The Woman's Prize - John Fletcher 1966

The Woman's Prize, or The Tamer Tam'd was written by John Fletcher (1579-1625) as a radical sequel to William Shakespeare's *The Taming of the Shrew* (c.1590-1592). While Shakespeare's Katherina is subdued by her bullying husband Petruchio, Fletcher turns things on their head by letting women tame men. Fletcher's play is set in London after Katherina's death, and Petruchio is remarried to Maria. However, he still has nightmares that Katherina will haunt him as a ghost and he resolves to be even firmer with his new wife. But instead, Maria defeats him by denying him sex and locking him out of the bedroom

The Tamer Tamed - John Fletcher 2014-05-29

The Tamer Tamed is the subtitle or alternative title to John Fletcher's *The Woman's Prize*, a comedic sequel and reply to *The Taming of the Shrew*. The plot switches the gender roles of Shakespeare's play: the women seek to tame the men. Katherina (the "shrew" of the original) has died, and Petruchio takes a second wife, Maria. Maria denounces her former mildness and vows not to sleep with Petruchio until she "turn him and bend him as [she] list, and mold him into a babe again." After many comedic exchanges and plot twists, Petruchio is finally "tamed" in the eyes of Maria, and the play ends with the two reconciled. The play is seen to reflect how society's views of women, femininity, and "domestic propriety" were beginning to change. It is said that Fletcher wrote this play to attract Shakespeare's attention - the two went on to collaborate on at least three plays together. This brand new New Mermaid edition offers unique and fresh insight into the critical interpretation of the play. It builds on current critical foundations (the relationship with *Taming of the Shrew*, gender relations etc) and suggests different areas of interest (popular associations of the shrew, the question of reputation, and a re-examination of the play's structure). as well as examining stage history and recent productions.

The Works of Beaumont and Fletcher - Francis Beaumont 1811

Shakespeare and Feminist Performance - Sarah Werner 2001

In this controversial new book, Sarah Werner argues that the text of a Shakespeare play is only one of the many factors that give a performance its meaning.

The Tamer Tamed; Or, The Woman's Prize - John Fletcher 2006

This is the first edition for students and general readers of this pro-woman reply to Shakespeare's *The Taming of the Shrew* by a playwright (John Fletcher) who was more admired than Shakespeare in the seventeenth century. A unique and essential companion to the numerous textbook editions of Shakespeare's play, *The Tamer Tamed* provides exciting new material for current debates about the history of gender, marriage, and drama.

Shakespeare and the Twentieth Century - International Shakespeare Association. World Congress 1998

In close to fifty sessions, the congress theme - "Shakespeare and the Twentieth Century" - allowed for critical approaches from many directions: through twentieth-century theater history on almost every continent; through a range of media representations from film to databases; through the changing theoretical models of the period that extend to the latest politically inflected readings; and through appropriations of the play-texts by modern art forms such as recent fiction.

New Directions in Early Modern English Drama - Aidan Norrie

2020-07-06

This collection examines some of the people, places, and plays at the edge of early modern English drama. Recent scholarship has begun to think more critically about the edge, particularly in relation to the canon and canonicity. This book demonstrates that the people and concepts long seen as on the edge of early modern English drama made vital contributions both within the fictive worlds of early modern plays, and without, in the real worlds of playwrights, theaters, and audiences. The book engages with topics such as child actors, alterity, sexuality, foreignness, and locality to acknowledge and extend the rich sense of playmaking and all its ancillary activities that have emerged over the last decade. The essays by a global team of scholars bring to life people and practices that flourished on the edge, manifesting their importance to both early modern audiences, and to current readers and performers.

The Woman's Prize - John Fletcher 1640

A fair copy of John Fletcher's play in a scribal hand.

John Fletcher, The Woman's Prize Or The Tamer Tamed - John Fletcher 1966

The Taming of the Tamer, Or, The Tamer Tamed, Or, The Woman's Prize - Patrick Young 2009

"This classic 1611 sequel to Shakespeare's *Shrew* convinced the Bard to take Fletcher on as his partner and then his successor as chief writer for the King's Men. The widowed Petruchio has just taken Kate's cousin Maria as his second wife - but this time he gets his comeuppance! A brilliant proto-feminist comedy now fully accessible in streamlined acting version" -- Publisher's website.

The Tamer Tamed - John Fletcher 2014-05-29

The Tamer Tamed is the subtitle or alternative title to John Fletcher's *The Woman's Prize*, a comedic sequel and reply to *The Taming of the Shrew*. The plot switches the gender roles of Shakespeare's play: the women seek to tame the men. Katherina (the "shrew" of the original) has died, and Petruchio takes a second wife, Maria. Maria denounces her former mildness and vows not to sleep with Petruchio until she "turn him and bend him as [she] list, and mold him into a babe again." After many comedic exchanges and plot twists, Petruchio is finally "tamed" in the eyes of Maria, and the play ends with the two reconciled. The play is seen to reflect how society's views of women, femininity, and "domestic propriety" were beginning to change. It is said that Fletcher wrote this play to attract Shakespeare's attention - the two went on to collaborate on at least three plays together. This brand new New Mermaid edition offers unique and fresh insight into the critical interpretation of the play. It builds on current critical foundations (the relationship with *Taming of the Shrew*, gender relations etc) and suggests different areas of interest (popular associations of the shrew, the question of reputation, and a re-examination of the play's structure). as well as examining stage history and recent productions.

The Woman's Prize - John Fletcher 1966

The Woman's Prize, or the Tamer Tamed is a Jacobean comedy written by John Fletcher. It was first published in the first Beaumont and Fletcher folio of 1647, though it was written several decades earlier (Fletcher died in 1625). There is no doubt that the play is the work of Fletcher alone; his highly distinctive and characteristic pattern of linguistic preferences is continuous through the text.
