The British School Film - Stephen Glynn 2016-09-20

Through close textual and contextual analysis of British films spanning a century, this book explores how pupils, teachers and secondary education in general have been represented on the British screen. The author addresses a number of topics including the nature of public (fee-paying) and state schooling; the values of special, single-sex and co-education; the role of male and female teachers; and the nature of childhood and adolescence itself. From the silents of Hitchcock to the sorcery of Harry Potter, British cinema's continued explorations of school life highlights its importance in the nation's everyday experience and imaginary landscape. Beyond this, the school film, varying in scope from low-budget exploitation to Hollywood-financed blockbusters, serves both as a prism through which one can trace major shifts in the British film industry and as a barometer of the social and cultural concerns of the cinema-going public. This applies especially for gender, race and, in all senses, class.

Talk about Sex - Janice M. Irvine 2004

Describes the political transformations, cultural dynamics, and affective rhetorics that together helped ignite the passionate conflicts over sex education on both the national and local levels in the United States.

[Sexuality Education \[4 volumes\]](#) - Elizabeth Schroeder 2009-04-30

An exemplary team of professionals provides a comprehensive look at sex education, the heated debate over federal controls, current research and practice, programs, politics, legislation, and cultural and religious issues related to sex and sexuality education. In the groundbreaking Sexuality Education: Past, Present, and Future, the history, practices, and politics of sexuality education are explained. Respected educators, counselors, and therapists marshal both research and educated opinion to offer insights into exactly what is meant by "sex education," what the various approaches are, what "age appropriate" lessons are supported by most professionals, and the impact of government policies. Noting that the need for sexuality education has expanded to adults, from new parents to senior citizens, this unique work also takes readers into classrooms and makes them privy to conversations representing everyone from elementary school students to nursing home residents. These comments reveal the range of unanswered questions about sex—questions that are important for psychological, as well as physical health. In addition, the contributors explore ongoing issues in sexuality education, such as how to present "culturally competent" lessons that include consideration of race, ethnicity, gender, religion, and sexual orientation. The experts also examine sexuality education in other countries, the challenges those countries face, and their victories over unplanned pregnancy and STDs in the global effort to preserve sexual health.

Vinyl Leaves - Stephen M Fjellman 2019-06-20

Walt Disney World is a pilgrimage site filled with utopian elements, craft, and whimsy. It's a pedestrian's world, where the streets are clean, the employees are friendly, and the trains run on time. All of its elements are themed, presented in a consistent architectural, decorative, horticultural, musical, even olfactory tone, with rides, shows, r

How to Grow Up and Feel Amazing! - Dr. Ranj Singh 2021-02-18

The nation's favourite doctor, Dr Ranj, is here to explain everything you ever wanted to know about puberty - plus lots more. What does it mean to be a boy? And I'm not just talking about what you have between your legs, but what life is really like for boys. Growing up is a real minefield! So I've put everything I've learned both from my career as an NHS doctor and my own life experiences into this twenty-first century guide to being a boy. It covers the obvious things like the physical changes you'll go through during puberty and adolescence (hello, pubic hair and voice breaking!), but also helps you to figure out how to manage your emotions, deal with friends and family and learn about healthy relationships. Filled with easy-to-understand explanations, down-to-earth advice and cheeky illustrations, this growing-up guide by trusted paediatrician Dr Ranj is perfect for readers aged 10+ who want to discover the confidence to be the very best version of themselves. Content includes: - Puberty and physical development, including genital, skin, hair and voice changes - Looking after your body, from shaving, good hygiene and healthy eating to body confidence and exercise - Mental health awareness, including the importance of sleep, managing mood swings and anxiety - Managing relationships, from parents and siblings to friends and crushes, and how to cope with bullying - A sensitive, age-appropriate introduction to sex, consent and privacy - Navigating the online world, including social media and cybersafety
