A compassionate, shame-free guide for your darkest days "A one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized."—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

The Boy Who Met Jesus - Immaculee Ilibagiza 2012-11-28

It's the greatest story never told: that of a boy who met Jesus and dared to ask Him all the questions that have consumed mankind since the dawn of time. His name was Segatashya. He was a shepherd born into a penniless and illiterate pagan family in the most remote region of Rwanda. He never attended school, never saw a bible, and never set foot in a church. Then one summer day in 1982 while the 15-year-old was resting beneath a shade tree, Jesus Christ paid him a visit. Jesus asked the startled young man if he'd be willing to go on a mission to remind mankind how to live a life that leads to heaven. Segatashya accepted the assignment on one condition: that Jesus answer all his questions-and all the questions of those he met on his travels-about faith, religion, the purpose of life, and the nature of heaven and hell. Jesus agreed to the boy's terms, and Segatashya set off on what would become one of the most miraculous journeys in modern history. Although he was often accused of being a charlatan and beaten as a result, Segatashya's innocent heart and powerful spiritual wisdom quickly won over even the most cynical of critics. Soon, this teenage boy who had never learned to read or write was discussing theology with leading biblical scholars and advising pastors and priests of all denominations. He became so famous in Rwanda that the Catholic Church investigated his story. The doctors and psychiatrists who examined Segatashya all agreed that they were witnessing a miracle. His words and simple truths converted thousands of hearts and souls wherever he went. Before his death during the 1994 Rwandan genocide, Segatashya continued his travels and conversations with Jesus for eight years, asking Him what we all want to know: · Why were we created? ·

Why must we suffer? · Why do bad things happen to good people? · When will the world end? · Is there life after death? · How do we get to Heaven? The answers to these and many other momentous, life-changing questions are revealed in this riveting book, which is the first full account of Segatashya's remarkable life story. Written with grace, passion, and loving humor by Immaculee Ilibagiza, Segatashya's close friend and a survivor of the Rwandan holocaust herself, this truly inspirational work is certain to move you in profound ways. No matter what your faith or religious beliefs, Segatashya's words will bring you comfort and joy, and prepare your heart for this life . . . and for life everlasting.

The Eyes of Faith (Large Print 16pt) - Ben Stein 2011-04

An emotion common to humankind is fear. Fear dogs our days, makes us lose sleep, ruins our relationships, and takes the joy out of living. The strongest, best defense against that emotion is to see through the eyes of faith. As such, Ben Stein brings you 500 ways to look at life in this way so that you can triumph over fear. Ben absorbed many of the positive thoughts within these pages at 12-Step meetings he has attended, he has applied them to his own life, and he's found that they work. They're simple, but extremely effective. For example: I do not know exactly why faith and surrender work. I just know that they do work. Say it to yourself and believe it: My life is a great place to be today. I would rather be me than anyone else, and that's saying something. Life is about waking up, breaking up, shaking up, making up . . . and meditation to keep the human spirit calm. There are two forms of worship: worship of God and worship of ourselves. Guess which kind works? Taken regularly, concepts such as these will make your life easier, calmer, and definitely more enjoyable.

God and Angels Speak - Anita Kiser McCall 2013-08-15

After making her way into the metaphysical world, author Anita Kiser McCall has found that the study and practice of metaphysics is not an anti-Christian path. On the contrary, she realized that her faith and awakenings were (and are) intrinsically interwoven and exquisitely enhanced by Spirit's confirmations and divine interventions. Divided into two parts—"God Speaks" and "Angels Speak"—her guide provides practical advice and answers on how to solve everyday problems by finding and expressing God's peace, love, and power. "God Speaks" covers topics such as advice, love, encouragement, and motivation from Spirit. "Angels Speak" was dictated to McCall by the Archangel Gabriel, the Seraphim, and the Cherubim and offers ancient teachings of wisdom and inspiration designed for today's world. These spiritual suggestions include pertinent, practical, and easy-to-follow steps to address your everyday questions, problems, and personal issues. Here, you can learn how to find and manifest your life's purpose, heal your relationships, and learn the true nature of divinity. McCall also reveals how to employ the Law of Attraction to build a better life and explains how to recognize angelic intercession. Each of us wants to live our best life and find the opportunities that will help us grow and be a better version of ourselves. McCall guides us to learn to achieve that goal so that we can live the best life possible. *God and Angels Speak* is an inspiring guide designed to open our eyes to the possibilities that exist for each of us.

Angelology - Dylan David Potter 2017-01-01

Angels have fascinated people for millennia because they point to an invisible dimension that parallels our own. This book examines the different ways that angels have been portrayed at certain key points in biblical and theological history. By tracing patterns in the appearance of higher-order beings from their ancient Near Eastern origins, the Hebrew Scriptures, the writings of Pseudo-Dionysius, Thomas Aquinas, Karl Barth, and even modern New Age writers, *Angelology* demonstrates that angels allow various authors to emphasise divine transcendence, immanence, and creativity. Identifying the theological purpose underlying the depiction of angels at certain key points in the history of their use raises new questions about how angels are to be understood by people today.

The God Instinct - Jesse Bering 2013-02-21

The *God Instinct* explores how people's everyday thoughts, behaviours and emotions betray an innate tendency to reason as though God were deeply invested in their public lives and secret affairs. In this entertaining and thought-provoking book, Jesse Bering unravels the evolutionary mystery of why we grapple for meaning, purpose and destiny in life. He argues that God is not merely an idea to be entertained or discarded based on the evidence. Nor is God a cultural invention, an existential band-aid, an opiate of the masses. Instead, Bering proposes, God is a way of thinking - one that evolved through our ancestors, millions of years ago, to keep us in check and give us the edge on our competitors. While a belief in higher forces may seem ridiculous to some, *The God Instinct* shows that it is hardwired into our genetic make-up, and carries with it massive evolutionary benefits.
