

Sexual Assault Confronting Rape In America

Confronting Rape and Sexual Assault - Mary E. Odem 1998
Professors Mary Odem and Jody Clay-Warner examine the complex and painful issue of sexual violence from various social science perspectives. With contributors from a wide range of fields, including sociology, psychology, criminology, law, anthropology, public health, and women's studies, this interdisciplinary volume presents the leading classic and recent scholarship on the subject. Yet the book's greatest strength lies in its broad sociological exploration of its subject. *Confronting Rape and Sexual Assault* looks beyond the stereotypical idea of rape - a woman attacked by an unknown assailant in a dark alley. Topics include sexual violence against men, date rape, marital rape, the effects

of pornography, and the racial-ethnic issues surrounding rape. Not only does this invaluable collection define and examine the prevalence of rape and sexual assault, but it analyses social and institutional factors that contribute to their occurrence and provides strategies for prevention and change. *Confronting Rape and Sexual Assault* has appeal for professors, students, and scholars in the social sciences as well as for general readers concerned with this troubling issue.

[The Beginning and End of Rape](#)
- Sarah Deer 2015-11-01
Winner of the Labriola Center American Indian National Book Award
Despite what major media sources say, violence against Native women is not an epidemic. An epidemic is biological and blameless.

Violence against Native women is historical and political, bounded by oppression and colonial violence. This book, like all of Sarah Deer's work, is aimed at engaging the problem head-on—and ending it. *The Beginning and End of Rape* collects and expands the powerful writings in which Deer, who played a crucial role in the reauthorization of the Violence Against Women Act in 2013, has advocated for cultural and legal reforms to protect Native women from endemic sexual violence and abuse. Deer provides a clear historical overview of rape and sex trafficking in North America, paying particular attention to the gendered legacy of colonialism in tribal nations—a truth largely overlooked or minimized by Native and non-Native observers. She faces this legacy directly, articulating strategies for Native communities and tribal nations seeking redress. In a damning critique of federal law that has accommodated rape by destroying tribal legal systems,

she describes how tribal self-determination efforts of the twenty-first century can be leveraged to eradicate violence against women. Her work bridges the gap between Indian law and feminist thinking by explaining how intersectional approaches are vital to addressing the rape of Native women. Grounded in historical, cultural, and legal realities, both Native and non-Native, these essays point to the possibility of actual and positive change in a world where Native women are systematically undervalued, left unprotected, and hurt. Deer draws on her extensive experiences in advocacy and activism to present specific, practical recommendations and plans of action for making the world safer for all.

Sacred Witness - Susanne Scholz 2021-03-24

In *Sacred Witness*, Susanne Scholz discusses the wide range of rape texts in biblical literaturesome that long have troubled readers, others that should have but didn't, such as texts of marital rape, for

Downloaded from
legacy.opendemocracy.net
on 2021-07-29 by guest

example, or metaphorical speech about God as rapist. Assuming the androcentric nature of these writings, Scholz asks how we may read these texts in order to find some redemptive meaning for women, children, and men who have been injured by sexual violence and by "cultures of rape." Sacred Witness provides illuminating reflection on some of the most troubling texts in the Hebrew Bible.

Handbook of Sexual Assault
- William Lamont Marshall
2013-11-21

A useful tool for practitioners, researchers, theorists, and advanced students, Handbook of Sexual Assault analyzes the nature and extent of the problem of sexual offending and classifies the types of offenders according to an empirically developed system. In addition, contributors present the theories of the etiology and maintenance of sexual offending; offer various perspectives and factors relevant to accurate assessment; and detail contemporary treatment

procedures.

Sexual Assault - Nancy Gager
1976

Hate Crime Statistics Act of 1988 - United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution 1989

The Victimization and Exploitation of Women and Children - Ronald B. Flowers
1994-01-01

The means by which women and children are most often subjected to victimization are discussed here, along with the causes and the legal avenues available. Part One examines family issues, including child abuse, domestic violence, and missing or abducted children, and Part Two examines their sexual exploitation. Part Three explores violent crimes against children (e.g., murder, rape and assault), while Part Four is a study of violence against women. Prostitution, pornography, sexual harassment and stalking are the subjects of Part Five. Finally, legislative responses

Downloaded from
legacy.opendemocracy.net
on 2021-07-29 by guest

are studied in Part Six.

Foundations of Critical Race Theory in Education -

Edward Taylor 2023-01-30

Critical Race Theory (CRT) is at the forefront of contemporary discussions about racism and race inequity in education and politics internationally. The emergence of CRT marked a pivotal moment in the history of racial politics within the academy and powerfully influenced the broader conversation about race and racism in the United States and beyond. Comprised of articles by some of the most prominent scholars in the field, this groundbreaking anthology is the first to pull together both the foundational writings and more recent scholarship on the cultural and racial politics of schooling. The collection offers a variety of critical perspectives on race, analysing the causes, consequences and manifestations of race, racism and inequity in schooling. Unique to this updated edition is a variety of contributions by key CRT scholars published within the last five years,

including an all-new section addressing the war on CRT that followed the murder of George Floyd and international protests in support of #BlackLivesMatter. Each section concludes with a set of questions and discussion points to further engage with the issues discussed in the readings. This revised edition of a landmark publication documents the progress of the CRT movement and acts to further spur developments in education policy, critical pedagogy and social justice, making it a crucial resource for students and educators alike.

Rape - Julie A. Allison

1993-06-21

Rape: The Misunderstood Crime is an excellent resource for professionals and students of psychology, sociology, education, social work, criminal justice, and law who seek to dispel "rape myths" and wish to better understand the nature and dynamics of both the rapist and the victim.

For Love of Country - Terri

Spahr Nelson 2014-12-01

One of the first books to

Downloaded from
legacy.opendemocracy.net
on 2021-07-29 by guest

address sexual victimization in the United States military in 2002--Now just as compelling as a second edition with updated information on Department of Defense policies, the Sexual Assault Prevention and Response Program and Veteran Affairs resources for survivors and their loved ones. This incisive book offers a unique perspective on rape and sexual harassment in the United States Military. Drawn from the experiences of military personnel and presented in their own words, *For Love of Country: Confronting Rape and Sexual Harassment in the U.S. Military* offers an honest and heartfelt look at this pervasive problem which has persisted for decades. Service members and veterans speak candidly about their experiences, reporting their abuse or seeking help and about the ongoing need for a cultural shift to truly make a difference. Author Terri Spahr Nelson, a twice decorated United States Army veteran and psychotherapist

specializing in sexual trauma, has mixed a compelling chorus of hundreds of personal accounts into a single voice calling for reform. She presents emotional retellings from victims of rape and sexual harassment, with responses from military and congressional leaders. *For Love of Country: Confronting Rape and Sexual Harassment in the U.S. Military* includes: * unique, inside perspectives from active duty personnel and veterans * personal accounts from survivors of military sexual trauma * commentary from military and congressional leaders * Pentagon statistics on sexual assault with conviction and sentencing rates * findings and recommendations from the Department of Defense * clinical information on issues facing military trauma survivors *For Love of Country: Confronting Rape and Sexual Harassment in the U.S. Military* serves as a one-of-a-kind resource for professionals, a training tool for all military leaders, and a compelling eye-

opener to anyone concerned with the preservation of integrity and honor in the United States Armed Services. Most importantly, this book reminds female and male victims of military sexual trauma that they are not alone on their journey to recovery and there is hope.

Understanding Inequality -

Barbara A. Arrighi 2007-04-19
As the age of globalization and New Media unite disparate groups of people in new ways, the continual transformation and interconnections between ethnicity, class, and gender become increasingly complex. This reader, comprised of a diverse array of sources ranging from the New York Times to the journals of leading research universities, explores these issues as systems of stratification that work to reinforce one another.

Understanding Inequality provides students and academics with the basic hermeneutics for considering new thought on ethnicity, class, and gender in the 21st century.

The Problem of Pornography -

Susan Dwyer 1995

Susan Dwyer's *The Problem of Pornography* is the first anthology to present a balanced view of the scope of arguments concerning the nature of pornography and censorship. Devoted exclusively to the topic, Dwyer's book presents a range of feminist and other responses to pornography from influential women and men, including Andrea Dworkin, Catharine MacKinnon, Helen Longino, Ronald Dworkin, Stanley Fish, and John Stoltenberg. By not promoting any single view, *The Problem of Pornography* encourages comparison and debate. This excellent collection stresses the complexity of debate surrounding free speech issues, and includes chapters that address the limits of both censorship and First Amendment absolutism. Dwyer's book contains: a section on gay pornography ; a legal appendix describing central Supreme Court cases in both the United States and Canada ; important legal

milestones, including the Minneapolis Anti-Pornography Ordinance. (Back cover).

Confronting Rape - Nancy A. Matthews 1994

Confronting Rape documents two decades of anti-rape activism. From grassroots efforts to the institutionalization of state-funded rape crisis centers, the movement has changed public thinking significantly about sexual assault. Activists in rape crisis centers across the US have created a feminist success story, although not always as they would have chosen.

Confronting Rape explores how the state has reshaped rape crisis work by supporting the therapeutic aspects of the anti-rape movement's agenda and pushing feminist rape crisis centers toward conventional frameworks of social service provision, while submerging the feminist political agenda of transforming gender relations and preventing rape. Through a rich comparative history of six organizations in Los Angeles, Nancy Matthews explores the complexities

within a movement that includes radicals, moderates, women of color, lesbians - all working within varying frameworks. Originally critical of the state's handling of rape and distrustful of co-optation, most rape crisis centers eventually came to rely on state funding for organizational survival. But have the resulting compromises gone too far? Confronting Rape reveals significant, often covert, local level resistance and struggle against the mainstreaming of rape crisis work. Bureaucratic routines and discourses are both the tools through which the state redefines rape crisis work and the terrain of activists' resistance.

For Love of Country - T. S. Nelson 2002

A compelling exploration of sexual victimization in the United States military! This incisive book offers a unique perspective on rape and sexual harassment in the United States military. Drawn from the experiences of military personnel and presented in their own words, For Love of

Country: Confronting Rape and Sexual Harassment in the U.S. Military takes an honest and heartfelt look at a pervasive problem. Service veterans speak candidly about a breakdown of values and leadership failure which has perpetrated a culture of abuse. Male and female rape victims reflect on their efforts to serve their country with honor. Author Terri Spahr Nelson, a decorated United States Army veteran and psychotherapist specializing in sexual trauma recovery, has mixed a compelling chorus of hundreds of personal accounts into a single voice calling for reform. She presents emotional retellings from victims of rape and sexual harassment, with responses from military and congressional leaders. Ms. Nelson offers statistics released from the Pentagon about sexual assault reports, convictions, and the General Accounting Office, and current field research. For Love of Country: Confronting Rape and Sexual Harassment in the U.S. Military presents: personal

accounts from survivors unique, inside perspectives from military personnel and veterans commentary from military and congressional leaders Pentagon statistics on sexual assault with conviction and sentencing rates findings and recommendations from the Department of Defense clinical information on issues facing military trauma survivors For Love of Country: Confronting Rape and Sexual Harassment in the U.S. Military serves as a one-of-a-kind resource for professionals, an educational must for military personnel, and a compelling eye-opener to anyone concerned with the preservation of integrity and honor in the United States armed services.

Women and Deviance: Issues in Social Conflict and Change - Nanette J. Davis
2015-12-22

This book, first published in 1984, is a selective, annotated bibliography on women and deviance that includes historical, cross cultural, sociological, psychological, political, legal, philosophical,

*Downloaded from
legacy.opendemocracy.net
on 2021-07-29 by guest*

and social policy perspectives. This title is concerned with the origins, change, conflict, and consequences of deviant behaviour and "women's adaptation to their changing roles." It encompasses monographs, journal articles, books, and government documents in English. This title will be of particular interest to students of sociology and criminology.

Sexual Assault - Rita F. Gunn
1998-01-01

Only a small percentage of all cases of sexual assault are reported to the police. Why do so many women decide not to report an assault? And what happens to the assailant when a case is reported and charges are laid? In this volume Rita Gunn and Candice Minch explore the answers to these questions, basing their analysis on the most comprehensive data available on sexual assault in Canada. Through interviews with victims of sexual assault, they analyze the factors that influence the women to report an attack or keep silent. Society still places the

responsibility on women to avoid being sexually assaulted, so the victim is caught in a dilemma when deciding whether to disclose an assault. The authors then look at what happens when a sexual assault is reported. They follow a sample of assaults from the initial police report through to the final disposition of the case, demonstrating that: only 10 percent of the original charges resulted in conviction; 20 percent were reduced to lesser charges; over 70 percent of the charges were filtered out of the criminal justice system before trial; and societal attitudes which blame victims for the offence extend into the legal system. Finally, the authors offer an assessment of the effects of the 1983 sexual assault legislation on the processing and ultimately on the reporting of sexual offences. They conclude that law reform is necessary but not sufficient in itself. "The law is only as innovative as the individuals who use, interpret, and apply it." This volume provides a valuable analysis of

sexual assault as it affects the victim and the assailant.

Prison Sex - Christopher Hensley 2002

Sex in prison remains a taboo subject. This comprehensive volume explores prison sex, presenting original research on consensual and nonconsensual intercourse, as well as the effects of conjugal visitation policies and HIV/AIDS management.

MALE CRIME AND DEVIANCE - Barri R. Flower 2003-01-01

MALE CRIME AND DEVIANCE seeks to explore in-depth the types of offenses most identified with and committed by males, dynamics of male crime, characteristics of male offenders, how male criminality and delinquency compare with and differ from female delinquent and criminal behavior, explanations for male crime, and efforts at combating crime in this country.

Particular attention is given to exploring the relationship between male aggression and masculinity, as well as the role that testosterone and other

biological factors play in male crime and violence. The book also focuses on the correlation between male violence and aggressive behavior and firearms, violence involving intimates, male sexual violence, bias crimes, workplace violence, terrorism, male perpetrated sexual offenses, youth gang crime, and school violence. These areas of male criminality and deviance are examined within the context of all male offending, arrest, self-report, and inmate data, along with criminological theoretical approaches to understanding the causes and related factors of male deviant behavior. The book is written primarily for undergraduate and graduate level students for coursework in criminal justice, criminology, male aggression, violent behavior, homicide, youth studies, gang studies, delinquency, law, law enforcement, sociology, social science, psychology, biology, and related areas of study. However, it is appropriate as well for academicians, social

scientists, psychologists, law officers, medical workers, and a general readership with a vested interest in antisocial behavior and its implications on the greater society.

Feminist Philosophy and Emerging Technologies -

Mary L. Edwards 2023-10-17

This volume explores urgent questions surrounding the bidirectional relationship between feminist philosophy and emerging technologies. It underlines the exigency of feminist philosophical reflections on the design, use, and understanding of emerging technologies and at the same time accentuates how emerging technologies can uniquely impact the shape of future feminist critique and intervention. While feminist philosophers have attended to problems posed by a few specific technologies that emerged in the previous century—especially reproductive technologies—broader philosophical questions concerning the challenges various new technologies

present to feminism have yet to receive the sustained, critical attention they deserve.

Feminist Philosophy and Emerging Technologies responds to this problem. It is divided into two sections.

Section 1 provides theoretical considerations about the links between feminist philosophy and philosophy of technology (broadly construed) by developing—against the background of emerging technologies—methodological approaches and guidance for bringing those two fields of philosophical research together. Section 2 is dedicated to analyses of specific emerging technologies and user trends, their relation to extant structures of oppression, and to bringing to the fore various ways in which a feminist philosophy of technology can impact the design of current and future technologies. Feminist Philosophy and Emerging Technologies is an excellent resource for scholars and advanced students working in feminist philosophy, philosophy
