## **An Illustrated Guide to Practical Sexual Positions** - C. W. Pollard 2012-01-12

When you first start having sex, you are just happy to be doing it and you give little thought to all the possibilities that exist as to how men and women pair together. That doesn't last long. Once you have begun having sex, there is a strong desire to explore and see just how many ways you can find that we can fit together with no pieces left over. This book was written to aid you in that quest. Now, there is nothing new about a sexual positions manual. The famous Indian love manuals were written thousands of years ago and stand as proof to humankind's enduring desire for knowledge on the subject. However, based on my own experience, many of the love manuals that exist are full of impractical positions that you need to be a contortionist to appreciate. I'm not and I am willing to bet you aren't either. Chances are you are a horny man or woman that is set on seeing what practical possibilities exist for you in the bedroom.

*The Kama Sutra of Vatsyayana* - Vatsyayana  
2021-08-29

The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on

sexuality and emotional needs. Vatsayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraj. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in

the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual.

Contrary to popular perception, especially in the

western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

89 Sex Positions - Anote III 2020-02-07

the sexual positions described in this book are very varied: everyone can find their account, whether he or she is a beginner in the art of love or that he or she has some practical experience in this domain. Likewise, the diversity of positions makes it possible to adapt to everyone's desires (it is up to you to see if you want to be passive or more active during the act) or to your morphology. Certain postures are indeed more suitable than others, for example for a pregnant woman, a slightly round woman or even for a man who has a small sex or, on the contrary, a large sex.. This is more than a book: It's an interactive ticket to enticement and ecstasy. This book is a fun way to keep things

exciting and put the spice and adventure back into your relationship and also you can draw your own expression in the face of the characters . With 89 positions of varying degrees of difficulty for every day of the year. - All at once informational and humorous. - Great gift.

**The Illustrated Guide To Threesome Sexual Positions: How To Take Sex To The Next Level** - C. W. Pollard 2012-01-29

First of all, in the right situation, threesomes can be a lot of fun. There is an air of play that manifests itself in a threesome that does not necessarily appear when a couple is making love. There is a lot of sexual exploration and usually a lot of laughing and giggling in a threesome. Threesomes also have a way of capturing our imaginations and our fantasies as well. A man will fantasize about being with two women. A woman will fantasize about what it is like to be with two men. Both sexes fantasize about what it is like to be with a partner from each gender at the same time. If you have had a

threesome you probably had fun. If you haven't you are most likely curious. Either way, whoever you are, there is a good chance that a threesome is somewhere in your fantasy wishes. This book was designed for both people who are new to threesomes and people who are experienced. Inside you will find detailed information concerning many threesome sexual positions. Some may be familiar, however, many may never have crossed your mind. The author has compiled this work in the hopes that you can experience them all as you explore this more tantalizing and seductive realm of human sexuality. With this book, you will certainly have fun doing so!

Experimenting a little can, however, make a massive difference in your sex life. Be it adding dildos, lubricants, or even a bowl of fresh grapes, and molten chocolate can make the whole difference. When you change your mindset and address this topic of sexual positions from a different point of view, you can be able to achieve sensations that are way above their normal levels. A good example would be to make sure that you have set the lady's clitoris in such a manner that it cannot be missed; or if you have a lady who is more of the sensitive kind, an indirect stimulation will perform the magic. There are many books out there that claim to guide you on how you can improve your sex lives, the most; however, that they are only able to offer is a whole lot of portrayals and images; similar to a comic book.
