage and Sexuality in Islam Ghazzālī 1984 Islam considers marriage as the most intimate communion between man and woman. The mystery of sex finds its fulfilment when intimate spiritual harmony is combined with the physical link. Marriage and family laws are, therefore, an important part of Islamic law for the fulfilment of its ultimate objective of building a harmonious and peaceful human society. In his inimitable style, Imam al-Ghazali, may Allah be pleased with him, discusses this subject in this small book, and shows how Islam, despite differences in rules and marriage, sets out inviolable principles so that marriage is not distorted by godless understandings now threatening to dehumanise many a society of both the East and West. The Islamic code of marriage and family is second to none in importance in helping to lead a life of goodness and purity.

about the concepts in Islam related to a topic that has acquired a tendency to be discussed in hushed tones. Indeed, whereas Islam seems to hold marriage in the highest regard, a certain stigma seems to have attached to the idea of sex. Be it the burning issues of subjugation of women in Islamic societies or the barbaric, archaic methods of punishing those that indulge in prohibited sexual activities, certain Islamic practices have naturally been at the receiving end of the collective disgust of many. In this book, however, we have abstained from expurgation, thereby approaching each sub-topic within the broader umbrellas from both points of view, classical and modern. Therefore, to complement the prescribed views of Islam that speak against homosexuality, a chapter titled 'LGBT in Islam' has been included to highlight the efforts of LGBT people within Islam who strive to change the ancient mindset still propagated by certain members of the faith. It is, after all, only a valued evaluation of both the present and the past, the east and the west, that can enable humans to figure out the word of God for themselves.

Contemporary Bioethics Mohammed Ali Al-Bar 2015-05-27 This book discusses the common principles of morality and ethics derived from divinely endowed intuitive reason through the creation of al-fitr' a (nature) and human intellect (al-'aql). Biomedical topics are presented and ethical issues related to topics such as genetic testing, assisted reproduction and organ transplantation are discussed. Whereas these natural sources are God's special gifts to human beings, God's revelation as given to the prophets is the supernatural source of divine guidance through which human communities have been guided at all times through history. The second part of the book concentrates on the objectives of Islamic religious practice - the maqa' sid - which include: Preservation of Faith, Preservation of Life, Preservation of Mind (intellect and reason), Preservation of Progeny (al-nasl) and Preservation of Property. Lastly, the third part of the book discusses selected topical issues, including abortion, assisted reproduction devices, genetics, organ transplantation, brain death and end-of-life aspects. For each topic, the current medical evidence is followed by a detailed discussion of the ethical issues involved.

Sexuality in Islam Abdelwahab Bouhdiba 2013-02-01 Originally published in 1985. Beginning with the Qur'an, Abdelwahab Bouhdiba confronts the question of male supremacy in Islam, and the strict separation of the masculine and the feminine. He gives an account of purification practices, of Islamic attitudes towards homosexuality, concubinage, legal marriage and of the sexual taboos laid down by the Qur'an. He assesses present-day sexual practice, including eroticism, misogyny and mysticism and concludes that the sexual alienation - and even oppression - of modern Muslim women is the result not of the Islamic vision of sexuality, but of social and economic pressures.

Sexual Relations and Married Life 2004-11-14 By Mufti Umar Farooq Saheb Luharwi - DB Sheikhul Hadith Darul Uloom London All praises are due to Allah Lord of the worlds and blessings and salutations be upon the leader of Messengers and his family and his companions, thereafter... Islam is the final religion. Such a complete religion it is that after it neither is there anticipation of another religion, nor is there need for any other message. It is a universal, all encompassing and everlasting religion that has guaranteed the fulfilment of the needs of all people. The feelings of people, their inclinations, needs, necessities, natural instincts singular as well as collective, inter-family as well as inter-community (social), and every aspect of life falls under certain rules and regulations of this religion. No sphere remains without Divine guidance. The rules governing social conduct include an important part on marriage and sexual relations. How then would it be possible for one to omit giving importance to its rules and regulations? Islam is a moderate religion, in line with the natural instincts and needs of man and fully balanced. Therefore the rulings on sexual issues are also such, admitting that it is natural. Thus the instincts placed within the heart and mind of man are all by the Wisdom of Almighty Allah. This natural sexual instinct with all its types, temperaments, conditions and stages in the life of man is one deep reality. Islam has never called for

the destruction or abolition of this instinct, neither through celibacy nor sainthood. If the fulfilment of the desire as result of one's sexual nature and inclinations is within the limits of the Shariah then it has not been classified as forbidden (Haraam). The condition is that the fulfilment of sexual desire at any cost, must not be the sole aim of a person. One must maintain moderation free from both extremes and free from animalistic behaviour. Similarly, unclean, dirty and silly means of fulfilling this desire should not be resorted to. The correct method of fulfilling one's natural sexual desires within the framework of the Laws of Almighty Allah is known as Nikah. Islam has placed detailed rules in this regard and commanded mankind to obey those rules in order for man to be raised above other creatures. This booklet is a clear attempt, with boldness, to highlight these rules and regulations. It has been compiled by a great, well known and respectable scholar of Deen, Maulana Musa Karmadi Saheb (MZ) (Secretary General of Islamic Educational Trust, UK). He has brought together verses of the Qur'aan, sayings of the Prophet (peace be upon him), the pious and learned, the doctors and those of experience. In the foreword his mention of the resource books and his appeal to seek clarification from the Muftis (Jurists of the Shariah Law) regarding detailed issues such as artificial fertilization, have added weight to this booklet. The simple language of this booklet and use of common terminology has made it easy for the

Islam, Women's Sexuality and Patriarchy in Indonesia Irma Riyani 2020-11-26 This book explores the intimate marital relationships of Indonesian Muslim married women. As well as describing and analysing their sexual relationships, the book also investigates how Islam influences discourses of sexuality in Indonesia, and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands. Based on extensive original research, the book reveals that Muslim women perceive marriage as a social, cultural, and religious obligation that they need to fulfil; that they realise that finding an ideal marriage partner is complicated, with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage; and that there is a strong tendency, with some exceptions, for women to consider a sexual relationship in marriage as their duty and their husband's right. Religious and cultural discourses justify and support this view and consider refusal a sin (dosa) or taboo (pamali). Both discourses emphasise obedience towards husbands in marriage.

Sex and Marriage in Islam Mukund Guru 2016-04-07 This book comes into existence for the sole purpose of illuminating the masses, those within and without Islam about the concepts in Islam related to two interrelated topics: sex and marriage. As interrelated as they may be in effect, whereas Islam seems to hold marriage in the highest regard, a certain stigma seems to have attached to sex. religion of peace and never was. Who is Allah and Muhammad? Many young Muslims are not aware of what the Qur'an teaches as they do not read, speak or write Arabic. What is the media not telling the world about Sharia law, radical Islam and atrocities worldwide in the name of Allah? Most importantly, Muslims are children of God just like all of us. The purpose of this book is to explain the truth about what the Qur'an teaches. Christians today must share the truth and love of Christ so that we can truly live in a more peaceful world and retain the freedoms we have fought so diligently to preserve.

Intimacy and the Sacred Habeeb Alli 2011-07-11 Intercourse with ones spouse is part of being human. Alli has taken such a subject which has cultural taboos all around it, and brought it to the reader with religious light. Something that is rare in the English language. A must read. Tahir Anwar, Imam, U.S.A. "Sex is a normal function of life...so normal that every single human being owes its existence to it. However because of the insanity that has gripped the world in terms of porn this book acts as sane voice. Sex is sacred and we need to take back the sheets from the porn industry. Many young people are drawn to porn and what is learnt from its pages/screens is all wrong. Women are to be respected. And in the arena of love/sex between married people only true knowledge can bring joy. This book carrying such knowledge should be required reading by all young people as it discusses the topic of intimacy in a halal manner". Love and Sex in Islam Abdullah R. Muhametov 2013-04-15 Everything you wanted to know about sex and love in Islam, but were hesitant to ask about: polygamy, contraception allowed by Sharia, oral and group sex, homosexual marriages and also the relationship with jinns, masturbation and mysteries of martial relations - all that is allowed and all that is prohibited in sexual relations in this noble and pure religion. Many people both in the West and Russia continue to have a mistaken illusion that love, sex and variability of relations between man and woman are either suppressed in Islam or in contrary exceed all norms of decency. the book is an insight into this matter. The Muslim man is perceived as an ideal type of an always ready sexual partner. Love and Sex in Islam lifts the veil covering the delicate theme, in which the phenomena seeming incompatible turn out to be good neighbors.

Sexual Ethics and Islam Kecia Ali 2016-01-07 Stoning. Slavery. Honour Killings. Homosexuality. In the context of Islam, these topics are frequently discussed but little understood. When debated, such emotive issues often spark heated argument rather than reasoned deliberation. In this lucid and carefully constructed collection of essays, feminist academic Dr Kecia Ali examines classical Muslim texts and tries to evaluate whether a just system of sexual ethics is possible within an Islamic framework. Seeking to avoid polemical argument, Ali inspects key themes such as consent and control,

which are crucial to any understanding of either traditional Islamic sexual ethics or the possibilities for progressive transformation in these ideals. Suitable for undergraduates and the interested reader alike, *Sexual Ethics and Islam* is an essential tool for understanding modern Islam in today's increasingly sexualised world.

The Muslim Marriage Guide Ruqaiyyah Waris Maqsood 2008

No Truth Without Beauty Leena El-Ali 2021-12-01 In this comprehensive open access book, written for readers from any or no religious background, Leena El-Ali does something remarkable. Never before has anyone taken on every last claim relating to Islam and women and countered it not just with Qur'anic evidence to the contrary, but with easy-to-use tools available to all. How can a woman's testimony be worth half of a man's? How can men divorce their wives unilaterally by uttering three words? And what's with the obsession with virgins in Paradise? Find the chapter on any of the seventeen topics in this book, and you will quickly learn a) where the myth came from and b) how to bust it. The methodology pursued is simple. First, the Qur'an is given priority over all other literary or "scriptural" sources. Second, the meaning of its verses in the original Arabic is highlighted, in contrast to English translations and/or widespread misunderstanding or misinterpretation.

Islamic Guide to Sexual Relations Muhammad Ibn Adam al-Kawthari 2020-08-19 Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. *Islamic Guide to Sexual Relations* is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues. He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

Heart Softeners Shaykh Muhammad Ibn Salih Al-Uthaymeen 2018-11 In the name of Allah, the Most Merciful and Most Compassionate. Praise to the One Who completed this religion and sent guidance through His Messenger salAllahu 'alayhi wa sallam. To begin: Every so often our daily lives preoccupy us and turn us away from Allah's promise. When we walk out of our homes, turn on the radio, TV, or Internet, we are distracted by the evils we see and hear. As result of immorality and unashamed disobedience, our hearts grow hard and distant from Allah and His Messenger's call. We know the message of Islam is true, but we are weak due to the rigidity of our heart, spirit and mind. In times like these, we need something to penetrate that stiffness. We need a remedy to soften that hardness and the inflexibility of our choices. Disunity and harshness afflicts this Ummah today. Consequently, many people have turned away from brotherhood, caring, and even Islam itself. Their hearts have transformed into dwellings of complete hatred for a sinner, disdain toward the weak Muslim, and jealousy of their successful brother or sister. I have selected some ahaadeeth from the most authentic book after the Qur'aan to soften the hearts in our chests. I used Shaykh Muhammad ibn Saalih Al-'Uthaymeen's explanations for the ahaadeeth selected. The ahaadeeth selected come from a book in Imam Al-Bukhari's collection titled *Riqaq: Heart Softeners*. This chapter brings

tears to one's eyes, fear to one's mind, and most importantly it diminishes the rigidity in one's heart. I ask Allah to make the translation and compilation solely for His pleasure. I pray to Allah for acceptance of this deed and His mercy in the Hereafter. Abu Aaliyah Abdullah ibn Dwight Battle Ramadan 18th, 1433 Doha, Qatar (c)

Why I Am Not a Muslim Ibn Warraq 2010-09-30 Those who practice the Muslim faith have resisted examinations of their religion. They are extremely guarded about their religion, and what they consider blasphemous acts by skeptical Muslims and non-Muslims alike has only served to pique the world's curiosity. This critical examination reveals an unflattering picture of the faith and its practitioners. Nevertheless, it is the truth, something that has either been deliberately concealed by modern scholars or buried in obscure journals accessible only to a select few.
