Art Sex Music - Cosey Fanni Tutti 2017-04-04

A SUNDAY TIMES, TELEGRAPH, ROUGH TRADE, PITCHFORK AND UNCUT MUSIC BOOK OF THE YEAR SHORTLISTED FOR THE PENDERYNN MUSIC BOOK PRIZE Art Sex Music is the autobiography of a musician who, as a founding member of the avant-garde group Throbbing Gristle and electronic pioneers Chris & Cosey, has consistently challenged the boundaries of music over the past four decades. It is the account of an artist who, as part of COUM Transmissions, represented Britain at the IXth Biennale de Paris, whose Prostitution show at the ICA in 1976 caused the Conservative MP Nicholas Fairbairn to declare her, COUM and Throbbing Gristle 'Wreckers of Civilisation' . . . shortly before he was arrested for indecent exposure, and whose work continues to be held at the vanguard of contemporary art. And it is the story of her work as a pornographic model and striptease artiste which challenged assumptions about morality, erotica and art. Art Sex Music is the wise, shocking and elegant autobiography of Cosey Fanni Tutti.

Working Girl - Sophia Giovannitti 2023-05-30

The portrait of a young artist making both a living and a life As a young artist trying to make a living in New York without sacrificing all her time to paying rent, Sophia Giovannitti turned to sex work: first, telling herself it was part of her art, and then quickly accepting it as simply the way to make the most money in the shortest possible time. Weaving between the art world and the sex industry, she learned how much the two markets have in common: both built on the buying and selling of creativity and desire, authenticity and intimacy. The power of each lies in believing—or pretending—they can provide meaning outside of monetary exchange. In this searching and provocative work, moving from the author's own experiences to political analyses and the workings of the contemporary art world, Giovannitti asks how we might face the great dilemma of the art and sex industries head on: what happens to desire, beauty, creativity, and autonomy when everything is a transaction? Giovannitti finds a way to commit her life to art, to intimacy, and to freedom on her own terms.

Sex Objects - Jennifer Doyle 2006

The declaration that a work of art is "about sex" is often announced to the public as a scandal after which there is nothing else to say about the work or the artist—controversy concludes a conversation when instead it should begin a new one. Moving beyond debates about pornography and censorship, Jennifer Doyle shows us that sex in art is as diverse as sex in everyday life: exciting, ordinary, emotional, traumatic, embarrassing, funny, even profoundly boring. *Sex Objects* examines the reception and frequent misunderstanding of highly sexualized images, words, and performances. In chapters on the "boring parts" of *Moby-Dick*, the scandals that dogged the painter Thomas Eakins, the role of women in Andy Warhol's Factory films, "bad sex" and Tracey Emin's crudely evocative line drawings, and L.A. artist Vaginal Davis's pornographic parodies of Vanessa Beecroft's performances, *Sex Objects* challenges simplistic readings of sexualized art and instead investigates what such works can tell us about the nature of desire. In *Sex Objects*, Doyle offers a creative and original exploration of how and where art and sex connect, arguing that to proclaim a piece of art "about sex" reveals surprisingly little about the work, the artist, or the spectator. Deftly interweaving anecdotal and personal writing with critical, feminist, and queer theory, she reimagines the relationship between sex and art in order to better understand how the two meet—and why it matters. Jennifer Doyle is associate professor of English at the University of California, Riverside. She is coeditor, with Jonathan Flatley and Jos Esteban Muoz, of *Pop Out: Queer Warhol*.

The French Art of Sex Manners - Georges Valensin 1970**Radical Eroticism** - Rachel Middleman 2018-01-16

In the 1960s, the fascination with erotic art generated a wave of exhibitions and critical discussion on sexual freedom, visual pleasure, and the nude in contemporary art. Radical Eroticism examines the importance of women's contributions in fundamentally reconfiguring representations of sexuality across several areas of advanced art—performance, pop, postminimalism, and beyond. This study shows that erotic art made by women was integral to the profound changes that took place in American art during the sixties, from the crumbling of modernist aesthetics and the expanding field of art practice to the emergence of the feminist art movement. Artists Carolee Schneemann, Martha Edelheit, Marjorie Strider, Hannah Wilke, and Anita Steckel created works that exemplify these innovative approaches to the erotic, exploring female

sexual subjectivities and destabilizing assumptions about gender. Rachel Middleman reveals these artists' radical interventions in both aesthetic conventions and social norms.
