Morals and Manners in Islam - Marwan Ibrahim Al-Kaysi 2015-06-01
Morals and Manners in Islam is a brief yet comprehensive handbook for Muslims and those non-Muslims interested in acquiring a broad knowledge of the Muslim way of life. The book's contents, derived mainly from the Qur'an and the Sunnah, the main sources of jurisprudence, are listed in points format.

Sexuality Education from an Islamic Perspective - G. Hussein Rassool 2020-02-13

We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such, sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

Closer Than a Garment - Marital Intimacy - Al-Jibaly 2018-12-06

This book covers various aspects of marriage according to the authentic Sunnah. Marriage plays a most central role in the human life, and has been largely discussed by the scholars of Islam through the ages, resulting in numerous writings and treatises. This unique title covers a number of different aspects in marriage, including human sexuality, Islamic etiquettes of intimacy, prohibited acts of intimacy, ghusl, the 'awrah, zina', birth control, indecent acts, and more.

Islamic Guide to Sexual Relations - Muhammad Ibn Adam Al-Kawathari 2015-01

Birth Control & Abortion in Islam - Muhammad ibn Adam al-Kawthari 2006-05-01

Birth control, or family planning through contraception, has become a common practice in society. Many new methods of permanent and temporary contraception have become widespread. Consequently, Muslims have also increasingly begun adopting the various means of limiting or spacing out procreation. This no doubt has a deep influence on the very core of our society and thus raises many ethical and religious questions, particularly surrounding abortion. Birth Control & Abortion in Islam systematically and concisely presents the relevant rules and regulations of Islamic law on these issues. The discussions are based entirely on the Holy Qur'an, Sunna, and the formal legal rulings propounded by the jurists of the four major Sunni schools of Islamic law. After learning of the significance of the topic through the author's simple writing style, the reader is guided through the Islamic teachings on the various forms of birth control and abortion with unequivocal conclusiveness. Short and to the point, it contains all the essentials one needs to know about the subject.

Like a Garment - Yasir Qadhi 2019-03-04

As- Salaam Alaikum! I welcome you to our 'Like A Garment' e-book, an initiative that seeks to educate Muslims to find conjugal bliss in their marriages. The name of this project came from one of the most beautiful, poetic and profound metaphors of the Qur'an. Allah states, "Permitted for you, during the night of the fast, that you approach your wives. They are your garments, and you are their garments" [al-Baqarah; 187]. In this verse, each spouse is described as a 'garment' to the other. The famous exegete Ibn Jarir al-Tabari (d. 311) stated that this description most aptly described the act of intimacy between the spouses, for during that act, each spouse sheds his or her other garments and then wraps around the other, taking the place of clothes. Al-Qurtubi (d. 671) also comments on this metaphor, and adds that just as clothes protect their wearer from the external elements, similarly each spouse protects the other from external passions that would harm a marriage. Combining between the various explanations of this beautiful metaphor found in the books of

tafseer, we can derive many meanings from it: - The act of procreation is so intimate that it is literally as if one of the spouses covers up the other, just as clothing covers up one's body. Another euphemism that the Qur'aan uses for the sexual act is the verb ghashsha, which means 'to cover up, to envelop'. - One primary purpose of clothing is to conceal one's nakedness, since this nakedness (or `awrah) is embarrassing to display, and should be hidden from the eyes of others. Similarly, each spouse conceals the other spouse's faults, and does not reveal them to others. - Clothing protects one from the external elements, such as heat and cold. Similarly, spouses protect one another from external desires that originate from many different sources. By satisfying these desires within the confines of marriage, external passions are removed. - Clothing is the primary method through which humans beautify themselves. Without clothing, one is incomplete and naked. Similarly, spouses beautify and complete one another; when a person is not married, he or she is not yet complete and has not reached his or her full potential. Marriage is an essential part of being fully human, just like clothes are an essential part of being fully civilized. - Clothes are only worn in front of others, and are not necessary in front of spouses. It is only in front of one's spouse that the other spouse can discard his or her garments. - Clothes are the closest thing to one's body. Nothing comes between a person and his or her clothes. So the analogy of spouses being 'like clothes to one another' implies such a closeness - there is nothing, literally and metaphorically, that should come between spouses.

Islamic Guide to Sexual Relations - Muhammad Ibn Adam al-Kawthari 2020-08-19

Fulfilment of sexual desire and needs are key in sustaining a harmonious marital relationship. However, in today's society, sexual boundaries are being pushed further and further, and often, sexual deviance is openly practised. In such circumstances, there is a need to identify which sexual activities are permissible in Shari'ah. Islamic Guide to Sexual Relations is a serious endeavour to tackle these sensitive matters in a clear and concise manner. While being respectful and dignified in the language he employs, the author does not shy away from discussing sensitive issues.

He records, in thorough detail, the guidance Islam provides regarding sexual encounters with one's spouse. The book covers a wide range of issues, and thus, answers many frequently asked questions on the topic of sexual relations. It concludes with a short chapter addressing Islamic etiquettes and practises pertaining to newlyweds on their first night.

Heart Softeners - Shaykh Muhammad Ibn Salih Al-Uthaymeen 2018-11

In the name of Allah, the Most Merciful and Most Compassionate. Praise to the One Who completed this religion and sent guidance through His Messenger salAllahu 'alayhi wa sallam. To begin: Every so often our daily lives preoccupy us and turn us away from Allah's promise. When we walk out of our homes, turn on the radio, TV, or Internet, we are distracted by the evils we see and hear. As result of immorality and unashamed disobedience, our hearts grow hard and distant from Allah and His Messenger's call. We know the message of Islam is true, but we are weak due to the rigidity of our heart, spirit and mind. In times like these, we need something to penetrate that stiffness. We need a remedy to soften that hardness and the inflexibility of our choices. Disunity and harshness afflicts this Ummah today. Consequently, many people have turned away from brotherhood, caring, and even Islam itself. Their hearts have transformed into dwellings of complete hatred for a sinner, disdain toward the weak Muslim, and jealousy of their successful brother or sister. I have selected some ahaadeeth from the most authentic book after the Qur'aan to soften the hearts in our chests. I used Shaykh Muhammad ibn Saalih Al-'Uthaymeen's explanations for the ahaadeeth selected. The ahaadeeth selected come from a book in Imam Al-Bukhari's collection titled Riqaq: Heart Softeners. This chapter brings tears to one's eyes, fear to one's mind, and most importantly it diminishes the rigidity in one's heart. I ask Allah to make the translation and compilation solely for His pleasure. I pray to Allah for acceptance of this deed and His mercy in the Hereafter. The Muslimah Sex Manual - Umm Muladhat 2017-07-02

Two years ago, I was congratulating a young Muslimah on her engagement. She was thrilled about starting married life and you could see the happiness emanating from her as everyone gave her their best wishes. A few months later, I could tell something was wrong. After some cajoling, she shyly admitted the truth. Her sex life was horrible. In fact, it was fast becoming non-existent. She had been a model Muslimah her entire life. Before marriage, she had never so much as held a non-mahram's hand, let alone become physically intimate with one. She had eagerly looked forward to marriage as a chance to finally indulging in all the physical intimacy she had postponed for the sake of Allah. But it wasn't working. Coming from the medical field, she knew all the relevant biology. She could draw and label all the parts of male and female anatomy. She had taken fiqh classes and knew the legal rulings of menstruation and intercourse. But she didn't know sex. Oh, she knew the mechanics. Insert penis into vagina. Climax. Withdraw. But she didn't know how to make her husband yearn for her in bed. She didn't know what he liked. She didn't even know what she liked! They had begun eagerly but after a few weeks, realized that neither of them was truly enjoying having sex with each other. And so began my impromptu sex skills workshop. I threw at her all the information I'd gathered over years of marriage. Things I'd learned from experience, tidbits I'd gleaned from friends, tips I'd picked up from magazine articles. One thing here, two things there. All those bits had accumulated into a very healthy and robust sex life between me and my husband. I gave her everything, fervently hoping that it would help her in her marital life. A month later, I saw her again. This time she had a gigantic smile on her face. "Please, write this down and share it with other Muslim girls. No one teaches this. We're thrown into marriage and only know the fiqh and the biology." I wrote down everything I told her on a Word document and emailed it to her. She shared it with her friends who were newly married. They shared it with their friends. Before long, word trickled back to me that people were asking me to write a book on the subject. So here it is. [Marriage and Morals in Islam](#) - Sayyid Muhammad Rizvi 2013-12-14

[Marriage and Sexuality in Islam](#) - Ghazzālī 1984

Islam considers marriage as the most intimate communion between man and woman. The mystery of sex finds its fulfilment when intimate spiritual harmony is combined with the physical link. Marriage and family laws are, therefore, an important part of Islamic law for the fulfilment of its ultimate objective of building a harmonious and peaceful human society. In his inimitable style, Imam al-Ghazali, may Allah be pleased with him, discusses this subject in this small book, and shows how Islam, despite differences in rules and marriage, sets out inviolable principles so that marriage is not distorted by godless understandings now threatening to dehumanise many a society of both the East and West. The Islamic code of marriage and family is second to none in importance in helping to lead a life of goodness and purity.

[Love and Sex in Islam](#) - Abdullah R. Muhametov 2013-04-15

Everything you wanted to know about sex and love in Islam, but were hesitant to ask about: polygamy, contraception allowed by Sharia, oral

and group sex, homosexual marriages and also the relationship with jinns, masturbation and mysteries of martial relations - all that is allowed and all that is prohibited in sexual relations in this noble and pure religion. Many people both in the West and Russia continue to have a mistaken illusion that love, sex and variability of relations between man and woman are either suppressed in Islam or in contrary exceed all norms of decency. the book is an insight into this matter. The Muslim man is perceived as an ideal type of an always ready sexual partner. Love and Sex in Islam lifts the veil covering the delicate theme, in which the phenomena seeming incompatible turn out to be good neighbors.

A Return to Modesty - Wendy Shalit 2014-05-20

Updated with a new introduction, this fifteenth anniversary edition of *A Return to Modesty* reignites Wendy Shalit's controversial claim that we have lost our respect for an essential virtue: modesty. When *A Return to Modesty* was first published in 1999, its argument launched a worldwide discussion about the possibility of innocence and romantic idealism. Wendy Shalit was the first to systematically critique the "hook-up" scene

and outline the harms of making sexuality so public. Today, with social media increasingly blurring the line between public and private life, and with child exploitation on the rise, the concept of modesty is more relevant than ever. Updated with a new preface that addresses the unique problems facing society now, *A Return to Modesty* shows why "the lost virtue" of modesty is not a hang-up that we should set out to cure, but rather a wonderful instinct to be celebrated. *A Return to Modesty* is a deeply personal account as well as a fascinating intellectual exploration into everything from seventeenth-century manners to the 1948 tune "Baby, It's Cold Outside." Beholden neither to social conservatives nor to feminists, Shalit reminds us that modesty is not prudery, but a natural instinct—and one that may be able to save us from ourselves.

Islam, Women's Sexuality and Patriarchy in Indonesia - Irma Riyani 2020-11-26

This book explores the intimate marital relationships of Indonesian Muslim married women. As well as describing and analysing their sexual relationships, the book also investigates how Islam influences discourses of sexuality in Indonesia, and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual

relationships with their husbands. Based on extensive original research, the book reveals that Muslim women perceive marriage as a social, cultural, and religious obligation that they need to fulfil; that they realise that finding an ideal marriage partner is complicated, with some having the opportunity for a long courtship and others barely knowing their partner prior to marriage; and that there is a strong tendency, with some

exceptions, for women to consider a sexual relationship in marriage as their duty and their husband's right. Religious and cultural discourses justify and support this view and consider refusal a sin (dosa) or taboo (pamali). Both discourses emphasise obedience towards husbands in marriage.
