Vols. for 1980- issued in three parts: Series, Authors, and Titles.

Sexual Harassment in the Workplace - Margaret S. Stockdale 1996-03-12

"Simultaneously thorough and readable. This book is a must for anybody who needs to be up on the latest thinking on this complex and difficult topic." --Myra Strober, Stanford University
Sexual harassment is a problem with a long past, but a short history. About 15 years after journalists and scholars first began writing about it, sexual harassment has become a household word and a topic of concern for employers and employees, and despite very little research funding, there is now a fair amount of data on this topic. *Sexual Harassment in the Workplace* provides a comprehensive look at what we

Treating The Sexual Offender Suny Series Women And

know about sexual harassment.

Editor Margaret S. Stockdale and a multidisciplinary cast of contributing authors have produced a volume that is grounded in theory, research, and practice but is accessible to researchers, advanced students, and practitioners in multiple disciplines. The topic of sexual harassment is one that is extremely timely and relevant for today's students in women's studies, organizational studies, and sociology. *Sexual Harassment in the Workplace* deals with a variety of issues and aspects of sexual harassment that will certainly spark discussion and debate.

Ask a Manager - Alison Green
2018-05-01

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful

Treating The Sexual Offender Suny Series Women And Work

book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, Ask a Manager will help you successfully navigate the stormy seas of office life.

Sexual Assault in Canada -

Elizabeth A. Sheehy

2012-09-29

Sexual Assault in Canada is the first English-language book in almost two decades to assess the state of sexual assault law and legal practice in Canada. Gathering together feminist scholars, lawyers, activists and policy-makers, it presents a picture of the difficult issues

that Canadian women face when reporting and prosecuting sexual violence. The volume addresses many themes including the systematic undermining of women who have been sexually assaulted, the experiences of marginalized women, and the role of women's activism. It explores sexual assault in various contexts, including professional sports, the doctor-patient relationship, and residential schools. And it highlights the influence of certain players in the reporting and litigation of sexual violence, including health care providers, social workers, police, lawyers and judges. Sexual Assault in Canada provides both a multi-faceted assessment of the progress of feminist reforms to Canadian sexual assault law and practice, and articulates a myriad of new ideas, proposed changes to law, and inspired activist strategies. This book was created to celebrate the tenth anniversary of Jane Doe's remarkable legal victory against the Toronto police for

Treating The Sexual Offender Suny Series Women And

Work

sex discrimination in the profile of female offenders and the policing of rape and for negligence in failing to warn her of a serial rapist. The case made legal history and motivated a new generation of feminist activists. This book honours her pioneering work by reflecting on how law, legal practice and activism have evolved over the past decade and where feminist research and reform should lead in the years to come.

Resources in Education - 1997

Handbook on Women and Imprisonment - Tomris

Atabay 2014

This handbook aims to assist legislators, policymakers, prison managers, staff and non-governmental organizations in implementing international standards and norms related to the gender-specific needs of women prisoners, in particular the United Nations Rules for the Treatment of Women Offenders and Non-Custodial Measures for Women Offenders ('the Bangkok Rules'). It further aims to increase awareness about the

profile of female offenders and to suggest ways in which to reduce their unnecessary imprisonment, including by rationalizing legislation and criminal justice policies, and by providing a wide range of alternatives to prison at all stages of the criminal justice process. The handbook forms part of a series of tools developed by the United Nations Office on Drugs and Crime (UNODC) to support countries in implementing the rule of law and the development of criminal justice reform.

Victimology - Leah E. Daigle
2011-12-05

This book provides an overview of the field of victimology, with an overarching focus on the extent, causes, and responses to victimization.

Female Offenders - Ruth T. Zaplin 2008

The number of female offenders in the United States is skyrocketing. Our "tough on crime" approach puts a female offender behind bars, but doesn't consider the factors leading to her incarceration.

Treating The Sexual Offender Suny Series Women And

Work

Female Offenders: Critical Perspectives and Effective Interventions, Second Edition proposes an alternative, one that truly addresses the needs of female offenders and the root issues connected to their maladaptive behaviors, trauma histories, and mental health problems. By focusing on these root issues, this text prepares future correctional managers and supervisors to rehabilitate and empower female offenders to reenter society in a meaningful and productive way. The Second Edition includes chapters written by experts in the field that discuss the diversity of issues facing female offenders in our culture from a variety of perspectives. Grounded in the relevant research and literature, this book blends theory with practice by presenting theories on the rehabilitation of female offenders alongside program models and effective strategies for reentry into society.

The Female Offender - Meda Chesney-Lind 2004
Scholarship in criminology over the last few decades has often

left little room for research and theory on how female offenders are perceived and handled in the criminal justice system. In truth, one out of every four juveniles arrested is female and the population of women in prison has tripled in the past decade. Co-authored by Meda Chesney-Lind, one of the pioneers in the development of the feminist theoretical perspective in criminology, the subject matter of *The Female Offender: Girls, Women and Crime, Second Edition* redresses the balance by providing critical insight into these issues. Bringing much-needed attention to the state of these often "invisible" wrongdoers, *The Female Offender* enlightens and intrigues readers including academics, researchers, and students in the areas of criminology, criminal justice, sociology, and women's studies. Likewise, anyone seeking cutting-edge information about a growing offender population will want to read this book.
