Where the one is, you will always find the other. When you actually live and feel and engage, you discover that the physical things around us are like windows into more. And when you talk about sexuality, you quickly end up in the spiritual--because 'this' is always about 'that.' Something deeper. Something behind it all. You can't talk about sexuality without talking about how we were made. About how we relate to each other. About how we were made to relate to each other. And that will inevitably lead you to who made us. At some point you have to talk about God. To make sense of the one, we have to explore the other. That is what this book is about.

**God and Sex** - Michael Coogan  
2010-10-01

An examination of sex and the Bible by one of the leading biblical scholars in the United States. For several decades, Michael Coogan's introductory course on the Old Testament has been a perennial favorite among students at Harvard University. In *God and Sex*,

Coogan examines one of the most controversial aspects of the Hebrew Scripture: What the Old Testament really says about sex, and how contemporary understanding of those writings is frequently misunderstood or misrepresented. In the engaging and witty voice generations of students have appreciated, Coogan explores the language and social world of the Bible, showing how much innuendo and euphemism is at play, and illuminating the sexuality of biblical figures as well as God. By doing so, Coogan reveals the immense gap between popular use of Scripture and its original context. *God and Sex* is certain to provoke, entertain, and enlighten readers.

the course of a life, bring us to places we never imagined. Sex, God, and Rock 'n' Roll is a story of such threads in one extraordinary life. Barry Taylor began adulthood on the road with a world-famous rock band, and there he found religion. He then became a theologian, priest, teacher, and a theist-non-theist-post-theist. Some of his stories will shock and others will provoke laughter and tears. Taken together, they will show just how poignantly the sacred moves in all of our lives.

### **Comedy Sex God - Pete**

Holmes 2019-05-14

Part autobiography, part philosophical inquiry, and part spiritual quest, Comedy Sex God is a hilarious, profound, and enlightening romp around the fertile mind of stand-up stand-out, podcast king, and HBO superstar Pete Holmes. Pete Holmes is a sold-out-every-night stand-up comedian with two HBO specials and the host of the hugely successful podcast You Made It Weird, and he was the creator-star of the hit HBO show Crashing.

But it wasn't always roses for Pete. Growing up, Pete was raised an evangelical Christian, but his religion taught him that being "bad"—smoking, drinking, having doubts or premarital sex—would get him sent to an eternity in hell. So, terrified of the God he loved, Pete devoted his life to being "good," even marrying his first girlfriend at the age of twenty-two only to discover a few years later he was being cheated on. Thanks for nothing, God. Pete's failed attempt at a picture-perfect life forced him to reexamine his beliefs, but neither atheism, nor Christianity, nor copious bottles of Yellow Tail led him to enlightenment. Pete longed for a model of faith that served him and his newfound uncertainties about the universe, so he embarked on a soul-seeking journey that continues to this day. Through encounters with mind-altering substances, honing his craft in front of thousands of his comedy fans, and spending time with savants like Ram Dass, Pete forged a new

life—both spiritually and personally. Beautifully written and often completely hilarious—imagine Dass's *Be Here Now* if penned by one of the funniest people alive—Comedy Sex God reveals a man at the top of his game and a seeker in search of the deeper meanings of life, love, and comedy.

*Sex God* - Rob Bell 2012-07-24  
 From Rob Bell, the author of the phenomenal New York Times bestseller *Love Wins* and a Christian pastor named by Time Magazine as one of the most influential people in 2011, comes *Sex God*, an enlightening exploration of sexuality and spirituality. With profound beauty and insight, Bell addresses the truism that we can't talk about ourselves as sexual beings without asking who made us that way. For progressive Christians and readers who enjoy the writings of Donald Miller, N.T. Wrighter, Brian McLaren and Timothy Keller, Rob Bell is a pioneer among those seeking a new kind of Christian teaching.

**God and Sex** - Mark Whitwell  
2019

"God and Sex: the two most powerful and misunderstood words in the English language. The presumed separation between God and Sex has vulgarized both and made them painful, anxiety inducing, and useless to our lives. Lucid, radical and gentle, this long-awaited book from globally beloved teacher Mark Whitwell clarifies the old cultural division of the sacred and the profane and how it has affected all of our lives, whether we are religious or no, and charts a way through the mess. What if I were to tell you that you can fully participate in both God and Sex? By bringing them together into clear association, each purifies the other, and both can be made profoundly useful to your life. Life is Sex. The pollen in the air is the Sex of plants. The flowers and the sounds of animals are the Sex of nature. No matter how

convoluted the human mind becomes, we are still this condition. We do not need to 'become' anything in order to have a free and healthy life. There is nothing to be liberated from. This book is for any sincere religious person conflicted about Sex, and any secular modern person trying to find a positive and enriched sexuality. It's for anyone who thinks they have to give up Sex to get to God, and anyone who thinks they have to give up God in order to enjoy Sex. It is for both men and women, for those in same-sex or opposite-sex partnerships, for those looking for partnership, and for those happily by themselves. It is for anyone wondering "What is intimacy?" and wanting a framework to understand the damage done to our lives by the belief systems that suggested God was above and Sex was below. It's for anyone dissatisfied or bored by relationship drama and the normal definitions of God and Sex-God as 'other,' Sex as something sleazy, effortful, hard to get, or fundamentally

disappointing. It is for those who wish to turn their sexual life into the heart's activity, participation in God, and for those who wish to turn their religious life into the heart's activity, participation in profound intimacy with their breath, their body, and relationship of every kind. We have all been affected by the dysfunctional separation of sacred and profane. This writing is transmission that will dismiss the absurd idea that you can have God or Sex, but not both, and enable you to realise that you are, in fact, the power of the cosmos, arising as pure intelligence and utter beauty"--silversnakepress.com.

Sex, God, and the Conservative Church - Tina Schermer Sellers  
2017-04-21

Sex, God, and the Conservative Church guides psychotherapy and sexology clinicians on how to treat clients who grew up in a conservative faith—mired in sexual shame and dysfunction—and who desire to both heal and hold on to their faith orientation. The author first walks clinicians and readers through a critique of Western culture and the conservative Christian Church, and their effects on intimate partnerships and sexual lives. The book provides clinicians a way to understand the faulty sexual ethic of the early church, while revealing the hidden mystical sex and body positive understanding of sexuality of the Hebrew people.

The book also includes chapters on strategies for a new sexual ethic, on clinical steps to heal religious sexual shame, and on specific sex therapy interventions clinicians can use directly in their

practice. Finally, it offers a four step model for healing religious sexual shame and actual touch and non-touch exercises to bring healing and intimacy into a person's life.
